Elisa,

I do not have any comments on this project.

Thank you for submitting the following project for early coordination: SH 114 adding continuous two-lane frontage roads and reversing ramps (CSJ 0353-03-100). TPWD appreciates TxDOT's commitment to implement the practices listed in the Tier I Site Assessment submitted on April 17, 2019. Based on a review of the documentation, the avoidance and mitigation efforts described, and provided that project plans do not change, TPWD considers coordination to be complete. However, please note it is the responsibility of the project proponent to comply with all federal, state, and local laws that protect plants, fish, and wildlife.

According to §2.204(g) of the 2013 TxDOT-TPWD MOU, TxDOT agreed to provide TXNDD reporting forms for observations of tracked SGCN (which includes federal- and state-listed species) occurrences within TxDOT project areas. Please keep this mind when completing project due diligence tasks. For TXNDD submission guidelines, please visit the following link: http://tpwd.texas.gov/huntwild/wild/wildlife_diversity/txndd/submit.phtml

Thank you,

Sue Reilly

Subject: SH 114 0353-03-100 Tarrant County, Texas

*TxDOT requests early coordination for the **SH 114** project in **Tarrant County**, Texas. I have attached the following:*

- *The Tier 1 Site Assessment Form, including BMPs to be implemented;*
- *Supporting Documents as appropriate including but not limited to location map, Species Analysis Tool/IPaC, EMST documentation, NDD EOID List and Tracked Managed Areas Map and NDD information file*
- *and site photos.*

*These documents, along with other project-related information, are also available in ECOS under the CSJ: **0353-03-100**. The planned NEPA clearance date for this project is **April 2020**. In order for the project to remain on its current letting schedule, please provide comments or complete coordination before that date.*

THANKS
