Need and Purpose

Project Needs

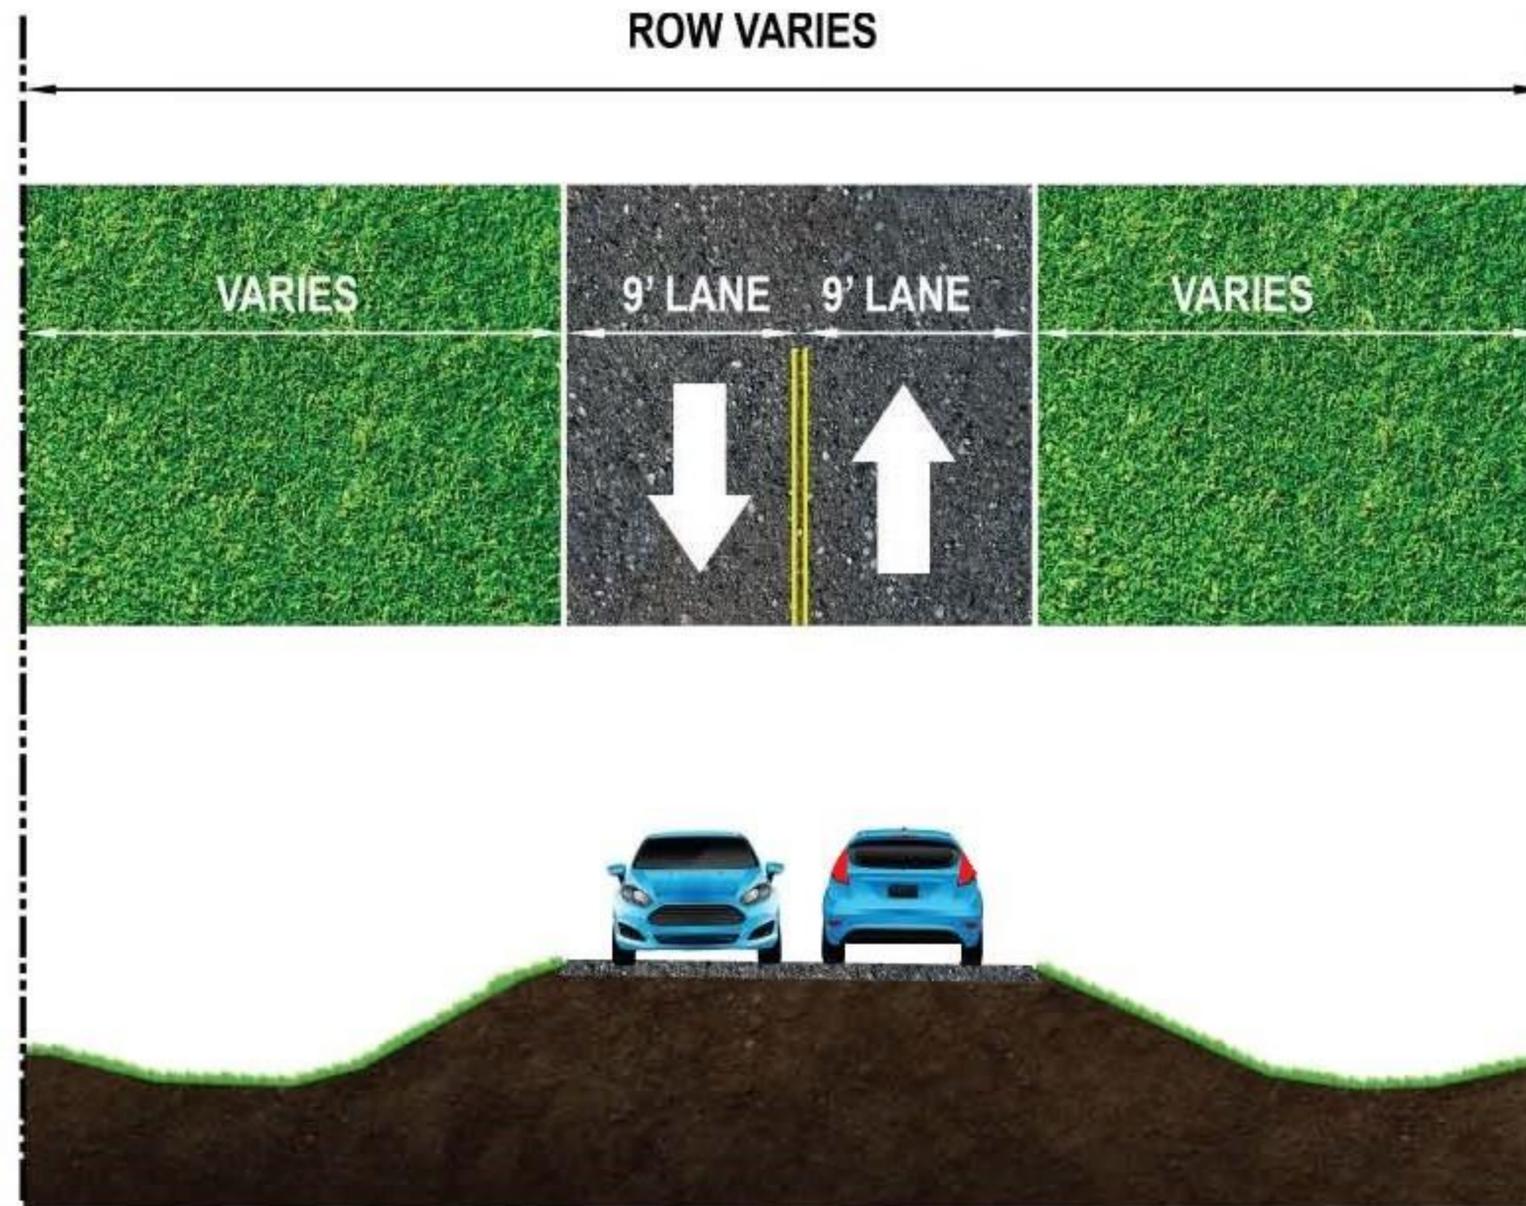

- Current and projected growth in the area has caused traffic demand to increase
- Two-lane undivided roadway does not meet current design and safety standards

Project Purpose

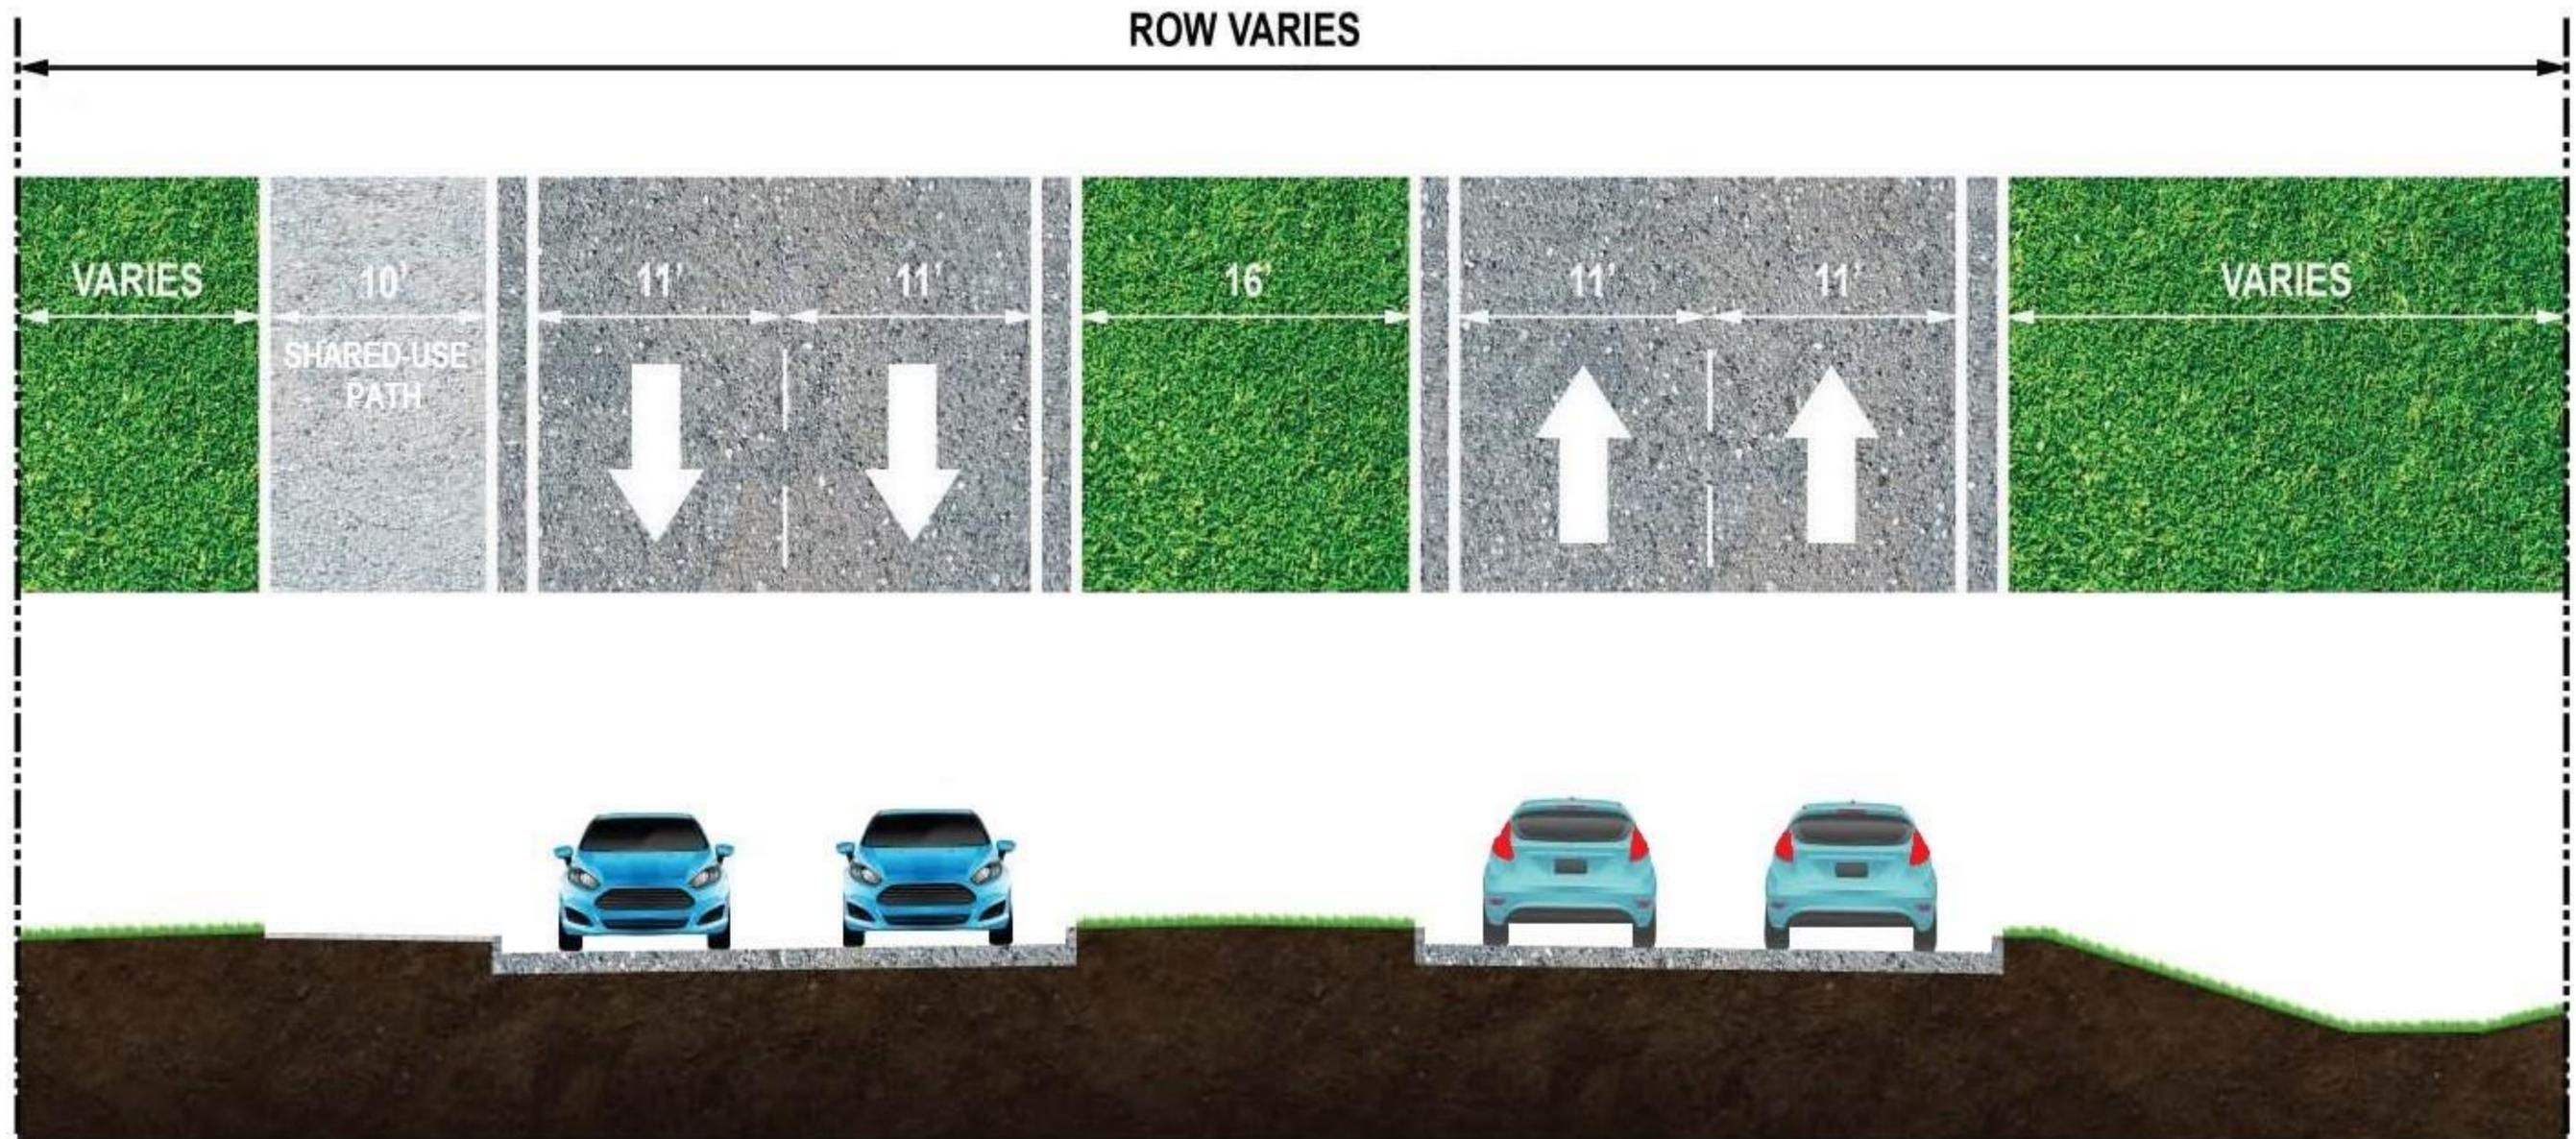

- The purpose of the proposed project is to improve mobility and meet current design and safety standards

Existing Typical Section

- Two 9-foot wide undivided travel lanes (one lane in each direction)
- Open ditches north and south of County Road 58
- Typical right-of-way width of 60 feet

Proposed Typical Section

- Four 11-foot wide divided travel lanes (two lanes in each direction)
- 10-foot shared-use path and detention basin north of County Road 58
- 16-foot raised grassy median
- Open ditch south of County Road 58
- 60 feet of existing right-of-way widened to 120 feet of proposed road right-of-way

Next Steps

- Consider public meeting comments
- Finalize environmental analysis
- Document environmental decision
- Complete final design
- Begin right-of-way acquisition
- Construction anticipated to begin in 2021
- Anticipated construction timeline would be approximately 18 months
