

Station 6: Environmental Considerations

- Environmental Constraints Map
- Environmental Considerations Board
- Environmental Review Process Timeline

Please note: This is not an exhibit board, just a guide as to what will be located at each station.

Legend

Recommended Preferred Alternative	Stream	Park	Water Utility	Community Center
Project Study Area	100-year Floodplain	Landfill	Place of Worship	
Pipeline	National Wetland Inventory	School	Telecommunications Center	
Proposed Transmission Line	Fort Bliss Military Reservation	Fire Station	Gas Utility	
Bikeway	New Construction	Police Station	Museum	

Northeast Parkway

From Loop 375 (1.8 miles east of Railroad Drive Overpass) to Martin Luther King, Jr. Boulevard/FM 3255 (south of Texas/New Mexico State Line)

CSJ Number: 0924-06-136

Constraints Map

Sources: TNIRIS, ESRI, US Census Bureau, Geosearch, FEMA, NHD, and JACOBS (2016)

Environmental Impacts

Criteria	Build	No-Build
Proposed ROW (acres)	565 acres	0.0
Potential Displacements (#)	0	0
Waters of the U.S. including Wetlands (#/acres)	0/0.0	0/0.0
100-Year Floodplain (acres)	Approximately 35 acres	0.0
Habitat for Federal or State-listed Threatened Species (Yes/No)	Yes 1 State-listed Species 3 Species of Greatest Conservations Need Appropriate best management practices would be applied	No
Archeological Resources (Yes/No)	Yes 4 potential sites	No
Historic Resources (Yes/No)	N/A Impacts to historic resources are still being evaluated at this time	No
Noise Impacts (Yes/No)	No	No
Air Quality Impacts (Yes/No)	N/A Impacts to air quality are still being evaluated at this time	No

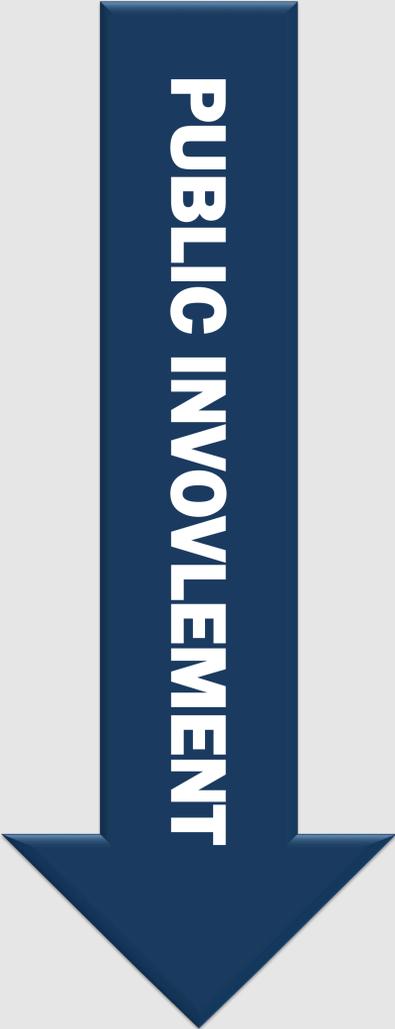

Environmental Review Process Timeline

WE ARE
HERE

PUBLIC INVOLVEMENT

- **Continue development of the Draft Environmental Assessment (EA)**
- **Hold Public Hearing to present findings from the EA (anticipated early 2019)**
- **Finalize Environmental Assessment**
- **Approval of the EA anticipated mid-2019**
