

# Documentation of Public Meeting

## **Project Location**

Brazoria County

County Road 59  
CSJ: 0912-31-305

## **Project Limits**

From County Road 48 to Kirby Drive

## **Meeting Location**

Shepherd of the Heart United Methodist Church  
12005 County Rd 59, Pearland, Tx 77584

## **Meeting Date and Time**

December 11, 2018 from 5:30 P.M. – 7:30 P.M.

## **Translation Services**

Spanish

## **Presenters**

Open House Format

## **Elected Officials in Attendance**

None

## **Total Number of Attendees (approx.)**

22

## **Total Number of Commenters**

89

## **Contents**

- A. Comment/response matrix
- B. Notices
- C. Sign-in sheets
- D. Comments received
- E. Figures
- F. Description of project modifications resulting from public meeting (if applicable)

## **A. Comment/response matrix**

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

Commenter Number	Commenter Name	Date Received	Source	Do you support the proposed project?	Comment Topic	Response
1	Jessica Adams	12/11/2018	Comment Card	Yes	No comment	
2	Marc & Ranette Roberts	12/11/2018	Comment Card	Yes	I support the project based on the South proposal followed by the center proposal.	Thank you for your comment.
					However if the North proposal is the choice we would ask that the transition curve starts further west so that there is no infringement upon our property.	If the North Alignment is selected, the proposed S-curve just west of Kirby Dr. can be shifted to the west to avoid clipping properties in Southern Trails.
3	ANH NGOC HO	12/11/2018	Comment Card	Yes	I would support expanding the road to the south side of the current road.	Thank you for your comment.
4	Jose Luis Gutierrez	12/11/2018	Comment Card	Yes	I support the south alternative.	Thank you for your comment.
					I don't support the North Alternative, since it will affect many constructions.	Thank you for your comment.
5	Odell Harwell	12/11/2018	Comment Card	Yes	I would support expanding the road to the south side of the current road.	Thank you for your comment.
7	Jerrold Ruddick	12/11/2018	Comment Card	Undecided	Prefer center option.	Thank you for your comment.
					Existing drainage is man made since 2000 and not Water of U.S.	This is in reference to the "potentially" jurisdictional stream on the Schematic Exhibit crossing the roadway at approx. Sta 40+00 and extending to the north. The USACE and the EPA are the final authority over the jurisdictional status of both wetlands and Waters of the U.S. per Section 404 of the CWA. A verification of this feature's jurisdictionality has not yet been obtained.
					For sound considerations with Southern Trails HOA & homes, we need to work a solution that allows any soundwall to be placed in the current location of the homeowners fence. This could mean the HOA/County/State find solution for HOA land.	A noise analysis will be conducted to determine if sound wall(s) are warranted. The County will coordinate with the HOA to determine possible solutions.
					For proposed drainage/retention, state should work with Brazoria Drainage District #4 and MUD #81 to use existing detention pond to reduce impact to church and homeowner.	Coordination with Brazoria Drainage District #4 and MUD #81 will occur once the proposed pond site is finalized. The feasibility of using the existing pond referred to in this comment will be evaluated, including considerations for potential need of a public-private partnership and separate agreement(s) between the County, TxDOT, and private entity(ies).
					Area for CR 59 did not flood in Harvey DO NOT LOWER ROAD.	Thank you for your comment. TxDOT and local criteria for drainage design will be met, which includes ditches, storm sewer, mitigation, outfalls, etc.
8	No Name	12/14/2018	Comment Card	Yes	I think land should be taken from both sides to be fair to all landowners.	Thank you for your comment.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

9	Sabrina Campbell	12/18/2018	Comment Card	Yes	This road is very busy, very narrow and very dangerous. A young man 23 years old was killed while walking down this street at night. There is no room for error. Several automobile accidents have taken place. Potholes are evident & no room to avoid them. Please widen soon before someone else gets harmed.	Thank you for your comments. Widening the facility from 2 lanes (1 in each direction) to 4 lanes (2 in each direction) to provide an extra lane in each direction, with desirable lane widths, and providing a shared use path on the north side of CR 59 for pedestrians to be separated from vehicular traffic will improve the safety of this roadway.
					My 11.187 acres are listed for sale, perfect for retention pond. Could go down CR 48 to Mustang Bayou from my property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including this recommendation by property owner Sabrina Campbell. This potential pond location and the route to get runoff to the outfall will be analyzed and considered.
10	Beau Beam	12/19/2018	Comment Card	No	Land needed to expand ministry.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Maintain left & right turn from CR 59 to church property.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Mitigate nutria/alligator population & drowning liability from water retention as there is a children's program on [premises].	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Approve Matthew Plumber alternative plan. Thanks!	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plumber.
11	Kira Jo Beam	12/19/2018	Comment Card	No	Land needed to expand ministry.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Maintain left & right turn into church from CR 59.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Hazards from retention/detention ie nutria/alligator population & drowning liability affecting childrens program.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Approve Matthew Plumber alternative plan. Thanks!	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plumber.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

12	William Beam III	12/19/2018	Comment Card	No	Concerns regarding ownership of land on property at Shepherd of the Heart United Methodist Church (UMC). Current property needed to expand ministry with past payments securing land for this project.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Retain left & right turn access from CR 59 to church property from the 4-lane highway.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Liability to children's program due to retention/detention area & increases in alligator/nutria population hazards.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Approve Matthew Plumber alternative plan. Thank you!	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
13	Barbara Hedrick	12/19/2018	Comment Card	No	Use the Plumber plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
14	Tony M. Hedrick	12/19/2018	Comment Card	No	Use Plumber plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
15	Mary Jane Blackwell	12/19/2018	Comment Card	No	I am a member at Shepherd of the Heart Church and you want to take our property we were going to use for expansion of the Church. There is an alternate plan proposed. Please use that plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

16	Matthew W. Plummer	12/19/2018	E-Mail	[Did not check]	<p>Please find below, my comments regarding the Public Meeting held on December 11, 2018, at the Shepherd of the Heart United Methodist Church. The subject of the meeting was the County Road 59 Proposed Widening Project (CSJ:0912-31-305). The Brazoria County Engineering Department and the Texas Department of Transportation personnel, who conducted the meeting, were extremely informative, knowledgeable and very responsive to our questions and concerns. In general, I support the proposed project, although I do have some concerns.</p>	Thank you for your comment.
					<p>My property is west of the church. Separating my property from the proposed detention pond is a small creek that is the primary source of water that supplies a 9-acre lake located on my property. The lake is not only used for recreational purposes, but it also serves as a winter habitat for migratory birds during the fall and winter months. Teal, Mallards, Coots and occasionally Gadwalls, are frequently seen on the lake and is a frequent habitat for Coots during the entire winter months. My concern is that the detention pond will negatively impact the creek's water flow and create a situation in which I will be unable to maintain and sustain the lake's water level, which is imperative to protecting and preserving its recreational and habitation usages. As a feasible option, I would like to propose the relocation of the proposed detention pond to an 8.5-acre site that I own. The site is approximately 1000 feet west of the proposed site. The water from this new proposed site could be piped to the same out flow location as outlined in your proposed plan. The pipe could be buried, using an existing easement that I granted to the Shallow Creek subdivision that is located on the north side of my property. This option would not alter the creek's water flow and would not impact my lake. Additionally, it would prevent the church from losing a significant part of their property to the proposed detention pond, as presented in your proposal. My alternative, to the proposed detention pond, is a viable solution to all concerned and should have a minimal impact on the overall cost of the project.</p>	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
17	No Name	12/20/2018	Comment Card	No	Would consider supporting alternative with Mr. Plummer (sp) land.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

18	Jenny Beam	12/20/2018	Comment Card	No	Ownership of land on property of Shepherd or the Heart United Methodist Church (UMC) Current property needed to expand ministry with past payments securing land for this project.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Retain left & right turn access from CR 59 to church property from the 4-lane highway.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Liability to children's program due to retention(detention) area & increases in alligator/nutria population hazards.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Approve Matthew Plumber alternative plan. Thank you!	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
19	Bonnie Osteen	12/20/2018	Comment Card	No	I am in favor of the road expansion but I am not in favor of taking land away from our church. The alternate plan using Mr. Plumbers property on the west side makes more sense.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					Also, our church - Shepherd of the Heart UMC should have a cut through lane in front of the property.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
20	David Osteen	12/20/2018	Comment Card	Yes & No	We need to be able to turn into the church from both directions.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Also, please use Mr. Plumber's alternative plan, instead of using land from the church for retention pond, Shepherd of the Heart needs the land for expansion.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
21	No Name	12/20/2018	Comment Card	[Did not check]	We need a turn lane into the church from both directions.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					The church will not recover from the large amount of land being proposed for a holding pond and does not allow for future expansion of the church growth. Please use Mr. Plumbers alternate plan and don't take the church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
22	Eileen Tansey	12/21/2018	Comment Card	No	I support the alternative plan of our dear church neighbor Mr. Plummer. The proposed plan would prevent our church from operating which would be a great loss to our community. It also would eliminate the possibility of expanding. So sad. Please choose the alternate. God bless you.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					P.S. our church will need a turn lane to exit our parking lot. Thanks	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

23	Debbie Smith	12/21/2018	Comment Card	No	Please consider the Plumber alternative solution for the traffic and church growth.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
24	Jackie Taylor	12/21/2018	Comment Card	No	The proposed plan would prohibit growth of Shepherd of the Heart Methodist Church. Please consider the alternate plan of Mr. Plumber.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
25	[Graian] Vereen	12/21/2018	Comment Card	No	#1 reason is that Shepherd of the Heart UMC will lose part of its property. We want to be able to see growth in our church home and by taking our property will impact on that growth. We would like to see another option with Mr. Plummer using the west side of his property would be a better and keeping our property intact.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
26	Melinda Vereen	12/21/2018	Comment Card	No	Please rethink the layout of the proposed water retention pond and move it further down to Mr. Plummers property. We want to eventually expand our church but removing part of our property will hinder the growth of our church. Please use the other portion of Mr.Plummer's property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
27	No Name	12/26/2018	Comment Card	No	I like the road expansion but not being able to turn into the church parking lot would be a problem.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					But a bigger problem is losing land at the church, Mr. Plumber has offered a great solution to all by using a piece of his property on the west side.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
28	Leticia F. Sim	12/26/2018	Comment Card	No	The Shepherd of the Heart United Methodist Church needs all the land around the church for expansion. God bless.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
29	Barbara Amstead	12/26/2018	Comment Card	No	Oppose the current TxDOT plan. This conflicts our current master plan that was required by the City of Pearland. We currently use the land that you want to take.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Must have access to turn left & right from our entrance.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Retention pond is a concern for our Little Lamb School.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Strongly support Mr. Plummer's alternate plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
30	Mary Kay Duparque	12/26/2018	Comment Card	No	As a member of Shepherd of the Heart UMC I greatly object to the taking of church property and ask that you take the property of the gentleman whose property [abuts] the church. He is in favor of the retention pond being soely on his property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

31	JoAnn Jarrell	12/26/2018	Comment Card	No	Opposed to the existing plan because it would limit our existing church activities & prohibit future growth. Mr. Plumber has alternative plan that I support.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
32	Matt Cochran	12/26/2018	Comment Card	Undecided	Good afternoon - I see the need for the expansion of CR 59, but have concerns about the Church losing so much land. They do so much work feeding children with their Food From the Heart program, I would be worried if their ability to expand is taken away. I am in favor to hear more about Mr. Plummer's alternate plan, that would allow the Church to expand and also allow Mr. Plummer to keep the portion of his land currently in use.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					Lastly, would inquire if easy turn-in and out access to the church will be in place after expansion.	It is intended to have a median break with left turn lane at the church to provide access for both directions. The schematic design was preliminary and did not include all final details of the roadway design.
33	Evans S. Rutledge	12/26/2018	Comment Card	Yes, with reservations below!	Loss of 50% of church open land will prevent this church's expansion of the christian mission, effectively inhibiting our right to free speech and practice of our religious rights.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Solid median will prevent left-hand turns to enter or exit our parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					This church's long range debt expense will become valueless for the property taken by this project's detention pond creation/expansion. Any value assigned by appraisal will not fully compensate the church for its payments. This taking of property by the "project" will further inhibit our free speech and practice of religion.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Your project information is scant and is very difficult to read and understand.	Thank you for your comment.
					You have obviously not made a full disclosure of your planning, to which I object.	Thank you for your comment.
34	Jackie Rutledge	12/26/2018	Comment Card	Yes	I think widening the road is a necessity.	Thank you for your comment.
					I do not want to lose land for the retention pond. That would keep Shepherd of the Heart from growing in the future.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Making sure there is an easy way to access the church and also the school on a daily basis is important. The 6-foot grassy area is nice but there should be a way to turn into the church driveway going either way.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I also have concerns about the safety of children with possible water on at least two sides.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Please look at other options in the area. I know Dr. Plummer is willing to help.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
35	Brenda Watson	12/26/2018	Comment Card	No	I think Mr. Plumber has a very good solution. It will let the church have room for expansion. The proposed project would not leave the church room for expansion.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

36	William Amstead	12/26/2018	Comment Card	No	Strongly oppose the current TxDOT proposal.	Thank you for your comment.
					This conflicts with our master future expansion plan that was required by Pearland. We currently use the land that you want to take.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Retention pond is a concern for Little Lamb School.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					Must have access to turn left & right from our entrance.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Strongly support Mr. Plummer's alternate plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
37	Linda Hardin	12/26/2018	Comment Card	No	Do not support the proposed project but would support Mr. Plummer's plan. As the plan currently stands, it would not allow for expansion of the church's building due to the retention pond proposed.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					The church would need to be able to turn left as well as right onto the highway (this is also for the Day Care families during the week).	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Please consider Mr. Matthew Plummer's alternate solution - Thank you!	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
38	Nancy Corson	12/26/2018	Comment Card	No	Do not want property taken from Shepherd of the Heart Methodist church. We need the land for expansion of church. We propose the Plumber's alternate plan to take another part of his land for the retention pond.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					We also propose a turning lane for the church.	It is intended to have a median break with left turn lane at the church to provide access for both directions. The schematic design was preliminary and did not include all final details of the roadway design.
39	Consuela Ferrier	12/26/2018	Comment Card	No	The location of the proposed median would not allow cars coming from the west to enter the church's parking; when leaving the church, the cars would be unable to turn left toward 288 - killing attendance.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					The proposed retention pond would essentially take up all the church's land, making it impossible for expansion, additional parking, restrict community activities currently in place, and create a safety issue for the small children attending Little Lambs Daycare.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					The median with no turn would also affect Little Lamb's attendance.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					All proposals would in essence kill the church & daycare.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

40	John Jarrell	12/26/2018	Comment Card	No	Opposed to existing plan because it would prohibit our future growth for our Shepherd of the Heart United Methodist Church and be a detriment to our facility. I support a plan provided by Mr. Plumber. It does not include church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					Church daycare - Water is hazard.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
41	James A. [Dagon]	12/27/2018	Comment Card	No	Current plan does not allow the church to grow and expand. Please consider alternative plan by Mr. Plumber and Shepherd of the Heart Methodist Church.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
42	No Name	12/27/2018	Comment Card	No	Please do not take land from this church. We give so much to our community. We take care of needy families in our area: Duke Elementary and Jeter Elementary. We also have a Mother's Day program. The retention pond will prevent our church from growing and it will endanger our precious children. Our neighbor Mr. Plummer is willing to sell some of his property to save our church. PLEASE consider this as an option.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
43	Mya Ferrier	12/27/2018	Comment Card	No	Taking to much of the church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					Rather break the median so that we can turn in and out of the church.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
44	Ernest Ferrier III	12/27/2018	Comment Card	No	This project would affect church property for community events and the median would not let us enter or leave the church parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I support Mr. Plumer's plan for the retention pond.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
45	Marla S. Ferrier	12/27/2018	Comment Card	No	The location of the proposed retention pond would take up all of the land that the church uses for community events.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					The church has a school and this can cause safety issues for them.	The proposed detention pond is not designed to hold water at all times, only at rainfall events to prevent flooding. In dry periods, the pond will be dry.
					There needs to be a break in the median so that we can turn both ways coming out and in to the church.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I recommend and support Mr. Plummer's alternate plan for a retention pond that would not affect any of the church's property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

46	Julie Bradford	12/27/2018	Comment Card	No	I am concerned about the church losing land for a retention pond and that we will be unable to take left hand turn out of the parking lot due to a barrier.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I heard of Mr. Plummer's recommendation, and I support it as an alternative plan.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
47	Terrence Medearis	12/31/2018	Comment Card	No	It will negatively impact the expansion of the church parking lot. Negatively impact the flow of traffic entering & leaving the church; we will not have an entrance or exit from the church parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Negatively impact church property & its value and the church [wisth]. I support the Plummer plan which relocates the retention pond and does not effect church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					I support placing a turning lane entering and exiting our church parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
48	Antrece Baggett	12/31/2018	Comment Card	No	It will negatively impact the expansion of the church parking lot. Negatively impact the flow of traffic entering & leaving the church; we will not have an entrance or exit from the church parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Church property will be reduced and Shepherd of the Heart will not be refunded. I support the Plummer plan which relocates the retention pond.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
					I support placing a turning lane entering and exiting our church parking lot.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
49	Duce Baggett	12/31/2018	Comment Card	No	It will negatively impact the expansion of the church parking lot and property is reduced. Negatively impact flow of traffic entering and leaving the church.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					Church property will be reduced and Shepherd of the Heart will not be paid for it. I support the Plummer plan which relocated the retention pond.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
50	Wensday Stanley	12/31/2018	Comment Card	No	Selling any church property will not allow us growth for church in future. Pumpkin patch, fall festivals will not be able to do with less land.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

51	Grace Stanley	12/31/2018	Comment Card	No	Pumkin Patch! We'd lose it, if the plan continues! Recommend Mr. Plummer plan for retention pond alternative, that does not include church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
52	Tracey Stanley	12/31/2018	Comment Card	No	We'd lose our Pumpkin Patch! Selling Mr. Plummers property so it doesn't effect church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
53	Bethany Stanley	12/31/2018	Comment Card	No	We would lose our pumpkin patch which would also effect our fall festival. Our fall festival is a HUGE source of income for us! Recommend Mr. Plummer alternative plan, that does not include church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
54	Adam Conway	12/31/2018	Comment Card	No	I would appreciate being able to continue attending the Pumpkin Chunkin festival at SOF that is a lot of fun and happens to fund the church for the whole year. Recommend Mr. Plummer alternate to not include church property.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
55	Pastor Christi Conway	12/31/2018	Comment Card	Undecided	I'm not in favor of selling some of the church's land to Txdot to go to a proposed retention pond. The amount of land you want to buy is over 1/2 of what land we have that doesn't have something on it. This land is land we use for many of our community events. It also includes land that we have plans to build on for future growth. The losing of this property will seriously hurt this church. We are very active in the community with Food from the Heart program which partners with 4 elementary schools in the area to provide food for kids on the weekends. We also provide a well known learning center, Little Lambs for children 18 months - 4 years. Losing this property would put these programs in jeopardy. Our neighbor Dr. Plummer has a different proposal for where to put the retention pond that would be on his land and would not require taking any of our land. As a church we are in support of Dr. Plummer alt. retention pond plan over txdot current plan. I pray that our concerns are heard and you will decide not to hurt our church and its future.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

56	Ferris M. Maness	1/2/2019	Comment Card	Yes	I live on the southeast corner of CR48 & CR59 intersection. I would support the north alternative of the project corridor.	Thank you for your comment.
					I now have a culvert to our property on the southside of county road 59. I would like to place it at the first turn-a-round from CR48 east. I have my property lease for hay baling and this would allot them to cross the road, and go left with their 18 wheel tracks and trailers.	Thank you for your comment. We will consider your request for the driveway and culvert design placement. The driveway and median break must adhere to TxDOT's access management criteria due to proximity to CR 48. In addition, a minimum driveway spacing of 200 feet must be maintained.
					When widening CR48, 120 ft. of land plus my house was taken. None was taken from the other side of CR48. Now you are asking me to give an extra 10 feet. (50 ft. to 30 ft. (over))	Thank you for your comment. The proposed CR 59 roadway alignment must tie into the existing CR 48 intersection and existing CR 59 lanes to west of CR 48. In order to do this, the proposed ROW at CR 48 is centered on the existing ROW to the west of CR 48.
					We will be away from home January 22 to May 16, 2019. You may contact us at 281-489-9646 at any other time.	Thank you for your comment.
					Where is the equalization to all of this, there was no one living around here in 1975 when we moved here. We are now the only ones being displaced through these projects. If everything being equal, I would have no complaints. BUT IT IS NOT.	Thank you for your comment. This roadway expansion project is a result of development in the region and to enhance safety and congestion. We cannot control development in the region.
58	Lynn Shoff	1/2/2019	Comment Card	No	I, Lynn Shoff, am a member of Shepherd of the Heart United Methodist Church and was intimately involved in the long-range planning and construction of our church building located at 12005 County Road 59. I am in favor of the project to widen county road 59 but opposed to the proposed retention pond plan. It would result in nearly eliminating any of our future growth plans. The first thing it does is eliminate the ability to enhance our retention pond capability to deal with additional buildings and parking lots we had planned as we expand. Our expansion is nearly guaranteed, given the growth of the community around us. Our church provides many community services including providing a meeting place for home owners associations and classrooms for a Day Care Center as well as being significantly involved with local schools as it relates to supporting less fortunate families in the community. Not only would this plan impact our church with the problem of having to relocate to expand but would take away critical services to the community. I have reviewed the alternative proposal Dr. Plummer has recommended and totally support his proposal because it not only deals with our church's concerns but it utilizes land that has no particular plan for use and assures the ecological issue of potentially impacting the duck migration that takes place in that area.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

59	William Shoff	1/2/2019	Comment Card	No	<p>I, William Shoff, am a member of Shepherd of the Heart United Methodist Church and was intimately involved in the long-range planning and construction of our church building located at 12005 County Road 59. 60	Peggy Crawley	1/2/2019	Comment Card	No	<p>This would severely hurt our church. We have been paying on this land for 10 years. This land is used for different functions during the year. One day we hope to expand parking and church. There is the plummer alternative that would save our land. Please do not take any land from our church. Thank you.</p>	<p>Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.</p>

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

61	Liame Nguyen	1/2/2019	Comment Card	No	The proposed project would not allow for planned, future expansion of the church. I am worried about the retention area being right next to a pre-school playground. The proposed site would be where we hold our pumpkin festival, easter egg hunt, and our future spring bazaar.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					We would need a break in the median in front of our driveway to allow for traffic to cross.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I am in favor of the alternate plan proposed by Mr. Plummer.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
62	Huy Nguyen	1/2/2019	Comment Card	No	The proposed project would take away 50% of the current church property and they would not be able to have future expansion.	Additional options for detention ponds are being considered as a result of comments received at the public meeting.
					No current break in the proposed project to allow left hand turns leaving the church.	It is intended to have a median break with left turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
					I am in favor of the alternate plan proposed by Mr. Plummer.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
63	Deborah Theis	1/2/2019	Comment Card	[Did not check]	I am writing in regards to the proposed project on County Road 59. I attend Shepherd of the Heart United Methodist Church on special occasions and participate in their community activities. Both my children were baptized in this church. I support the widening of the road, but I am opposed to the use of land that is currently owned by Shepherd of the Heart United Methodist Church as a retention pond. The church purchased this extra land with the express intent of using it for expansion. This project would remove that option. The church also uses this land for special community activities. The annual Pumpkin Chunkin' Festival is a prime example. Use of this land would eliminate all of the community activities the church currently uses the land for. There are also significant amounts of vacant land on both the north and south sides of the road that appear to be suitable for a retention pond. In fact, it does not make sense to take the churches land that is currently used and leave these other unused lots intact. The churches neighbor, Mr. Plummer has proposed letting this project use a piece of land on the west side of his property which would allow the church to keep its land. I support his proposal.	Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.

**Public Meeting Comments - County Road 59 (from County Road 48 to Kirby Drive)**

64	Matt Theis	1/2/2019	Comment Card	No	<p>I am writing in regards to the proposed project on County Road 59. I am currently a member of Shepherd of the United Methodist Church. RE: Notice of Public Meeting  
Brazoria County  
CR 59: from CR 48 to Kirby Drive  
Control 0912-31-305

Dear «Salutation» «LastName»:

Attached is a notice for the upcoming public meeting for the CR 59 roadway construction from CR 48 to Kirby Drive in Brazoria County, Texas. This public meeting is being held to present the proposed design and to seek comments from local officials and interested persons. You, or your representative, are cordially invited to attend. See attached meeting location map.

**Tuesday, December 11, 2018**  
**Shepherd of the Heart United Methodist Church**  
**12005 County Rd 59**  
**Pearland, TX 77584**  
**5:30 p.m. - 7:30 p.m. Open House**

We are available to meet with you before the public meeting to review the proposed project and answer any questions that you may have. If you have any questions in the interim, please contact Pat Henry, P.E., at (713) 802-5241.

Sincerely,

bcc:

Trent Thomas, Director, State Legislative Affairs, 125 E. 11<sup>th</sup> Street, Austin, Tx 78701  
Andrea Lofye, Director, Federal Legislative Affairs, 125 E. 11<sup>th</sup> Street, Austin, Tx 78701

OUR VALUES: *People • Accountability • Trust • Honesty*

OUR MISSION: *Through collaboration and leadership, we deliver a safe, reliable, and integrated transportation system that enables the movement of people and goods.*

An Equal Opportunity Employer

**Notice of Public Meeting**  
**County Road 59 from County Road 48 to Kirby Drive**  
**CSJ: 0912-31-305**

The Brazoria County Engineering Department, in conjunction with the Texas Department of Transportation (TxDOT), Houston District, will hold a Public Meeting regarding the proposed 1.1 mile long roadway widening of County Road (CR) 59 from County Road 48 to Kirby Drive in Brazoria County, Texas. The meeting will be held Tuesday, December 11, 2018 at Shepherd of the Heart United Methodist Church located at 12005 County Road 59, Pearland, TX 77584. The meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal presentation will be made.

The purpose of the Public Meeting is to present the proposed project alternatives to the public and receive comments. The proposed County Road 59 project would widen the existing two 10-foot-wide lanes to four 11-foot-wide lanes divided by a 16-foot-wide raised grassy median. Drainage features would include curb-and-gutter and a redesigned open ditch drainage system. The proposed improvements would require approximately 9.0 acres of additional right-of-way and may require displacements.

Maps showing the proposed project's location and design alternatives will be available for review at the Public Meeting. This information will also be available by appointment for review Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m., excluding state holidays, at the TxDOT Houston District Office, located at 7600 Washington Avenue, Houston, Texas 77007. To schedule an appointment at the Houston District, please contact Muslim Hassan, P.E., at (713) 802-5516. These items are also available at the Brazoria County Engineering Department, 451 N. Velasco, Suite 230, Angleton, Texas 77515. To schedule an appointment at the Brazoria County Engineering Department please call (979) 864-1265. The project information can also be viewed at TxDOT's website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

All interested persons are invited to attend this Public Meeting. Written comments must be postmarked or submitted electronically by January 2, 2019. Written comments may be submitted at the meeting. Written comments may also be submitted either in person or by mail to the Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515 or submitted electronically at [HOU-PIOWebMail@txdot.gov](mailto:HOU-PIOWebMail@txdot.gov) or at the TxDOT project website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Materials for the Public Meeting will be presented in English and Spanish. Persons interested in attending the meeting who have special communication or accommodation needs, or need an interpreter, are encouraged to contact TxDOT's Public Information Offices (713) 802-5076. Requests should be made at least five days prior to the public meeting. Every reasonable effort will be made to accommodate these needs.

**The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.**

**Aviso de Reunión Pública**  
**County Road 59 desde la CR 48 hasta la Kirby Drive**  
**CSJ: 0912-31-305**

El Condado de Brazoria, junto con el Departamento de Transporte de Texas (TxDOT), Distrito de Houston, llevará a cabo una Reunión Pública sobre la ampliación propuesta de 1.1 milla de largo de la County Road (CR) 59 desde la CR 48 hasta la Kirby Drive en el Condado de Brazoria, Texas. La reunión se llevará a cabo el día martes 11 de diciembre de 2018 en la Iglesia Shepherd of the Heart United Methodist, en el 12005 County Rd 59, Pearland, TX 77584. La reunión se conducirá en un formato informativo de 5:30 p.m. a 7:30 p.m. No habrá una presentación formal.

El propósito de la Reunión Pública es presentar las alternativas del proyecto propuesto al público y recibir comentarios. El proyecto propuesto de la CR 59 ampliará los dos carriles existentes, de 10 pies de ancho por carril, a cuatro carriles, de 11 pies de ancho por carril, dividida por una mediana elevada de 16 pies de ancho y cubierta de césped. Características del drenaje incluyen bordillo y cuneta a ambos lados de la carretera y un sistema rediseñado de zanjas abiertas. Las mejoras propuestas requerirán aproximadamente 9.0 acres de derecho-de-vía adicional y pueden requerir desplazamientos.

Materiales mostrando la localización del proyecto propuesto y alternativas del diseño estarán disponibles en la Reunión Pública. Esta información también estará disponible al público por cita, de lunes a viernes entre 8:00 a.m. a 5:00 p.m., con la excepción de días festivos estatales, en la Oficina del TxDOT Houston District, localizada en el 7600 Washington Avenue, Houston, Texas 77007. Para una cita con la Oficina de Houston District, favor de comunicarse con el Sr. Muslim Hassan, P.E., al teléfono (713) 802-5516. Información del proyecto también estará disponible en la oficina del Brazoria County Engineering Department, localizado en el 451 N. Velasco, Suite 230, Angleton, Texas 77515. Para hacer una cita con el Brazoria County Engineering Department, favor de llamar al (979) 864-1265. Adicionalmente, información sobre el proyecto estará disponible en el sitio de web de TxDOT: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Todas las personas interesadas están invitadas a asistir a esta Reunión Pública. Comentarios escritos deben ser recibidos en o antes del 2 de enero de 2019. Comentarios escritos del público pueden ser entregados durante la reunión. Los comentarios también pueden ser entregados en persona o por correo a Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515 o enviados electrónicamente a [HOU-PIOWebMail@txdot.gov](mailto:HOU-PIOWebMail@txdot.gov) o por el sitio de web de TxDOT: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

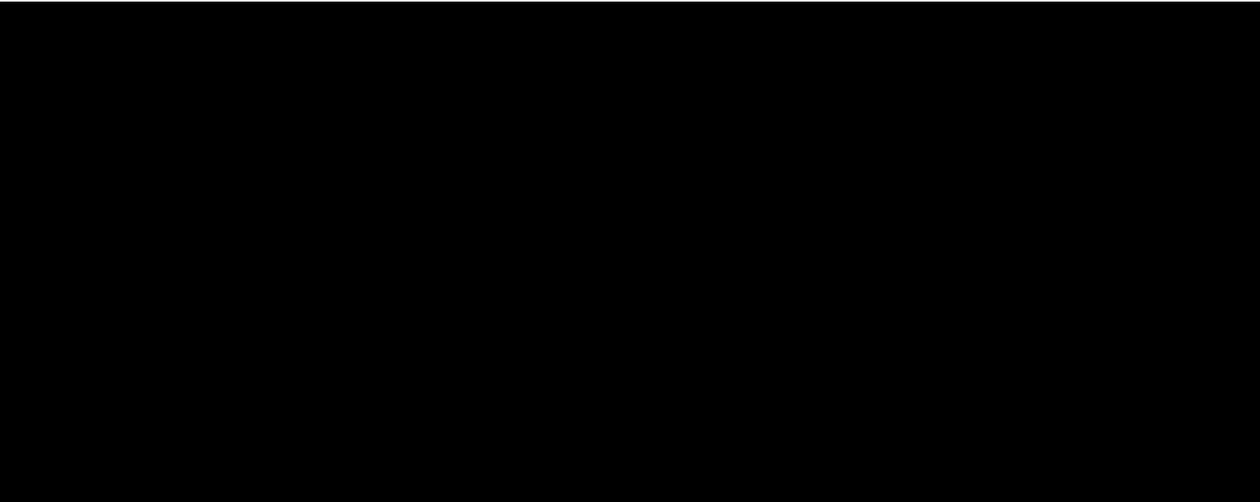

Materiales sobre la Reunión Pública se presentarán en inglés y español. Las personas interesadas en asistir a la reunión que necesitan ayuda comunicándose, asistencia especial, o que necesiten un intérprete, favor de comunicarse con las Oficinas de Relaciones Públicas de TxDOT al teléfono (713) 802-5076. Las solicitudes deberán hacerse por lo menos cinco días antes de la reunión pública. TxDOT hará un esfuerzo razonable para acomodar sus necesidades.

*La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables a este proyecto están siendo o han sido, llevadas a cabo por TxDOT bajo las reglas del Acta 23 U.S.C 327 y un Memorando de Entendimiento fechado el 16 de diciembre, del 2014 y ejecutado por la FHWA y el TxDOT.*

**Aviso de Reunión Pública**  
**County Road 59 desde la CR 48 hasta la Kirby Drive**  
**CSJ: 0912-31-305**

El Condado de Brazoria, junto con el Departamento de Transporte de Texas (TxDOT), Distrito de Houston, llevará a cabo una Reunión Pública sobre la ampliación propuesta de 1.1 millas de largo de la County Road (CR) 59 desde la CR 48 hasta la Kirby Drive en el Condado de Brazoria, Texas. La reunión se llevará a cabo el día martes 11 de diciembre de 2018 en la Iglesia Shepherd of the Heart United Methodist, en el 12005 County Rd 59, Pearland, TX 77584. La reunión se conducirá en un formato informativo de 5:30 p.m. a 7:30 p.m. No habrá una presentación formal.

El propósito de la Reunión Pública es presentar las alternativas del proyecto propuesto al público y recibir comentarios. El proyecto propuesto de la CR 59 ampliará los dos carriles existentes, de 10 pies de ancho por carril, a cuatro carriles, de 11 pies de ancho por carril, dividida por una mediana elevada de 16 pies de ancho y cubierta de césped. Características del drenaje incluyen bordillo y cuneta a ambos lados de la carretera y un sistema rediseñado de zanjas abiertas. Las mejoras propuestas requerirán aproximadamente 9.0 acres de derecho-de-vía adicional y pueden requerir desplazamientos.

Materiales mostrando la localización del proyecto propuesto y alternativas del diseño estarán disponibles en la Reunión Pública. Esta información también estará disponible al público por cita, de lunes a viernes entre 8:00 a.m. a 5:00 p.m., con la excepción de días festivos estatales, en la Oficina del TxDOT Houston District, localizada en el 7600 Washington Avenue, Houston, Texas 77007. Para una cita con la Oficina de Houston District, favor de comunicarse con el Sr. Muslim Hassan, P.E., al teléfono (713) 802-5516. Información del proyecto también estará disponible en la oficina del Brazoria County Engineering Department, localizado en el 451 N. Velasco, Suite 230, Angleton, Texas 77515. Para hacer una cita con el Brazoria County Engineering Department, favor de llamar al (979) 864-1265. Adicionalmente, información sobre el proyecto estará disponible en el sitio de web de TxDOT: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Todas las personas interesadas están invitadas a asistir a esta Reunión Pública. Comentarios escritos deben ser recibidos en o antes del 2 de enero de 2019. Comentarios escritos del público pueden ser entregados durante la reunión. Los comentarios también pueden ser entregados en persona o por correo a Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515 o enviados electrónicamente a [HOU-PIOWebMail@txdot.gov](mailto:HOU-PIOWebMail@txdot.gov) o por el sitio de web de TxDOT: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Materiales sobre la Reunión Pública se presentarán en inglés y español. Las personas interesadas en asistir a la reunión que necesitan ayuda comunicándose, asistencia especial, o que necesiten un intérprete, favor de comunicarse con las Oficinas de Relaciones Públicas de TxDOT al teléfono (713) 802-5076. Las solicitudes deberán hacerse por lo menos cinco días antes de la reunión pública. TxDOT hará un esfuerzo razonable para acomodar sus necesidades.

*La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables a este proyecto están siendo o han sido, llevadas a cabo por TxDOT bajo las reglas del Acta 23 U.S.C 327 y un Memorando de Entendimiento fechado el 16 de diciembre, del 2014 y ejecutado por la FHWA y el TxDOT.*

**Notice of Public Meeting**  
 County Road 59 from  
 County Road 48 to  
 Kirby Drive  
 CSJ: 0912-31-305

The Brazoria County Engineering Department, in conjunction with the Texas Department of Transportation (TxDOT), Houston District, will hold a Public Meeting regarding the proposed 1.1 mile long

**PUBLIC NOTICE**

roadway widening of County Road (CR) 59 from County Road 48 to Kirby Drive in Brazoria County, Texas. The meeting will be held Tuesday, December 11, 2018 at Shepherd of the Heart United Methodist Church located at 12005 County Road 59, Pearland, TX 77584. The meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal

**PUBLIC NOTICE**

presentation will be made.

The purpose of the Public Meeting is to present the proposed project alternatives to the public and receive comments. The proposed County Road 59 project would widen the existing two 10-foot-wide lanes to four 11-foot-wide lanes divided by a 16-foot-wide raised grassy median. Drain-

**PUBLIC NOTICE**

age features would include curb-and-gutter and a redesigned open ditch drainage system. The proposed improvements would require approximately 9.0 acres of additional right-of-way and may require displacements.

Maps showing the proposed project's location and design alternatives will be available for review at the Public Meeting. This information will also be available by appointment for review Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m., excluding state holidays, at the TxDOT Houston District Office, located at 7600 Washington Avenue, Houston, Texas 77007. To schedule an appointment at the Houston District, please contact Muslim Hassan, P.E., at (713) 802-5516. These items are also available at the Brazoria County Engineering Department, 451 N. Velasco, Suite 230, Angleton, Texas 77515. To schedule an appointment at the Brazoria County Engineering Department please call (979) 864-1265. The project information can also be viewed at TxDOT's website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

All interested persons are invited to attend this Public Meeting. Written comments must be postmarked or submitted electronically by January 2, 2019. Written comments may be submitted at the meeting. Written comments may also be submitted either in person or by mail to the Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515 or submitted electronically at [HOU-PIOWebMail@txdot.gov](mailto:HOU-PIOWebMail@txdot.gov) or at the TxDOT project website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Materials for the Public Meeting will be

Sweeny Hospital District: Notice of Finding of No Significant Impact

AGENCY: Rural Housing Service, USDA

ACTION: Notice of Finding of No Significant Impact.

**SUMMARY:** The RHS has made a Finding of No Significant Impact (FONSI) with respect to a request for possible financing assistance to Sweeny Hospital District for the construction of a Sweeny Community Hospital Replacement Facility in Sweeny, Brazoria County, Texas.

Sweeny Hospital District intends to seek financial assistance from USDA, Rural Housing Service (RHS), for construction of the Sweeny Community Hospital Replacement Facility. The proposed action consists of construction of a replacement hospital. It will be west of Sweeny on the south side of Main Street (Farm-to-Market 524) and 0.3 mile east of Pioneer Road. RHS has assessed the environmental impacts of this proposal and determined that the location of Sweeny Community Hospital will convert or effect a floodplain or critical action floodplain. In accordance with Executive Order 11988, Floodplain Management and USDA Departmental Regulation 9500-3, Land Use Policy, the Agency is notifying the interested public of this land conversion. It has been determined that there is no practicable alternative to avoiding this conversion or effect and that there is a significant need for the proposal. The basis of this determination is that there is no economically feasible project site and practical alternative for locating the project outside the flood zone. No comments were received.

**FURTHER INFORMATION:** To obtain copies of the EA and FONSI, or for further information, contact: Terry Czerwien, State Environmental Coordinator, 101 South Main Street, Temple, Texas 76501, at 254-742-9789 or [terry.czerwien@tx.usda.gov](mailto:terry.czerwien@tx.usda.gov); Angleton Area Office, 711 North Velasco, Suite B, Angleton, Texas 77515.

**SUPPLEMENTARY INFORMATION:** The proposed project consists of construction of a replacement hospital complex. It will be located on 27 acres of land in a 29-acre site, located on the south side of Main Street (FM-524), about 0.3 mile east of Pioneer Road, west of Sweeny. It will be a 24-hour critical access hospital and Level IV Trauma center.

Alternatives considered by RHS and Sweeny Hospital District include: No action; Alternative 1 (phased rebuild of the existing hospital), Alternative 2 (location west of the proposed site, at west side of FM-321 & FM-524), Alternative 3 (location north of the proposed site, near Calvie Brown Road). The alternatives are discussed in the Sweeny Community Hospital Replacement Facility EA. The RHS has reviewed and approved the EA for the proposed project.

The availability of the EA for public review was announced via notice in the following newspaper: The County News on October 4 & 11, 2018. A 14-day comment period was announced in the newspaper notice. The EA was also available for public review at the USDA Rural Development offices as well as Sweeny Hospital District offices. No comments were received.

Based on its EA, commitments made by Sweeny Hospital District, and public comments received, RHS has concluded that the project would have no significant impact (or no impacts) to water quality, wetlands, land use, aesthetics, transportation, or human health and

**Notice of Public Meeting  
County Road 59 from County Road 48 to Kirby Drive  
CSJ: 0912-31-305**

The Brazoria County Engineering Department, in conjunction with the Texas Department of Transportation (TxDOT), Houston District, will hold a Public Meeting regarding the proposed 1.1 mile long roadway widening of County Road (CR) 59 from County Road 48 to Kirby Drive in Brazoria County, Texas. The meeting will be held Tuesday, December 11, 2018 at Shepherd of the Heart United Methodist Church located at 12005 County Road 59, Pearland, TX 77584. The meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal presentation will be made.

The purpose of the Public Meeting is to present the proposed project alternatives to the public and receive comments. The proposed County Road 59 project would widen the existing two 10-foot-wide lanes to four 11-foot-wide lanes divided by a 16-foot-wide raised grassy median. Drainage features would include curb-and-gutter and a redesigned open ditch drainage system. The proposed improvements would require approximately 9.0 acres of additional right-of-way and may require displacements.

Maps showing the proposed project's location and design alternatives will be available for review at the Public Meeting. This information will also be available by appointment for review Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m., excluding state holidays, at the TxDOT Houston District Office, located at 7600 Washington Avenue, Houston, Texas 77007. To schedule an appointment at the Houston District, please contact Muslim Hassan, P.E., at (713) 802-5516. These items are also available at the Brazoria County Engineering Department, 451 N. Velasco, Suite 230, Angleton, Texas 77515. To schedule an appointment at the Brazoria County Engineering Department please call (979) 864-1265. The project information can also be viewed at TxDOT's website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

All interested persons are invited to attend this Public Meeting. Written comments must be postmarked or submitted electronically by January 2, 2019. Written comments may be submitted at the meeting. Written comments may also be submitted either in person or by mail to the Brazoria County Engineering Department, 451 N. Velasco, Suite 230, Angleton, Texas 77515 or submitted electronically at [HOU-PIOWebMail@txdot.gov](mailto:HOU-PIOWebMail@txdot.gov) or at the TxDOT project website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Materials for the Public Meeting will be presented in English and Spanish. Persons interested in attending the meeting who have special communication or accommodation needs, or need an Interpreter, are encouraged to contact TxDOT's Public Information Offices (713) 802-5076. Requests should be made at least five days prior to the public meeting. Every reasonable effort will be made to accommodate these needs.

**The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.**

**DAVID JAMES ROE**

David Roe, beloved son and brother, passed peacefully from this life on Saturday, Nov. 17, 2018 at Sweeny House in Sweeny, surrounded by family.

David was born on Sept. 26, 1956

to Jefferson and JoAnn Roe.

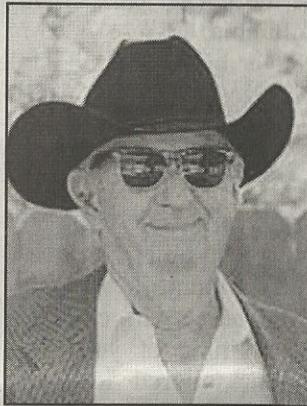

David was preceded in death by his mom, JoAnn Roe, and brother, Daniel L. Dodge.

He was a member of The Gulf Coast Christian Center for over 25 years. He loved God, church and family.

David leaves to cherish his memory his loving father, Jefferson Roe, of Brazoria; brothers, Truman B. Groom and wife, Regina, and Kenneth B. Groom, and wife, Esmeralda, all of Brazoria; sisters, Ella L. Barnett and husband, Guy, of West Columbia; and Debra Ann Ball and husband, Patrick, of Kentucky.

A memorial service was at the Gulf Coast Christian Center in West Columbia Saturday, Dec. 1.

Thanks to family and friends for all your prayers and condolences.

**BILLY LINDSEY**

Billy E. Lindsey, Sr., 82 of Angleton passed away on Saturday, Nov. 10, 2018. He was born in Houston to Bill and Alta Lindsey on Aug. 22, 1936.

A Memorial service is planned for

1 p.m. Saturday, Dec. 15, 2018 at First Baptist Church of Angleton.

Billy loved his family dearly as well as all animals.

He was preceded in death by his parents and sister, Geannene Jennings.

Billy is survived by his wife of 22 years, Donna Lingo Lindsey; children, Kelly McNabb (Steve), Jennifer Franklin (Don) and Billy Lindsey, Jr. (Rebel); stepchildren, Karen Speck, Joe Allen Truitt (Belinda), Lonnie Truitt (Dede) and Cheryl

Grimes, 16 grandchildren, and 14 great-grandchildren as well as numerous other family and friends.

Online condolences may be sent to the family by signing the online guestbook at [www.palmsfuneral-home.com](http://www.palmsfuneral-home.com).

Deadline to submit Obituaries to The County News is Noon each Tuesday

**Submit News Items by sending them to [bcneditor@embarqmail.com](mailto:bcneditor@embarqmail.com).**

# WALK OF HONOR From Page 1

Sweeny ISD as the best school district in Texas.”

The purpose of the WOH is: “To recognize those individuals who have contributed to, or laid the foundation for the legacy that is Sweeny ISD in a way that will inspire those that follow.” The Inductees may be living or deceased.

Individuals may be nominated from three categories in order to become an Inductee: (1) Educator (Administrator, Teacher, Activity Sponsor, Athletic Coach, Staff); (2) Alumni (Graduate of any high school in the history of Sweeny ISD); (3) Supporter (a major Volunteer, Contributor or Sponsor who has supported Sweeny ISD in a capacity other than Educator or Alumnus). An Educator must be 10 years past the date of retirement and Alumni must be 10 years past the date of graduation. A supporter must have made an extraordinary contribution over an extended period of time resulting in a significant benefit or reflecting great credit to an individual school or to Sweeny ISD.

Nomination packets may be picked up at the Sweeny ISD Administration Building at 1310 N. Elm St., or a nominee may be submitted through the online process at (<http://Sweeny.ISD.org/>

hope in order to protect the confidentiality and integrity of the nomination process.

The packets will be retained for 45 calendar days following the date the honorees are announced.

The WOH Committee currently consists of 15 members, a diverse group of individuals from many different areas of the District, including George Washington Carver graduates. The WOH Committee says they are reaching out to the community for help in receiving more nominations for this next group of Inductees. Their goal is to honor three recipients each year. Nominations that did not make the class from a previous year may be re-submitted for consideration in following years.

The inductees from the first class of the Walk Of Honor were Harold Spencer, Band Director from 1948-1984; Melba Lee Hosey, member of the last class to graduate from George Washington Carver High School in 1966; Cleo C. Grimes, a teacher for 33 years at Carver and 6 years at Sweeny Elementary before retiring in 1972. There is a historical monument for each honoree and the exhibit is located by the flagpole out front

# CLASSIFIEDS

## PUBLIC NOTICES

in conjunction with the Texas Department of Transportation (TxDOT), Houston District, will hold a Public Meeting regarding the proposed 1.1 mile long roadway widening of County Road (CR) 59 from County Road 48 to Kirby Drive in Brazoria County, Texas. The meeting will be held Tuesday, December 11, 2018 at Shepherd of the Heart United Methodist

## PUBLIC NOTICES

864-1265. The project information can also be viewed at TxDOT's website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>. All interested persons are invited to attend this Public Meeting. Written comments must be postmarked or submitted electronically by January 2, 2019. Written comments may be submitted at the meeting.

## PUBLIC NOTICES

a written answer with the clerk who issued this citation by 10:00 A.M. on the Monday next following the expiration of forty-two (42) days from the date of issuance hereof; that is to say, at or before 10 o'clock A.M. on Monday, the 7th day of January, 2019 an answer is due. Said answer may be filed by mailing same to: Joyce Hudman, County Clerk, 111 E. Locust, Suite

## PUBLIC NOTICES

Thereof in Volume 32, Page 14 of the Deed Records of Brazoria County, Texas. Specialized Loan Servicing LLC Plaintiff Seeks a declaration from the court so that it may proceed with non-judicial foreclosure in accordance with applicable law and terms of the loan agreement, contract, or lien sought to be foreclosed and was filed on the 12th day of February,

Houston District, will hold a Public Meeting regarding the proposed 1.1 mile long roadway widening of County Road (CR) 59 from County Road 48 to Kirby Drive in Brazoria County, Texas. The meeting will be held Tuesday, December 11, 2014 at Shepherd of the Heart United Methodist Church located at 12005 County Road 59, Pearland, TX 77584. The meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal presentation will be made.

The purpose of the Public Meeting is to present the proposed project alternatives to the public and receive comments. The proposed County Road 59 project would widen the existing two 10-foot-wide lanes to four 11-foot-wide lanes divided by a 16-foot-wide raised grassy median. Drainage features would include curb-and-gutter and a redesigned open ditch drainage system. The proposed improvements would require approximately 9.0 acres of additional right-of-way and may require displacements. Maps showing the proposed project's location and design alternatives will be available for review at the Public Meeting. This information will also be available by appointment for review Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m., excluding state holidays, at the TxDOT Houston District Office, located at 7600 Washington Avenue, Houston, Texas 77007. To schedule an appointment at the Houston District, please contact Muslim Hassan, P.E., at (713) 802-5516. These items are also available at the Brazoria County Engineering Department, 451 N. Velasco, Suite 230, Angleton, Texas 77515. To schedule an appointment at the Brazoria County Engineering Department please call (979)

www.txdot.gov/inside-txdot/get-involved/about/ hearings-meetings.html. All interested persons are invited to attend this Public Meeting. Written comments must be postmarked or submitted electronically by January 7, 2019. Written comments may be submitted at the meeting. Written comments may also be submitted either in person or by mail to the Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515 or submitted electronically at HOU-PIOWebMail@txdot.gov or at the TxDOT project website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

Materials for the Public Meeting will be presented in English and Spanish. Persons interested in attending the meeting who have special communication or accommodation needs, or need an interpreter, are encouraged to contact TxDOT's Public Information Offices (713) 802-5076. Requests should be made at least five days prior to the public meeting. Every reasonable effort will be made to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

tion and Alumni must be filed the date of graduation. A supporter must have made an extraordinary contribution over an extended period of time resulting in a significant benefit or reflecting great credit to an individual school or to Sweeny ISD. Nomination packets may be picked up at the Sweeny ISD Administration Building at 1310 N. Elm St., or a nominee may be submitted through the online process at (<http://Sweeny ISD.org/home>). For inquiries about the process, call (979) 491-8000. Nomination forms will be accepted through Feb. 4. Please do not submit originals. The forms must be mailed via certified mail or hand delivered in a sealed envelope to the Sweeny ISD Superintendent's office. Nominations must be marked "Attention: SISD Walk Of Honor Committee" on the outer envelope. The name and address of the attorney filing this action is: Michael Hupf, Bonial & Associates PC P O Box 9013 Addison TX 75001. D12/27 GRANT SERVICES PUBLIC NOTICE The City of West Columbia, Texas plans to apply for the upcoming Community Development Block Grant - Disaster Recovery funding from the General Land Office - Community Development & Revitalization (GLO). These services are being solicited to assist the City in its application and administration of the CDBG-DR contract(s), if awarded, to support eligible activities in the City of West Columbia, Texas. Accordingly, the City is seeking to contract with a qualified Administration Service Provider (individual/firm) to prepare the application and/or administer the awarded contract(s). Please submit three (3) copies of your proposal way from the first time he went to Las Vegas. "His control is a lot better. His form is a lot better. I think he has as good of a chance as anyone else out there. It's the top kids in the world going out there. It's an honor and privilege just to make it," Adam Schill said. **Guy Raasch** Raasch, 13, is making his first trip to the Junior National Finals. He will be competing in the 12-and-under tie down calf roping event. He qualified for Las Vegas in an Ultimate Calf Roping event in Decatur, Texas this season. The trip to Las Vegas culminates what Raasch said has been an up and down season for him. "It kind of started off rough, but it's been pretty nice since about August," Raasch said. Raasch has been competing in rodeo around five years and calf roping has been his specialty since the start. "When I first started doing it, I thought it was pretty cool," Raasch said. "I started getting better and better, so you want to keep doing it. It's kind of addictive. I like it a lot. It's fun." He was inspired to get into rodeo by his father and stepfather. "My dad, he didn't rodeo, but he's worked cows his whole life. So, I've been around horses my whole life," Raasch said. "When my mom got married to my stepdad, he used to pro rodeo. When they first got together and he was living down here, we went to a few rodeos with him. I said, you know I might want to start doing this. I

ing years. The inductees from the first class of the Walk Of Honor were Harold Spencer, Band Director from 1948-1984; Melba Lee Hosey, member of the last class to graduate from George Washington Carver High School in 1966; Cleo C. Grimes, a teacher for 33 years at Carver and 6 years at Sweeny Elementary before retiring in 1972. There is a historical monument for each honoree and the exhibit is located by the flagpole out front at Sweeny High School. The design was done by Committee Member and former Sweeny High School Graduate William H. Long with help by students. The Agriculture Class built the float that is used on Sweeny Pride Day to honor the Inductees. The WOH Committee is currently developing a Fundraising Paver Project to support the Walk of Honor. got a dummy and started roping the dummy and from then on they got me a horse and I started roping." That start, he said, has spurred him to want to compete in rodeo at the high school and college levels and eventually have a pro rodeo career. As for the competition in Las Vegas, Raasch hopes to win it. "But there's a tough group of kids going out there," he said. "I'm going to try my best to win it." **Jake Bazar** Bazar, 16, is going to his second straight Junior National Finals Rodeo and will be competing in novice saddle bronc riding. The Needville High School sophomore is in the middle of his fourth year of competing in rodeo. He qualified for Las Vegas through the Rock You Pro Youth Rodeo Tour finals in Crockett this year, where he won the event. Bazar finished sixth overall last year at Las Vegas and is aiming to improve on that this year. "I'm going there with the hope to win it," Bazar said. "I go into every competition thinking I am going to ride every horse." This is Bazar's fourth year competing in rodeo. "My dad used to rodeo, then my brother started riding saddle broncs, so I figured I should start," Bazar said. "I just like it. It's fun." He hopes to eventually to ride at the college and pro levels. **B.J. Davidson** had four points and Jacob Bailes

COMMENTS (COMENTARIOS):

I support the project based on South proposal followed by the ~~the~~ centered proposal. However, if the North proposal is the choice, we would ask that the transition curve starts further west so that there is no infringement upon our property.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): • PREFER CENTER OPTION. EXISTING DRAINAGE IS MAN MADE SINCE 2000 AND NOT WATER

• FOR SOUND CONSIDERATIONS WITH SOUTHERN TRAILS HOA + HOMES, WE NEED TO WORK A SOLUTION THAT ALLOWS ANY SOUNDWALL TO BE PLACED IN THE CURRENT LOCATION OF HOMEOWNERS FENCE. THIS COULD MEAN HOA / COUNTY / STATE FIND SOLUTION FOR HOA LAND

• FOR PROPOSED DRAINAGE / RETENTION, STATE SHOULD WORK WITH BRAZORIA DRAINAGE DISTRICT #4 AND MUST USE EXISTING RETENTION PONDS TO REDUCE IMPACT TO CHURCH + HOMEOWNER

• AREA FOR CR 59 DID NOT FLOOD IN HARVEST DO NOT LOWER ROAD.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): Concerns regarding ownership of land on property at Shepherd of the Heart United Methodist Church (umc). Current property needed to expand ministry with past payments securing land for this project. ① Retain left & right turn access from CR 59 to church property from 4-lane highway. ② Liability to children's program due to refection/detention area + increase in alien or militia population hazards.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

## Matthew Plummer Email comment.

Please find below, my comments regarding the Public Meeting held on December 11, 2018, at the Shepherd of the Heart United Methodist Church. The subject of the meeting was the County Road 59 Proposed Widening Project (CSJ:0912-31-305). The Brazoria County Engineering Department and the Texas Department of Transportation personnel, who conducted the meeting, were extremely informative, knowledgeable and very responsive to our questions and concerns. In general, I support the proposed project, although I do have some concerns.

My property is west of the church. Separating my property from the proposed detention pond is a small creek that is the primary source of water that supplies a 9-acre lake located on my property. The lake is not only used for recreational purposes, but it also serves as a winter habitat for migratory birds during the fall and winter months. Teal, Mallards, Coots and occasionally Gadwalls, are frequently seen on the lake and is a frequent habitat for Coots during the entire winter months. My concern is that the detention pond will negatively impact the creek's water flow and create a situation in which I will be unable to maintain and sustain the lake's water level, which is imperative to protecting and preserving its recreational and habitation usages.

As a feasible option, I would like to propose the relocation of the proposed detention pond to an 8.5-acre site that I own. The site is approximately 1000 feet west of the proposed site. The water from this new proposed site could be piped to the same out flow location as outlined in your proposed plan. The pipe could be buried, using an existing easement that I granted to the Shallow Creek subdivision that is located on the north side of my property. This option would not alter the creek's water flow and would not impact my lake. Additionally, it would prevent the church from losing a significant part of their property to the proposed detention pond, as presented in your proposal.

My alternative, to the proposed detention pond, is a viable solution to all concerned and should have a minimal impact on the overall cost of the project.

COMMENTS (COMENTARIOS): Concerns regarding ① Ownership of land on property of Shepherd of the Heart United Methodist Church (UMC) current property needed to expand ministry with past payments securing land for this project. ② Retain left & right turn access from CR 59 to church property from 4 lane highway. ③ Liability to children's program due to retention/detention area + increase in aquifer/nutrient, population hazards.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

Approve Matthew Plumber alternative plan. Thank you!

Do you support the proposed project? (¿Apoya el proyecto propuesto?)  Yes (Si)  No (No)  Undecided (Indeciso)

COMMENTS (COMENTARIOS): I am in favor of the road expansion, but I am NOT in favor of taking land from our church. The alternative plan with using Mr Plumbers property on the west side makes more sense.

Also, our church- Shepherd of the Heart UMC should have a cut through turn lane in front of the property.  
Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS)

We need to be able to turn into the church from both directions

Also, please use Mr. Plumber's alternate plan, instead of using land from the church for retention pond  
Shepherd of the Heart needs the land for expansion

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): I support The alternative plan of our dear church's neighbor Mr. Plummer. The proposed plan would prevent our church from operating which would be a great loss to our community. It also would eliminate the possibility of expanding. So sad. Please choose the alternate. God bless you.  
P.S. Our church will need a turn lane to exit our parking lot. Thanks

COMMENTS (COMENTARIOS): I like the road expansion but not being able to turn into church parking lot would be a problem.

But a bigger problem is losing land at the church. Mr. Plumber has offered a great solution to all by using a piece of his property on the west side.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): oppose the current TxDOT plan

① This conflicts our current master plan that was required by the City of Pearland

② We currently use the land that you want to take

③ Must have access to turn Left + Rgt from our entrance

④ Retention pond is a concern for our Little Lamb's school.

Strongly support Mr Plummer's Alternate Plan.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): Good afternoon - I do see the need for the expansion of CR59, but have concerns about the Church losing so much land. They do so much work feeding children with their Food From The Heart program, I would be worried if their ability to expand is taken away. I am in favor to hear more about Mr. Plummer's alternate plan, that would allow the Church to expand and also allow Mr. Plummer to keep the portion of his land currently in use. Lastly, would inquire if easy turn-in and exit access to the Church will be in place after expansion

COMMENTS (COMENTARIOS):

I think widening the road is a necessity. I do not want to lose land for the retention pond that would keep Shepherd of the Heart from growing in the future. Making sure there is an easy way to access the church and also the school on a daily basis is important. The 6 foot grassy area is nice but there should be a way to turn into the church driveway going either way.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

I also have concerns about the safety of children with possible water on at least 2 sides.  
This comment form may be turned in tonight, mailed, or emailed by January 02, 2019 to the address below: (Esta formulario de comentarios puede ser entregado esta noche, por correo, o por correo electrónico a más tardar el 2 de enero de 2019 a la siguiente dirección:)

Please look at other options in the area. I know Dr. Plummer is willins to help.

Do you support the proposed project? (¿Apoya el proyecto propuesto?)  Yes (Sí)  No (No)  Undecided (Indeciso)

COMMENTS (COMENTARIOS): Do NOT support the proposed project, but would support Mr. Plummer's plan. As the plan currently stands, it would not allow for expansion of the church's buildings due to the retention pond proposed. The church would need to be able to turn left as well as right onto the highway (this is also for the Day Care families during the week).

PLEASE consider Mr. Matthew Plummer's alternative solution - Thank you!  
Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

I am employed by TxDOT or Brazoria County (Soy empleado de TxDOT o del Condado de Brazoria)

I do business with TxDOT or Brazoria County (Hago negocios con TxDOT o del Condado de Brazoria)

I could benefit monetarily from the project or other item about which I am commenting (Podría beneficiarme económicamente con este proyecto u otro asunto del cual estoy comentando)

How did you learn about this meeting? (¿Cómo se enteró de esta reunión?)

Newspaper (Periódico)  Notice in the Mail (Aviso por Correo)

Other (Please explain) (Otro [Favor de explicar]) meeting at church

Do you support the proposed project? (¿Apoya el proyecto propuesto?)  Yes (Sí)  No (No)  Undecided (Indeciso)

COMMENTS (COMENTARIOS): The location of the proposed median would not allow cars coming from the west to enter the church's parking; when leaving the church, the cars would be unable to turn left toward 288 – killing attendance. The proposed retention pond would essentially take up all the church's land, making it impossible for expansion, additional parking, restrict the community activities currently in place, and create a safety issue for the small children attending Little Lambs Daycare. The median with no turn would also affect Little Lamb's

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

attendance. All proposals would in essence kill the church + daycare.

COMMENTS (COMENTARIOS): Please do not take land from this church. We give so much to our community. We take care of needy families in our area: Duke Elementary and Jeter Elementary. We also have a Mother's Day Program. The retention pond will prevent our church from growing and it will endanger our precious children. Our neighbor Mr. Plummer, is willing to sell some of his property to save our church. PLEASE consider this as an option.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): The location of the proposed retention pond would take up all of the land that the church uses for Community events. The church has a school and this can cause safety issues for them. There needs to be a break in the median so that we can turn both ways coming out and in to the church. I recommend and support Mr. Plummer's alternate plan for a retention pond that would not affect any of the church's property.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS):

I'm concerned about The church losing land for a retention pond and that we will be unable to take a left hand turn out of the parking lot due to a barrier. I heard of Mr. Plummer's recommendation, and I support it as an alternative plan.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS):

1) It will negatively impact the expansion of the church parking lot

2) negatively impact the flow of traffic, entering & leaving the church; we will not have an entrance or exit from the church parking lot.

3) negatively impact the church property its value and the church youth

4) I support the Planners Plan, which relocates the retention pond and does not affect church property.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): I'm not in support of selling some of the Church's land to Txdot to go to a proposed retention pond. The amount of land you want to buy is over 1/2 of what land we have that doesn't have something on it. This land is land we use for many of our community events. It also includes land that we have plans to build on for future growth. The losing of this property will seriously hurt this church. We are very active in the community with Food from the Heart program which partners with 4

elementary schools in the area to provide food for kids on the weekends. We also provide a well known learning center Little Lambs for children 18 months - 4 yrs. Losing this property would put these programs in jeopardy.

Our neighbor Dr. Plummer has a different proposal for where to put the retention pond that would be on his land and would not require taking any of our land. As a church we are in support of Dr. Plummer alt. retention pond plan over tx dot current plan. I pray that our concerns are heard and you will decide not to hurt our church and its future.

Grace and Mercy,  
Pastor Christi Conroy

COMMENTS (COMENTARIOS): I LIVE ON THE SOUTH EAST CORNER OF CR 48 + CR 59 INTERSECTION. I WOULD SUPPORT THE NORTH ALTERNATIVE OF THE PROJECT CORRIDOR. I NOW HAVE A CULBERT TO OUR PROPERTY ON THE SOUTHSIDE OF COUNTY ROAD 59. I WOULD LIKE TO PLACE IT AT THE FIRST TURN-A-ROUND FROM CR 48 EAST. I HAVE MY PROPERTY LEASED FOR HAY BALING AND THIS WOULD ALLOW THEM TO CROSS THE ROAD AND GO LEFT WITH THEIR 18 WHEEL TRUCKS + TRAILERS, WHEN WIDENING CR 48, 120 FOOT OF LAND PLUS MY HOUSE WAS TAKEN. NONE WAS TAKEN FROM THE OTHER SIDE OF CR 48. NOW YOU ARE ASKING ME TO GIVE AN EXTRA 10 FEET (50 FT TO 30 FT)

I, Lynn Shoff, am a member of Shepherd of the Heart United Methodist Church and was intimately involved in the long-range planning and construction of our church building located at 12005 County Road 59. I am in favor of the project to widen county road 59 but opposed to the proposed retention pond plan. It would result in nearly eliminating any of our future growth plans. The first thing it does is eliminate the ability to enhance our retention pond capability to deal with additional buildings and parking lots we had planned as we expand. Our expansion is nearly guaranteed, given the growth of the community around us. Our church provides many community services including providing a meeting place for home owners associations and classrooms for a Day Care Center as well as being significantly involved with local schools as it relates to supporting less fortunate families in the community. Not only would this plan impact our church with the problem of having to relocate to expand but would take away critical services to the community.

I have reviewed the alternative proposal Dr. Plummer has recommended and totally support his proposal because it not only deals with our church's concerns but it utilizes land that has no particular current plan for use and assures the ecological issue of potentially impacting the duck migration that takes place in that area.

Thank You,

A handwritten signature in cursive script, reading "Lynn Shoff", is written over a solid horizontal line.

COMMENTS (COMENTARIOS): This would severely hurt our church - we have been paying on this land for 10 years. This land is used for different auctions during the year. One day we hope to expand parking and church - there is the summer alternative that would save our land. Please do not take any land from our church - THANK YOU -

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS): 1. They proposed project would not allow for planned, future expansion of the church. 2. I am worried about the retention age a being right next to a pre-school playground. 3. The proposed site would be where we hold our pumpkin festival, easter egg hunt, & our future spring bazaar. 4. We would need a break in the median in front of our driveway to allow for traffic to cross. 5. I am in favor of the alternate plan proposed by Mr. Plummer.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

COMMENTS (COMENTARIOS):

The proposed project would take away 50% of the current church property and they would not be able to have future expansion. No current break in the proposed project to allow left hand turns leaving the church. I am in favor of the alternate plan proposed by Mr. Plummer.

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

I am writing in regards to the proposed project on County Road 59. I attend Shepherd of the Heart United Methodist Church on special occasions and participate in their community activities. Both my children were baptized in this church. I support the widening of the road but am opposed to the use of land that is currently owned by Shepherd of the Heart United Methodist Church as a retention pond. The church purchased this extra land with the express intent of using it for expansion. This project would remove that option. The church also uses this land for special community activities. The annual Pumpkin Chunkin' Festival is a prime example. Use of this land would eliminate all the community activities the church currently uses the land for. There are also significant amounts of vacant land on both the north and south sides of the road that appear to be suitable for a retention pond. In fact, it does not make sense to take the churches land that is currently used and leave these other unused lots in-tact. The churches neighbor, Mr. Plummer has proposed letting this project use a piece of land on the West side of his property which would allow the church to keep its land. I support his proposal.

I am writing in regards to the proposed project on County Road 59. I attend Shepherd of the Heart United Methodist Church on special occasions and participate in their community activities. I live down the street in Southern Trails. I support the widening of the road but am opposed to the use of land that is currently owned by Shepherd of the Heart United Methodist Church as a retention pond. The church purchased this extra land with the express intent of using it for expansion. This project would remove that option. The church also uses this land for special community activities. The annual Pumpkin Chunkin' Festival is a prime example. When I attend this event I park in an area of the land that the church will no longer have available if the proposal is approved in its current manner. Use of this land would eliminate all the community activities the church currently uses the land for. There are also significant amounts of vacant land on both the north and south sides of the road that appear to be suitable for a retention pond. In fact, it does not make sense to take the churches land that is currently used and leave these other unused lots in-tact. The churches neighbor, Mr. Plummer has proposed letting this project use a piece of land on the West side of his property which would allow the church to keep its land. I support his proposal.

Angleton, Texas 77515

This response opposes the current proposed project on County Road 59. My husband and I are currently members of Shepherd of the Heart United Methodist Church. I support the widening of County Road 59 but am opposed to the use of land that is currently owned by Shepherd of the Heart United Methodist Church as a retention pond. The church purchased this extra land with the express intent of using it for expansion and is planning to do so in the future. This project would remove that option. The church also uses this land for special community activities. The annual Pumpkin Chunkin' Festival is a prime example. Use of this land would eliminate all the community activities the church currently uses the land for. There are also significant amounts of vacant land on both the north and south sides of the road that appear to be suitable for a retention pond. In fact, it does not make sense to take the churches land that is currently used and leave these other unused lots in-tact. The churches neighbor, Mr. Plummer has proposed letting this project use a piece of land on the West side of his property which would allow the church to keep its land. I support his proposal.

I am writing in regards to the proposed project on County Road 59. I attend Shepherd of the Heart United Methodist Church on special occasions and participate in their community activities. I recently moved to Pearland and enjoy different activities in the community. I support the widening of the road but am opposed to the use of land that is currently owned by Shepherd of the Heart United Methodist Church as a retention pond. I am afraid that this project will affect the activities I participate in. The church purchased this extra land with the express intent of using it for expansion. This project would remove that option. The church also uses this land for special community activities. The annual Pumpkin Chunkin' Festival is a prime example. Use of this land would eliminate all the community activities the church currently uses the land for. There are also significant amounts of vacant land on both the north and south sides of the road that appear to be suitable for a retention pond. In fact, it does not make sense to take the churches land that is currently used and leave these other unused lots in-tact. COMMENTS (COMENTARIOS):

#1 The proposed retention pond will occupy approximately 1/2 of our churches existing property. Our future expansion plans would be greatly curtailed if not impossible. NO possibility of additional buildings or parking. We will be LAND LOCKED! Relocation of our church is not an option. Our churches future growth will be effected dramatically and we support 4 elementary schools in our area.

#2 The location of the proposed retention pond would take up all of the

02 JAN 2019 PM 6 L

NORTH HOUSTON TX 773

Land we use for community activities for our PUMPKIN PATCH, PUMPKIN CHUNKIN FESTIVAL, EASTER EGG HUNT, and our SPRING BAZAAR.

#3 The proposed retention pond will create a safety issue with concern to small children who attend our churches LITTLE LAMBS LEARNING CENTER SCHOOL.

#4 The proposed retention pond may create a mosquito control issues in the area.

#5 The location of the proposed median crossover (cut-thru) There needs to be a break in the median at the entrance to our church so we can turn both way (IN & OUT of our church).

#6 We would like for you to greatly <sup>consider</sup> MATTHEW W. PLUMMER JR DMD MPH proposed plans to use his property, which would NOT impact our churches property

PLEASE CONSIDER THESE CONCERNS AND PROPOSALS. Our church is very important to us and our community. THANK YOU!

Do you support the proposed project? (¿Apoya el proyecto propuesto?)  Yes (Si)  No (No)  Undecided (Indeciso)

COMMENTS (COMENTARIOS):

#1. The proposed retention pond will essentially occupy approximately 1/2 of our churches existing property. Our future expansion plans would be greatly curtailed if not impossible. No possibility of additional building or parking. We will be land locked and relocation is not an option. Our churches future growth will be effected dramatically. We support 4 elementary schools in the area.

#2 The location of the proposed retention pond would take up all of the land we use for community activities for our PUMPKIN PATCH, PUMPKIN

Please make additional comments on the back. (Favor de hacer comentarios adicionales al dorso de esta forma.)

# County Road 59 Proposed Widening Project From County Road 48 to Kirby Drive

Tuesday, December 11, 2018 | 5:30 p.m. - 7:30 p.m.  
Shepherd of the Heart United Methodist Church  
at 12005 County Road 59, Pearland, TX 77584

## Welcome to Tonight's Public Meeting

The Brazoria County Engineering Department and the Texas Department of Transportation (TxDOT) welcome you to the Public Meeting for the County Road 59 Proposed Widening Project. The purpose of tonight's Public Meeting is to afford the public an opportunity to review and provide comments on the proposed project.

This Public Meeting is being conducted in an open house format and there will be no formal presentation. You are invited to view the exhibits and ask questions. Representatives from the Brazoria County and TxDOT team are available tonight to answer your questions.

Public comments are encouraged.

## Project Summary

**Project Location:**

Brazoria County

**Project Length:**

Approximately 1.1 miles

**Project Limits:**

County Road 48 to Kirby Drive

**Estimated Construction Cost:**

\$7.3 Million

**Project Reference Number:**

CSJ: 0912-31-305

**Roadway Right-of-Way Required:**

Approximately 9 Acres

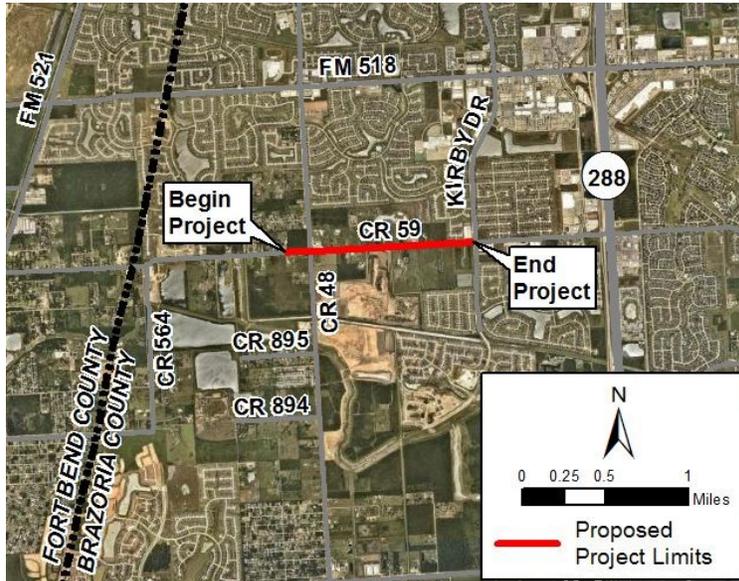

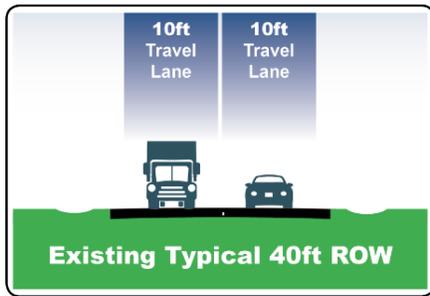

**Potential Displacements:**

Evaluation of Displacements Pending

## Proposed Project Description

The proposed project would widen the existing County Road 59 from two 10-foot-wide lanes and open ditch roadway to four 11-foot-wide lanes divided by a 16-foot-wide raised grassy median. The proposed project would include a 10-foot-wide shared use path north of County Road 59. Drainage features would include curb-and-gutter and a redesigned drainage system. Additionally, there is a proposed detention pond.

The proposed roadway improvements would require approximately 9 acres of additional right-of-way and may result in some displacements.

## How to Get Involved

### Why is this project proposed?

The purpose of the proposed project would be to improve mobility and meet current design and safety standards.

The public is invited to participate in the project development process by attending this Public Meeting tonight and submitting comments.

You may submit comments in English or Spanish in the following ways:

- ⇒ Place the comment card in the Comment Box tonight
- ⇒ Send the comment card via U.S. Mail to:

**Brazoria County Engineering Department**  
**451 N Velasco, Suite 230**  
**Angleton, Texas 77515**

- ⇒ Comments submitted electronically to: HOU-PIOWebMail@txdot.gov or <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>

All comments are due by **January 2, 2019** in order to be considered in the official Public Meeting Documentation.

The Public Meeting Documentation Report will be available online at the above web address approximately 3 months after the meeting tonight. This Public Meeting Documentation will contain responses to all comments received by the due date.

Please reference the Project Reference Number, found on the front of this handout, in any communication.

### Next Steps

- Consider Public Meeting comments
- Finalize environmental analysis
- TxDOT Environmental Decision
- Final design
- Begin right-of-way acquisition
- Anticipated construction to begin in 2021
- Construction time is approximately 18 months

# Proyecto Propuesto de Ampliación de la County Road 59

## Desde la County Road 48 Hasta la Kirby Drive

martes, 11 de diciembre de 2018 | 5:30p.m. – 7:30p.m.  
Iglesia Shepherd of the Heart United Methodist  
12005 County Road 59, Pearland, TX 77584

## Bienvenidos a la Reunión Pública de Esta Noche

El Departamento de Ingeniería del Condado de Brazoria y el Departamento de Transporte de Texas (TxDOT) le dan la bienvenida a la Reunión Pública sobre el Proyecto Propuesto de Ampliación de la County Road 59. El propósito de esta Reunión Pública es dar al público la oportunidad de revisar y proveer comentarios sobre el proyecto propuesto.

La Reunión Pública se conducirá en un formato informativo y no habrá una presentación formal. Está invitado a revisar las exhibiciones y hacer preguntas. Representantes del equipo del Condado de Brazoria y de TxDOT están disponibles esta noche para responder sus preguntas.

Se anima al público a que presente sus comentarios.

## Resumen del Proyecto

### Ubicación del Proyecto:

Condado de Brazoria

### Longitud del Proyecto Propuesto:

Aproximadamente 1.1 millas

### Límites del Proyecto:

Desde la County Road 48 hasta la Kirby Drive

### Costo de Construcción Estimado:

\$7.3 Millones

### Número de Referencia del Proyecto:

CSJ: 0912-31-305

### Derecho-de-Vía de la Carretera Requerido :

Aproximadamente 9 Acres

### Potencial de Desplazamientos:

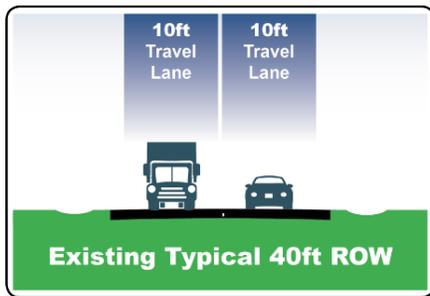

Pendiente Evaluación de  
Desplazamientos

## Descripción del Proyecto Propuesto

El proyecto propuesto ampliará la County Road 59 existente de dos carriles de 10 pies de ancho por carril con zanjas abiertas a cuatro carriles, de 11 pies de ancho por carril, dividida por una mediana elevada de 16 pies de ancho y cubierta de césped. El proyecto propuesto incluirá un carril de uso compartido, de 10 pies de ancho, en el lado norte de la County Road 59. Características del drenaje incluyen bordillo y cuneta a ambos lados de la carretera y un sistema de drenaje rediseñado. Adicionalmente, hay dos opciones para estanques de etención.

Las mejoras propuestas de la carretera requerirían aproximadamente 9 acres de derecho-de-vía adicional y pueden resultar en desplazamientos.

La revisión ambiental, consulta, y otras acciones requeridas por las Leyes Ambientales Federales aplicables para este Proyecto están siendo o han sido llevado a cabo por TxDOT en virtud de 23 USC 327 y un Memorando de Entendimiento de Diciembre 16, 2014, y ejecutado por la FHWA Y TxDOT.

## Cómo participar en el Proyecto Propuesto

### ¿Por qué se propone este proyecto?

El propósito del proyecto será para mejorar la movilidad y actualizar normas actuales del diseño y de la seguridad.

### Pasos Siguintes

- Considerar los comentarios de la Reunión Pública
- Finalizar los estudios ambientales
- Decisión del proyecto por parte de TxDOT para la Evaluación Ambiental Final
- Completar el diseño final
- Comenzar la adquisición de derecho-de-vía
- Empiezo de construcción anticipado en 2021
- El tiempo de construcción es roximadamente 18 meses

Se invita al público a participar en el proceso de desarrollo del proyecto en forma de asistir a la Reunión Pública y entregar comentarios.

Se puede entregar comentarios en inglés or español en las siguientes maneras:

- ⇒ Colocar la tarjeta de comentario en la Caja de Comentarios esta noche
- ⇒ Enviar la tarjeta de comentario por correo postal a:  
**Brazoria County Engineering Department**  
**451 N Velasco, Suite 230**  
**Angleton, Texas 77515**
- ⇒ Enviar comentarios electrónicamente a: HOU-PIOWebMail@txdot.gov o <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>

Todos los comentarios deben ser recibidos en o antes del **2 de enero de 2019** para ser considerados en la Documentación oficial de la Reunión Pública.

El Reporte de la Documentación de la Reunión Pública estará disponible en la dirección de web mencionada arriba aproximadamente 3 meses después de la reunión de esta noche. Este Documentación de la Reunión Pública Resumen contendrá las respuestas a todos los comentarios recibidos antes de la fecha de vencimiento.

Favor de citar el Número de Referencia del Proyecto, encontrado en el frente de este folleto, en todas formas de comunicación.

TEXAS DEPARTMENT OF TRANSPORTATION

Welcome  
Public Meeting

County Road 59 Proposed Widening Project  
From County Road 48 to Kirby Drive

Brazoria County  
December 11, 2018

Open House from 5:30 p.m. – 7:30 p.m.  
Shepherd of the Heart United Methodist Church  
Pearland, Texas

# Need and Purpose

## Project Needs

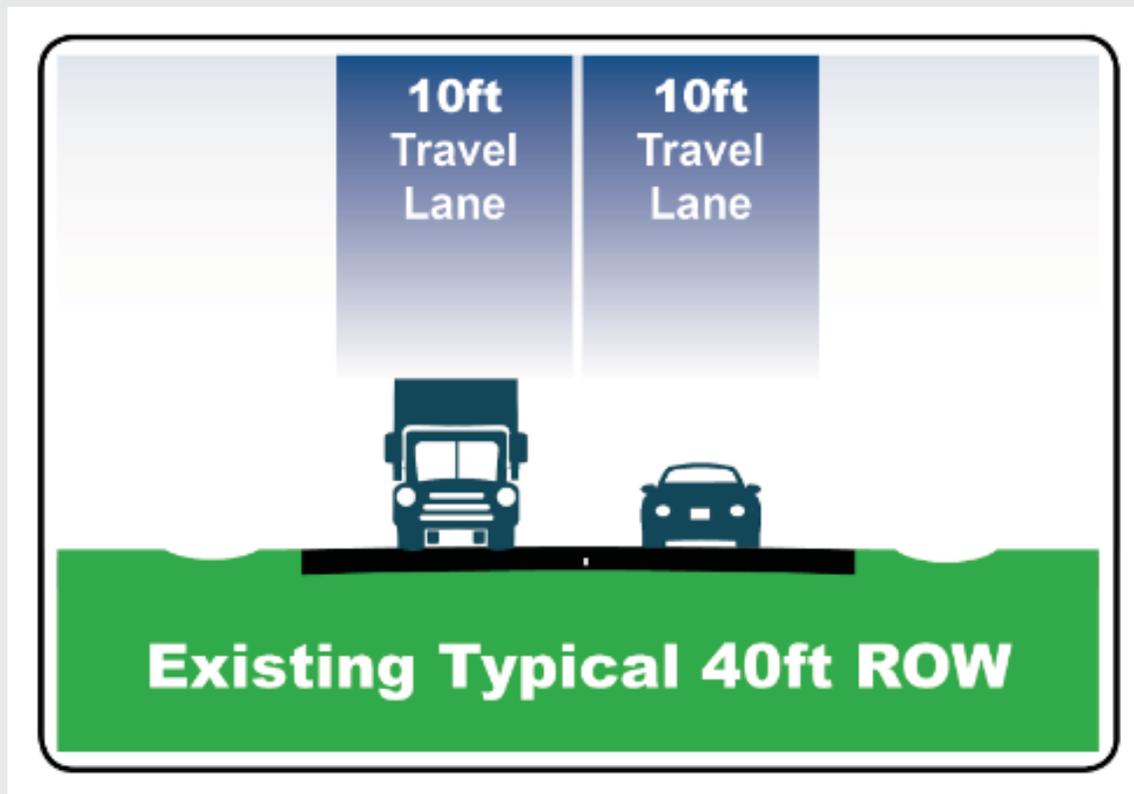

- Current and projected growth in the area has caused traffic demand to increase
- Current two-lane undivided roadway does not meet design or safety standards (narrow lanes and little to no shoulders)

## Project Purpose

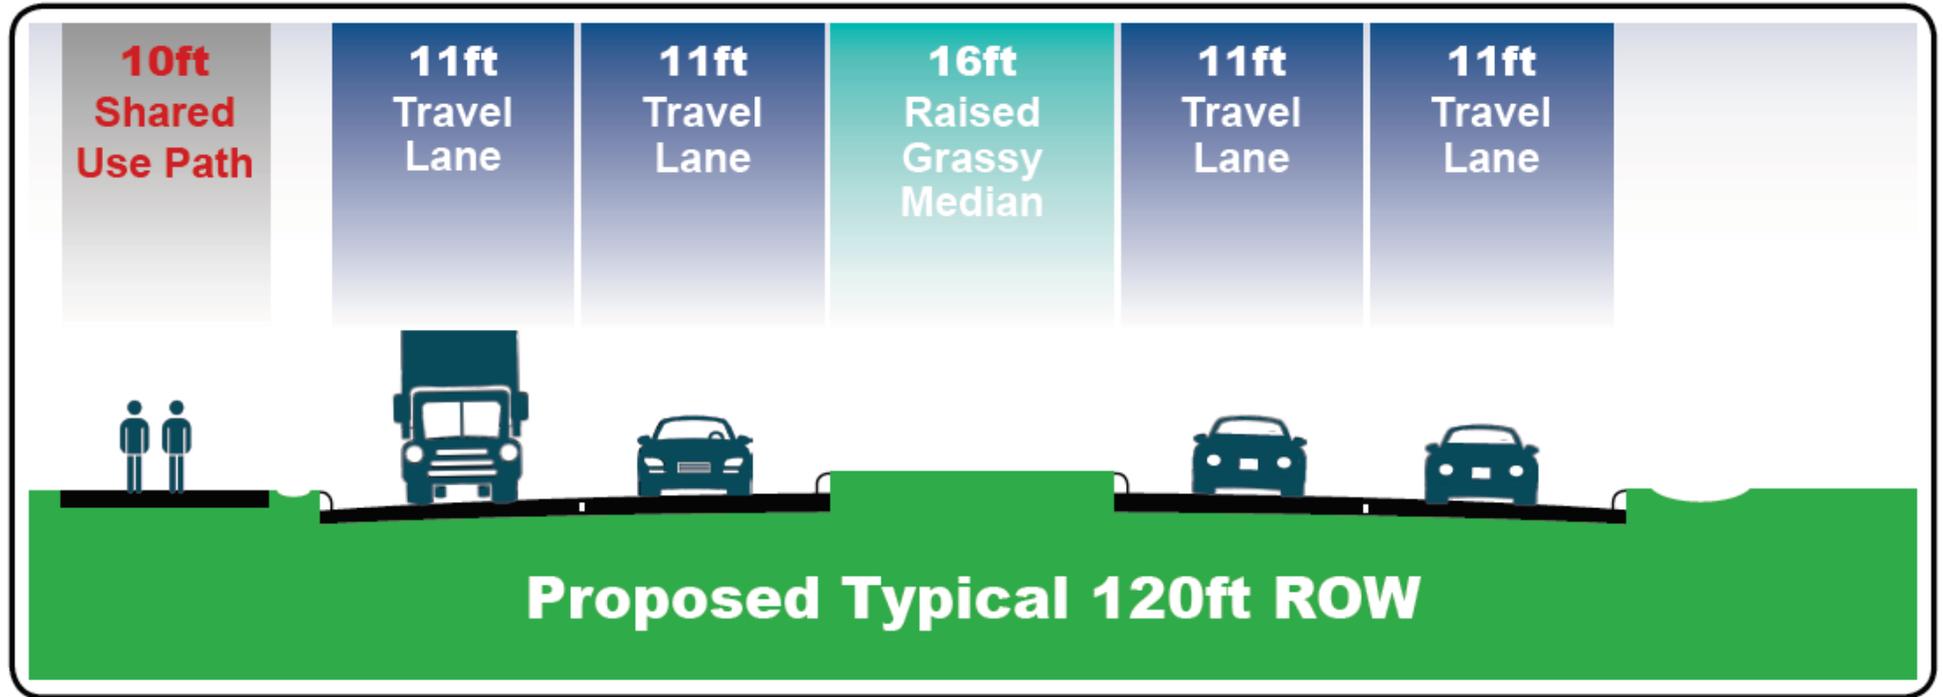

- The proposed project would be to improve mobility
- The proposed project would be to meet current design and safety standards

## Existing Typical Section

- Two undivided 10-foot travel lanes (one lane in each direction)
- No shoulders
- Open ditches
- Typical right-of-way width of 40 feet

# Proposed Typical Section

- Four 11-foot travel lanes (two lanes in each direction)
- 16-foot raised grassy median width
- Curb and gutter design with open ditch
- 10-foot shared use path north of County Road 59
- Right-of-way width of 120 feet

# Proposed Roadway Evaluation of Alternatives

County Road 59 Widening: County Road 48 to Kirby Drive	North Alternative	Center Alternative	South Alternative
Evaluation Criteria			
<b>COST:</b> Estimated Construction Cost (Millions)	\$7.31	\$7.31	\$7.31
<b>ROW:</b> Roadway Right-of-Way Required (Acres)	8.15	8.05	8.91
<b>PARCELS:</b> Number of Parcels Impacted	28	26	24
<b>COMMERCIAL PROPERTIES:</b> Number of Commercial Structures Impacted	0	0	0
<b>RESIDENTIAL PROPERTIES:</b> Number of Residential Structures Impacted	1	0	0
<b>OTHER STRUCTURES:</b> Number of Other Structures (barn, shed, etc.) Impacted	1	1	1
<b>FLOODPLAIN:</b> Floodplain (Within 100-Year Floodplain, Including Floodway (Acres))	0	0	0
<b>WETLANDS:</b> Impacts in Acres, as mapped based on Wetland Delineation conducted July/August 2018 (draft pending approval)	0	0	0
<b>STREAMS:</b> Impacts* in Linear Feet (Acres), as mapped based on Wetland Delineation conducted July/August 2018 (draft pending approval)	100 (0.016)	335 (0.034)	360 (0.031)

\* Assumes full impact within the roadway ROW

Green - desirable

Blue - neutral

Red - undesirable

## Next Steps

- Consider Public Meeting comments
- Finalize environmental analysis
- TxDOT Environmental Decision
- Final design
- Begin right-of-way acquisition
- Anticipated construction to begin in 2021
- Construction time is approximately 18 months

## **F. Description of project modifications resulting from Public Meeting (if applicable)**

The following is a summary of the changes based on the public's comments at the December 11, 2018 Public Meeting:

- Additional options for detention ponds are being considered as a result of comments received at the public meeting, including the recommendation by property owner Matthew Plummer.
- The project will include a median break with a left-turn lane at the church to provide access for eastbound traffic to and from the church. The schematic design was preliminary and did not include all final details of the roadway design.
