

# Documentation of Public Meeting

## **Project Location**

Tarrant County

Interstate Highway 20 (I-20) Westbound Entrance Ramp West of Campus Drive Relocation

CSJ: 0008-13-234

## **Project Limits**

From Fort Worth & Western Railroad (FWWR) to Campus Drive

## **Meeting Location**

Worth Baptist Church, 4900 Campus Drive, Fort Worth, Texas 76119

## **Meeting Date and Time**

Tuesday, May 28, 2019 at 6:00 p.m. to 8:00 p.m.

## **Translation Services**

Spanish

## **Presenters**

Open House Format, No Presenters

## **Elected Officials in Attendance**

Nicole Collier (Represented by Lorri Kennedy), Texas State House District 95

## **Total Number of Attendees (approx.)**

27

## **Total Number of Commenters**

11

Commenter Number	Commenter Name	Date Received	Source	Comment Topic	Response
1	Sheryl Smith, Representing the Department of Veterans Affairs Fort Worth Outpatient Clinic	5/28/19	Verbal	Will any driveways along the westbound frontage road be closed?	Driveways along the westbound frontage road would not be permanently closed. It is planned to keep existing driveway access open during and after construction. TxDOT will continue to coordinate as needed with the Department of Veterans Affairs.
				Will the second driveway be closed?	The second driveway would not be closed during or after construction.
				Is there adequate room from the driveway to accelerate onto the entrance ramp?	Yes, there is adequate room from the driveway to accelerate onto the entrance ramp. Acceleration length from the driveway to the theoretical gore is about 200 feet, which is good for achieving 30 mph. The rest of the acceleration can be achieved through the length of the ramp.
1	Sheryl Smith, Representing the Department of Veterans Affairs Fort Worth Outpatient Clinic	5/28/19	Comment Form	The proposed changes are preferred by the VA. We believe these changes would benefit our patients.	Thank you for your comment.
2	Earl Sides	5/28/19	Verbal	There are many vehicles going at highway speeds on the westbound frontage road, which makes it difficult for motorists to enter the frontage road and safely weave to access the westbound I-20 entrance ramp. How will TxDOT address the speeding vehicle issue?	Police enforcement for speeding is under local jurisdiction. TxDOT will pass your concerns to the City of Fort Worth. TxDOT will install posted speed signs along the frontage road.
3	Claire Harvey	5/28/19	Comment Form	This looks safer than the current alignment of the entrance ramp. I very much like this new entrance ramp as shown.	Thank you for your comment.
4	William Harvey	5/28/19	Comment Form	This will be safer than it is currently. Definitely like that.	Thank you for your comment.

Commenter Number	Commenter Name	Date Received	Source	Comment Topic	Response
5	Phil Dupler, Representing Trinity Metro	5/28/19	Verbal	Concerned about bus operations and the I-20 off ramp crossing in front of the eastbound frontage road.	<p>The design has been revised to provide additional length for merging operations. The striping of the gore (the triangular piece of land created between the highway mainline and a ramp that merges into or diverges from the mainline) has been moved 142 feet west to decrease conflict in this area. Other design options include warning signs (on frontage road and ramp) and curb at gore. Delineators and striping as design options will be evaluated in final design and construction.</p> <p>TxDOT representatives had planned to meet with Trinity Metro August 3, 2019 to address any additional questions or concerns, but Mr. Dupler was not able to attend. Through an email exchange, Mr. Dupler did provide that he was fine with the proposed design. The email exchange is included in the Summary and Analysis documentation shown in Section D.</p>
5	Phil Dupler, Representing Trinity Metro	5/28/19	Comment Form	Concern that channeling in front of Tandy Leather may be dangerous as people turn sharply across one lane of traffic. Bus route #3 passes this way once every 30 minutes and may encounter people turning in front of it.	<p>The design has been revised to provide additional length for merging operations. The intersection of where the striping of gore (the triangular piece of land created between the highway mainline and a ramp that merges into or diverges from the mainline) is located has been shifted to the west by 142 feet to decrease conflict in this area. Other design options include warning signs (on frontage road and ramp) and curb at gore. Delineators and striping as design options will be evaluated in final design and construction.</p> <p>TxDOT representatives had planned to meet with Trinity Metro August 3, 2019 to address any additional questions or concerns, but Mr. Dupler was not able to attend. Through an email exchange, Mr. Dupler did provide that he was fine with the proposed</p>

					design. The email exchange is included in the Summary and Analysis documentation shown in Section D.
6	Andrew Shaver, Representing TCCD	5/28/19	Comment Form	Will work to help traffic flow leaving south campus (TCCD) going westbound.	Thank you for your comment.
7	La-Shanda Davis, Representing Glencrest Civic League	5/28/19	Comment Form	How were the public informed regarding a Public Meeting I-20 Westbound Entrance Ramp West of Campus Drive Relocation?	<p>The public meeting notice was published on <a href="https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html">https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html</a> on May 3, 2019, via a City of Fort Worth email blast on May 9, 2019, in La Estrella on May 9, 2019, and in the Star Telegram on May 12, 2019.</p> <p>On June 3, 2019 and June 5, 2019, Shawna Russell, the TxDOT Public Involvement Officer, called Ms. La-Shanda Davis with the Glencrest Civic League in an attempt to reach out to her and offer additional information and materials regarding this project. Ms. Russell also referenced in the voice mail that TxDOT would be willing to come and present information about this project to the organization, and offered written materials for any publications the Glencrest Civic League would be distributing. Ms. Russell offered her email address and phone number in the message. The emails showing when Ms. Russell attempted to contact Ms. Davis have been added in the Summary and Analysis documentation in Section D.</p>

Commenter Number	Commenter Name	Date Received	Source	Comment Topic	Response
				What additional information the public will be informed regarding this change?	There would be no additional public meetings planned for this project; however, the project location map, fact sheet, and schematic are available to download at <a href="https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html">https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html</a> . Any future requests for public involvement can be made to Tamanna Ali, P.E. via phone (817) 370-3570 or e-mail: <a href="mailto:tamanna.ali@txdot.gov">tamanna.ali@txdot.gov</a> .
				How can the public know when changes are being made with Texas Department of Transportation?	Information regarding proposed and on-going TxDOT projects can be obtained at <a href="http://apps.dot.state.tx.us/apps-cq/project_tracker/">http://apps.dot.state.tx.us/apps-cq/project_tracker/</a> .
8	No Name Provided	5/28/19	Verbal	The weaving distance to access the westbound mainlanes between the westbound entrance ramp and westbound exit ramp is short.	The weaving distance between the entrance and exit ramps has been evaluated and meets TxDOT design criteria. An auxiliary lane is being provided to balance the traffic load and maintain a more uniform level of service on I-20. Traffic analysis for forecast year 2040 has been performed to ensure there would be no significant adverse effects to operations on the mainlanes.
9	Gary Havener	5/29/19	Email	I'm sorry that I could not attend the Open House yesterday evening. We own the contiguous property east of the Department of Veterans Affairs – Fort Worth Outpatient Clinic. 1. Do you have an overall drawing of the project you can share? 2. Has a work schedule been established?	The project schematic is available for download at <a href="https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html">https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/0528190.html</a> and <a href="http://apps.dot.state.tx.us/apps-cq/project_tracker/">http://apps.dot.state.tx.us/apps-cq/project_tracker/</a> . Design is expected to be completed in the Spring of 2020, utility coordination is anticipated to be completed in the Summer of 2020, construction would begin in the Fall of 2020, and would be complete in the Spring of 2021.

Commenter Number	Commenter Name	Date Received	Source	Comment Topic	Response
10	Michelle Davis-Mohammed, Representing Peter Grant Jordan, Tarrant County College District	5/20/19	Email	<p>Per Dr. Jordan's concern below, was this situation taken into consideration during the consultant's study of Txdot's plan for this construction project? Please advise if additional precaution or action can be used for preventing accidents based on the current proposal?</p> <p>Please note that my concern is not about disruption of South Campus activity or traffic. Instead, I'm concerned that moving the on ramp 2,000 feet may tend to create hazardous conditions for traffic moving from the on ramp quickly to the left lane to avoid being forced on to Oak Grove or the I-35W mix-master.</p>	<p>The weaving distance between the entrance and exit ramps has been evaluated and meets TxDOT design criteria. An auxiliary lane is being provided to balance the traffic load and maintain a more uniform level of service on I-20. Traffic analysis for forecast year 2040 has been performed to ensure there would be no significant adverse effects to operations on the mainlanes. A safety analysis would be prepared through the Interstate Access Justification request for the project.</p> <p>The proposed ramp relocation would improve safety conditions by removing the incentive for drivers to cross the median between the IH 20 westbound mainlanes and frontage road in order to quickly access the mainlanes from the VA Hospital. Please note that the ramp is proposed to be relocated approximately 1,250 feet, not 2,000 feet.</p>
		7/29/19	Email	<p>Can you advise on the responses regarding public meeting comments including Dr. Jordan's emailed concerns for the above subject? I promised Dr. Jordan and others that I would keep them posted on the progress. My apologies if this information was forwarded already to Dr. Jordan in a prior and/ or separate email.</p>	<p>TxDOT responded by email on July 29, 2019 with the following: "We appreciate Dr. Jordan's comments and are in the process of posting the responses to all public meeting comments. I will let you know when they are posted and provide you with the information/link. I expect this will be within a week or so."</p>
11	Lorri Kennedy, Representing Representative Nicole Collier	6/17/19	Comment Form	<p>Please send me a PDF file of this map to: Lorri.Kennedy@house.texas.gov.</p>	<p>Please note that TxDOT's Project Manager, Tamanna Ali, P.E., responded via email with the information below on June 24, 2019.</p>

<b>Document</b>	<b>Pages</b>
Public Meeting Notice & Venue Map	2
Public Meeting Notice Postcard	2
Mailing List	3
Newspaper Notices and Affidavits	5
TxDOT Website Notices	2

**NOTICE OF PUBLIC MEETING**  
**Interstate Highway 20 (I-20) Westbound Entrance Ramp**  
**West of Campus Drive Relocation**  
**CSJ: 0008-13-234**  
**Tarrant County, Texas**

The Texas Department of Transportation (TxDOT) is proposing to replace the existing westbound entrance ramp west of Campus Drive along I-20 and relocate it approximately 1,250 feet to the west of its current location in the City of Fort Worth, Tarrant County, Texas. The limits of the proposed improvements include Fort Worth & Western Railroad (FWWR) to Campus Drive. The total length is approximately 0.8 miles. The purpose of the meeting is to present the ramp design, and receive public comments on the proposed project. The public meeting will be an open house format with no formal presentation. It will be held on:

**Tuesday, May 28, 2019**  
**6 p.m. – 8 p.m.**  
**Worth Baptist Church**  
**4900 Campus Drive**  
**Fort Worth, Texas 76119**

The goal of the project is to facilitate access to westbound I-20 from the Department of Veterans Affairs – Fort Worth Outpatient Clinic without impacting traffic upstream and downstream of the ramp. The existing right of way (ROW) width of westbound I-20 and the frontage road is 175 feet. No additional ROW would be required for the proposed project. It would not result in any residential or non-residential displacements.

Maps and drawings reflecting the proposed project will be displayed at the public meeting. The meeting will be an open house format allowing interested stakeholders to come and go at their convenience. Any maps showing the project location and design and other information regarding the project are on file and available for inspection Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. at the TxDOT Fort Worth District Office, 2501 SW Loop 820, Fort Worth, Texas 76133.

Verbal and written comments regarding the proposed project may be presented at the public meeting. Written comments may also be submitted on or before, June 12, 2019, to the TxDOT Fort Worth District Office, (Attention: Nicholas V. Spencer, P.E., 2501 SW Loop 820, Fort Worth, TX 76133); to be included in the public meeting record. For additional information please contact Nicholas V. Spencer, P.E. via phone (817) 370-6570 or e-mail: [nicholas.spencer@txdot.gov](mailto:nicholas.spencer@txdot.gov).

All interested persons are invited to attend this public meeting. Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact Tanya Fitzgerald at (817) 370-6610 at least five (5) work days prior to the public meeting. Requests for language interpreters or other special communication needs should also be made at least five (5) work days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by the Federal Highway Administration and TxDOT.

# I-20 Westbound Entrance Ramp West of Campus Drive Relocation

# Public Meeting

Tuesday, May 28  
6 p.m. to 8 p.m.

Worth Baptist Church  
4900 Campus Drive  
Fort Worth, TX 76119

 Parking Available

From I-20 Westbound: Take Exit 439 to Campus Dr. and, turn right at the Campus Dr. intersection. Continue northbound along Campus Dr., and turn left at Raymond Barber Dr. Turn right into the church parking lot, and follow signage for a TxDOT Public Meeting.

From I-20 Eastbound: Take Exit 439 to Campus Dr. and then turn left onto Campus Dr. Continue northbound along Campus Dr., and turn left at Raymond Barber Dr. Turn right into the church parking lot, and follow signage for a TxDOT Public Meeting.

# You're Invited! ¡Estás invitado(a)!

OPEN HOUSE PUBLIC MEETING

REUNIÓN PÚBLICA DE PUERTAS ABIERTAS

## I-20 Westbound Entrance Ramp West of Campus Drive Relocation

Tuesday

May 28, 2019

Worth Baptist Church  
4900 Campus Dr.  
Fort Worth, TX 76119  
6-8 p.m.

Martes

19 de mayo de 2019  
Worth Baptist Church  
4900 Campus Drive  
Fort Worth, TX 76119  
6-8 p.m.

The Texas Department of Transportation (TxDOT) invites you to attend an open house to provide your input on a proposed project to replace and relocate the existing westbound entrance ramp west of Campus Drive along I-20. The ramp will be relocated approximately 1,250 feet to the west of its current location. You will be able to view layouts showing the proposed project, and TxDOT personnel will be available to answer any questions. There will be no formal presentations at this time. For additional information about the public meeting, please go to [www.txdot.gov](http://www.txdot.gov) and enter "I-20 at Campus Drive" in the search bar on the top right of the page.

Verbal and written comments regarding the proposed project may be presented at the public meeting. Written comments may also be submitted on or before, June 12, 2019, to the TxDOT Fort Worth District Office (Attention: Nicholas V. Spencer, P.E., 2501 SW Loop 820, Fort Worth, TX 76133), to be included in the public meeting record. For additional information, please contact Nicholas V. Spencer, P.E. via phone (817) 370-6570 or e-mail: [nicholas.spencer@txdot.gov](mailto:nicholas.spencer@txdot.gov)

El Departamento de Transporte de Texas (TxDOT) lo invita a asistir a una jornada de puertas abiertas para proveer su opinión con respecto al proyecto propuesto para reemplazar y reubicar la rampa de entrada existente hacia el I-20; ubicada al oeste de Campus Drive en dirección oeste. La rampa se reubicara a aproximadamente 1,250 pies hacia el oeste de su ubicación actual. Podrá ver esquemas que muestran el proyecto propuesto, y el personal de TxDOT estará disponible para responder cualquier pregunta. No habrá una presentación formal en este momento. Para obtener información adicional sobre la reunión pública, por favor visite [www.txdot.gov](http://www.txdot.gov) e ingrese "I-20 at Campus Drive" en la barra de búsqueda en la parte superior derecha de la página.

Los comentarios verbales y escritos relativos al proyecto propuesto pueden presentarse en la reunión pública. Los comentarios por escrito también pueden ser enviados hasta el 12 junio de 2019, a la oficina del Distrito de TxDOT en Fort Worth [TxDOT Fort Worth District Office], (Atención: Nicholas V. Spencer, P.E., 2501 SW Loop 820, Fort Worth, TX 76133); para ser incluido en el registro de la reunión pública. Para más información, por favor contactar a Nicholas Spencer, por teléfono (817) 370-6570 o por correo electrónico: [nicholas.spencer@txdot.gov](mailto:nicholas.spencer@txdot.gov).

*The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.*

*La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto están siendo o han sido, llevadas a cabo por TxDOT - en virtud de 23 U.S.C 327 y un Memorando de Entendimiento fechado el 16 de diciembre del 2014, y ejecutado por la FHWA y TxDOT.*

2501 SW Loop 820  
Fort Worth, TX 76133

**PUBLIC MEETING FOR  
I-20 Westbound Entrance Ramp  
West of Campus Drive Relocation**

Persons interested in attending the Public Meeting who have special communication and/or accommodation needs are encouraged to contact Nicholas V. Spencer at (817) 370-6570 and/or Tanya Fitzgerald at (817) 370-6610 at least five (5) work days prior to the Public Meeting.

**REUNIÓN PÚBLICA PARA  
Reubicación de Rampa de Entrada al  
I-20 al Oeste de Campus Drive**

Las personas interesadas en asistir a la reunión pública que tienen necesidades especiales de comunicación y / o acomodación se les exhorta contactar a Nicholas V. Spencer al (817) 370-6570 y / o Tanya Fitzgerald al (817) 370-6610 por lo menos cinco (5) días laborales antes de la reunión pública.

In this photo released by the Syrian official news agency SANA, Syrian army soldiers flash the victory sign as they stand on their tank in the village of Kfar Nabuda in the countryside of the Hama province on Saturday.

# Syrian troops expand offensive despite calls for calm

Associated Press

**BEIRUT**  
Syrian government forces expanded their ground offensive in northwestern Syria, pushing Saturday into the last rebel stronghold and regaining control of a number of villages along its southern corner, activists and media said, despite calls for honoring a cease-fire put in place in September.

The pro-government Military Media Center said that troops battled insurgent led by an al-Qaida-linked militant group out of Midan Ghazal village, which falls inside Idlib province. The government ground offensive

has so far focused on areas at the southern edge of the rebel stronghold, in the Ghab plains and Hama province.

The Britain-based Syrian Observatory for Human Rights confirmed troops gained new ground, but said all were in Hama province.

The Observatory said government forces are now in control of nine villages forming an L shape at the far southern corner of the rebel stronghold. The villages include the strategic village of Kfar Nabuda and the elevated Qalaat Madiq, giving the government troops advantage over the insurgents.

The insurgents launched a failed counter-

offensive Friday, aiming to regain control of Kfar Nabudah. On Saturday, Al-Ikhbariya state TV broadcast from inside Kfar Nabudah to confirm the government forces have it under control.

An unnamed Syrian army officer told the station the insurgents' counteroffensive included car bombs and suicide attacks.

Al-Qaida-linked Hayat Tahrir al-Sham said it continued to launch missiles at the village and was fighting government troops elsewhere. Airstrikes on villages and towns inside Idlib continued.

Fighting in the area, which began on April 30, has been the worst breach

of a September cease-fire brokered by Russia and Turkey.

Members of the U.N. Security Council urged a return to calm.

"We urge all parties to uphold international humanitarian law and protect civilian," a statement by 11 members of the council said. Russia, China, South Africa and Indonesia didn't support the statement.

Over 150,000 people have been displaced by the latest wave of violence inside the enclave, which is home to 3 million people and spans most of Idlib province and part of Hama in the country's northwest corner. The World Food Program said the fighting forced it to suspend aid distribution to over 47,000 people.

# Albanian opposition clashes with police at anti-govt rally

BY LLAZAR SEMINI  
Associated Press

TIRANA, ALBANIA

Thousands of supporters of the Albania's center-right opposition protested in Tirana on Saturday, calling for the left-wing government to resign and for an early parliamentary election. The protesters clashed with police at several points and reporters saw some people injured.

The protest began in front of the main government building at Tirana's Martyrs of the Nation Boulevard. Flares, fire-crackers, Molotov cocktails and other projectiles were thrown. Police used tear gas when a group of protesters broke the police cordon and headed for the building's entrance.

After two hours, opposition leaders led the protesters, in smaller numbers, to the parliament building, where they continued to throw Molotov cocktails and fire-crackers. Police responded with tear gas and water cannons, quickly clearing the main entrance area.

Ambulances were seen taking injured protesters away but there was no immediate information on numbers of casualties.

Riot gear-clad policemen and four water cannon trucks pushed protesters away from the street in front of the parliament building. Small groups of protesters continued to stay nearby.

The opposition Democrats' leader, Lulzim Basha, led protesters to the Tirana police department asking for the release of a senior party leader taken earlier.

President Ilir Meta called on protesters "to

avoid acts of violence and confrontation."

Interior Minister Sander Lleshaj wrote on Twitter that "democracy is not built with Molotovs, which aim at destroying Albania. But that is impossible!"

The opposition accuses Prime Minister Edi Rama's Cabinet of being corrupt and linked to organized crime, which the government denies.

Basha called on his supporters to continue the protest until Rama resigns and a transitional cabinet is formed to take the country to an early election.

"We are determined there will be ... no election with Edi Rama," Basha said.

Rama tweeted that he considered the protest violence as "sadness" adding that "Albania is damaged."

The protest continued into the evening with no clear end in sight.

The U.S. Embassy in Tirana condemned protesters' violence, calling for it to stop.

"Protest leaders have a responsibility to encourage calm. We call on all parties to show restraint," a statement said.

Opposition lawmakers relinquished their seats in parliament in protest, though many have now been filled by other opposition candidates. The governing Socialists have 74 seats in the 140-seat parliament. In June, Albania expects an answer from the European Union on whether full membership negotiations will be launched, and also holds municipal elections.

The protest is the fourth national demonstration since mid-February. Regular, smaller ones are held weekly across the country.

# 2 men charged with rioting in Northern Ireland

Associated Press

**LONDON**  
Two men appeared in court charged with rioting in Londonderry, Northern Ireland, on the night journalist Lyra McKee was shot and killed.

Prosecutors allege Paul

McIntyre and Christopher Gillen are connected to the dissident paramilitary group the New IRA. The group, which opposes Northern Ireland's peace process, says its members killed the 29-year-old McKee by accident while firing at police on April 18. McIntyre and Gillen

were charged with riot, petrol bomb offenses and the arson and hijacking of vehicles. Both men, who were arrested Thursday under terrorism legislation, were refused bail Saturday.

Police said they were concerned the suspects might attempt to intimidate witnesses or leave the country if they received bail.

The killing of McKee caused widespread shock and sparked a major police investigation.

**NOTICE OF PUBLIC MEETING**  
**Interstate Highway 20 (I-20) Westbound Entrance Ramp**  
**West of Campus Drive Relocation**  
**CSJ: 0008-13-234**  
**Tarrant County, Texas**

The Texas Department of Transportation (TxDOT) is proposing to replace the existing westbound entrance ramp west of Campus Drive along I-20 and relocate it approximately 1,250 feet to the west of its current location in the City of Fort Worth, Tarrant County, Texas. The limits of the proposed improvements include Fort Worth & Western Railroad (FWWR) to Campus Drive. The total length is approximately 0.8 miles. The purpose of the meeting is to present the ramp design, and receive public comments on the proposed project. The public meeting will be an open house format with no formal presentation. It will be held on:

**Tuesday, May 28, 2019**  
**6 p.m. – 8 p.m.**  
**Worth Baptist Church**  
**4900 Campus Drive**  
**Fort Worth, Texas 76119**

The goal of the project is to facilitate access to westbound I-20 from the Department of Veterans Affairs – Fort Worth Outpatient Clinic without impacting traffic upstream and downstream of the ramp. The existing right of way (ROW) width of westbound I-20 and the frontage road is 175 feet. No additional ROW would be required for the proposed project. It would not result in any residential or non-residential displacements.

Maps and drawings reflecting the proposed project will be displayed at the public meeting. The meeting will be an open house format allowing interested stakeholders to come and go at their convenience. Any maps showing the project location and design and other information regarding the project are on file and available for inspection Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. at the TxDOT Fort Worth District Office, 2501 SW Loop 820, Fort Worth, Texas 76133.

Verbal and written comments regarding the proposed project may be presented at the public meeting. Written comments may also be submitted on or before, June 12, 2019, to the TxDOT Fort Worth District Office, (Attention: Nicholas V. Spencer, P.E., 2501 SW Loop 820, Fort Worth, TX 76133); to be included in the public meeting record. For additional information please contact Nicholas V. Spencer, P.E. via phone (817) 370-6570 or e-mail: [nicholas.spencer@txdot.gov](mailto:nicholas.spencer@txdot.gov).

All interested persons are invited to attend this public meeting. Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact Tanya Fitzgerald at (817) 370-6610 at least five (5) work days prior to the public meeting. Requests for language interpreters or other special communication needs should also be made at least five (5) work days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by the Federal Highway Administration and TxDOT.

**AVISO DE REUNION PÚBLICA**  
**Reubicación de Rampa de entrada hacia la**  
**Carretera interestatal 20 (I-20) en dirección oeste**  
**Ubicada al oeste de Campus Drive**  
**CSJ: 0008-13-234**  
**Condado de Tarrant, Texas**

El Departamento de Transporte de Texas (TxDOT) está proponiendo reemplazar la rampa de entrada al oeste de Campus Drive a lo largo de la I-20 en dirección oeste y reubicarla aproximadamente 1,250 pies al oeste de su ubicación actual en la Ciudad de Fort Worth, Condado de Tarrant, Texas. Los límites de las mejoras propuestas incluyen Fort Worth & Western Railroad (FWWR) hasta Campus Drive. La longitud total es de aproximadamente 0,8 millas. El propósito de la reunión es presentar el diseño de la rampa y recibir comentarios públicos sobre el proyecto propuesto. La reunión pública tendrá un formato de casa abierta, sin una presentación formal. Se llevará a cabo en:

**Martes 28 de mayo de 2019**  
**6 p.m. - 8 p.m.**  
**Worth Baptist Church**  
**4900 Campus Drive**  
**Fort Worth, Texas 76119**

El objetivo del proyecto es facilitar el acceso a la I-20 en dirección oeste desde el Departamento de Asuntos de Veteranos - Clínica para pacientes ambulatorios de Fort Worth sin afectar el tráfico previo y posterior a la rampa. El ancho existente de la servidumbre de paso (ROW) de la I-20 en dirección oeste y la carretera de servicio es de 175 pies. No se requeriría ROW adicional para el proyecto propuesto. No resultará en ningún desplazamiento residencial o no residencial.

Mapas y dibujos representando el proyecto propuesto se mostrarán en la reunión pública. La reunión tendrá un formato abierto que permitirá a los interesados ir y venir a su conveniencia. Todos los mapas que muestren la ubicación y el diseño del proyecto y otra información relacionada con el proyecto están archivados y disponibles para inspección de lunes a viernes entre las 8:00 a.m. y las 5:00 p.m. en la oficina del distrito de TxDOT en Fort Worth, 2501 SW Loop 820, Fort Worth, Texas 76133.

Los comentarios verbales y escritos relativos al proyecto propuesto pueden presentarse en la reunión pública. Los comentarios por escrito también pueden enviarse el 12 de junio de 2019 o antes a la Oficina del Distrito de TxDOT en Fort Worth, Atención: Nicholas Spencer, P.E., 2501 SW Loop 820, Fort Worth, TX 76133, y se incluirán en el registro de la reunión pública. Para obtener información adicional, póngase en contacto con Nicholas Spencer, P.E. Por teléfono (817) 370-6570 o por correo electrónico: [Nicholas.Spencer@txdot.gov](mailto:Nicholas.Spencer@txdot.gov).

Todas las personas interesadas están invitadas a asistir a esta reunión pública. Las personas interesadas en asistir a la reunión pública que tienen necesidades especiales de comunicación o acomodación se les exhorta a comunicarse con Tanya Fitzgerald al (817) 370-6610 al menos cinco (5) días hábiles antes de la reunión pública. Las solicitudes de intérpretes de idiomas u otras necesidades especiales de comunicación también deben realizarse al menos cinco (5) días hábiles antes de la reunión pública. TxDOT hará todos los esfuerzos razonables para satisfacer estas necesidades.

La revisión ambiental, la consulta y otras acciones requeridas por las leyes Federales de medio ambiente aplicables para este proyecto están siendo o han sido llevadas a cabo por TxDOT de conformidad con 23 U.S.C. 327 y un Memorando de Entendimiento con fecha del 16 de diciembre de 2014 y ejecutado por la FHWA y TxDOT.

Contact Us

**Where:** Worth Baptist Church  
 4900 Campus Dr.  
 Fort Worth, TX 76119 (Map)

**When:** Tuesday, May 28, 2019  
 6 - 8 p.m.

**Purpose:** TxDOT is proposing to replace the existing westbound entrance ramp west of Campus Drive along I-20 and relocate it approximately 1,250 feet to the west of its current location in the City of Fort Worth, Tarrant County, Texas. The limits of the proposed improvements include Fort Worth & Western Railroad (FWWR) to Campus Drive. The total length is approximately 0.8 miles. The purpose of the meeting is to present the ramp design and receive public comments on the proposed project. The public meeting will be an open house format with no formal presentation. Written comments must be submitted on or before June 12, 2019, to part of the official record.

**Description:** The goal of the project is to facilitate access to westbound I-20 from the Department of Veterans Affairs – Fort Worth Outpatient Clinic without impacting traffic upstream and downstream of the ramp. The existing right of way (ROW) width of westbound I-20 and the frontage road is 175 feet. No additional ROW would be required for the proposed project. It would not result in any residential or non-residential displacements.

**Special Accommodation:** TxDOT makes every reasonable effort to accommodate the needs of the public. The open house will be in English. If you have a special communication accommodation or need for an interpreter, a request can be made. If you have a disability and need assistance, special arrangements can also be made to accommodate most needs. Please call (817) 370-6610 at least five working days prior to the meeting. Please be aware that advance notice is requested as some accommodations may require time to arrange.

**Memorandum of Understanding:** The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

Concern that channelling in front of Tandy Leather may be dangerous as people turn sharply across one lane of traffic. Bus route #3 passes this way once every 30 minutes and may encounter people turning in front of it.

I'm sorry that I could not attend the Open House yesterday evening. We own the contiguous property east of the Department of Veterans Affairs – Fort Worth Outpatient Clinic.

1. Do you have an overall drawing of the project you can share?
2. Has a work schedule been established?

Hello Michelle:

We appreciate Dr. Jordan's comments and are in the process of posting the responses to all public meeting comments. I will let you know when they are posted and provide you with the information/link. I expect this will be within a week or so.

Thanks,

Good morning Mr. Spencer and hope all is well since we last spoke!

Can you advise on the responses regarding public meeting comments including Dr. Jordan's emailed concerns for the above subject. I promised Dr. Jordan and others that I would keep them posted on the progress. My apologies if this information was forwarded already to Dr. Jordan in a prior and/or separate email.

Thanking you in advance for your assistance in this matter.

Michelle:

Per our conversation on the phone just now, we are in the process of providing responses to all public meeting comments and will release once finalized. My estimation is sometime in mid to late July.

Thanks,

Michelle,

Please see the email thread below from Nicholas Spencer, re: moving the I-20 westbound entrance ramp from campus drive. Please note that my concern is not about disruption of South Campus activity or traffic. Instead, I'm concerned that moving the on ramp 2,000 feet may tend to create hazardous conditions for traffic moving from the on ramp quickly to the left lane to avoid being forced on to Oak Grove or the I-35W mix-master.

Pete

Hello Michelle:

Per our conversation this past Thursday May 16th, the below what our consultant is proposing to do. In addition, I'm also releasing our consultant's attached preliminary layout for your use only. As a disclaimer, this information is released for information purpose only and not to be used for bidding or construction purposes. This layout will also be available at the Public Meeting next week.

Please note that these improvements will not disrupt the normal operations there at the South Campus. The letting of the projects is scheduled for January 2020 with construction starting in late March and ending in early Spring 2021.

For reference, I'm also an adjunct professor there at the South Campus under the Building & Construction program under James Howard.

Thanks,

Subject: RE: I-20 @ Campus Drive Electronic English Version

Hi Nick,

On June 3, 2019 and June 5, 2019, I called Ms. La-Shanda Davis with the Glencrest Civic League in an attempt to reach out to her and offer additional information and materials regarding this project. I also referenced in the voice mail that we would be willing to come and present information about this project to the organization, and offered written materials for any publications the Glencrest Civic League would be distributing. I offered my email address and phone number in the message. I did not receive any response back from Ms. Davis.

Phil,

Sorry you couldn't make it to the meeting, we also left you a message over the phone. In the meeting we wanted to show you the revisions we made on the schematic based on the comments you made in the public meeting that was held on 5/28/19. I am attaching the revised striping for the EBFR on the IH 20. And also please see attached public meeting documentation, I highlighted your comments and our responses to your comments. Please let us know if it satisfy your concern. If you still want we can reschedule the meeting. Please let us know if you have any questions.

I'm sorry. I didn't realize you wanted to meet just with me. I thought it was a general meeting invite to everyone who might have a stake in the project so I didn't think you'd miss me. I should have opened the invite list to see it was a small group. I'm going on vacation and trying to finish a whole bunch of things before I leave today. Can we reschedule for the week of the 19<sup>th</sup>?

# I-20 WESTBOUND ENTRANCE RAMP WEST OF CAMPUS DRIVE RELOCATION

FORT WORTH DISTRICT

## PROJECT OVERVIEW

**Highway/Limits:** I-20 Westbound Entrance Ramp West of Campus Drive from Fort Worth & Western Railroad to Campus Drive, Fort Worth, Tarrant County  
**Project ID:** 0008-13-234

**Project Length:** Approximately 0.8 miles

**Description:** TxDOT is proposing to replace the existing westbound I-20 entrance ramp west of Campus Drive and relocate it approximately 1,250 feet to the west of its current location. The goal of the project is to facilitate access to westbound I-20 from the Department of Veterans Affairs – Fort Worth Outpatient Clinic without impacting traffic upstream and downstream of the ramp.

**Construction Cost:** \$845,000

**Right of Way:** No additional right of way would be required for the proposed project.

**Contacts:**

Texas Department of Transportation  
Fort Worth District Office  
2501 SW Loop 820  
Fort Worth, TX 76133

Nicholas V. Spencer, P.E.  
Phone: (817) 370-6570

## ESTIMATED PROJECT MILESTONES

**Receive Environmental Clearance:** Winter 2019  
**Design 100% Complete:** Fall 2019  
**Right of Way Acquisition:** Not Applicable  
**Utility Coordination Complete:** Winter 2019  
**Begin Construction:** Spring 2020  
**Finish Construction:** Summer 2021

# REUBICACIÓN DE RAMPA DE ENTRADA AL 1-20 AL OESTE DE CAMPUS DRIVE

DISTRITO DE FORT WORTH

## DESCRIPCIÓN DEL PROYECTO

**Carretera/Límites:** Rampa de entrada del I-20 al oeste de Campus Drive en dirección oeste, desde Fort Worth & Western Railroad hasta Campus Drive, Fort Worth, Condado de Tarrant

**ID del Proyecto:** 0008-13-234

**Longitud del Proyecto:** Aproximadamente 0.8 millas

**Descripción:** TxDOT está proponiendo reemplazar la rampa de entrada al oeste de Campus Drive a lo largo de la I-20 en dirección oeste y reubicarla a aproximadamente 1,250 pies al oeste de su ubicación actual. El objetivo del proyecto es facilitar el acceso a la I-20 en dirección oeste desde el Departamento de Asuntos de Veteranos - Clínica para pacientes ambulatorios de Fort Worth sin afectar el tráfico previo y posterior a la rampa.

**Costo de Construcción:** \$845,000

**Servidumbre de Paso (ROW):** No se requerirá ROW adicional para el proyecto propuesto.

**Contactos:** Texas Department of Transportation  
Fort Worth District Office  
2501 SW Loop 820  
Fort Worth, TX 76133
