

NOTICE OF PUBLIC MEETING

Proposed Landing Boulevard Extension from FM 518 to IH 45

The City of League City, in cooperation with the Texas Department of Transportation (TxDOT), will conduct a public meeting on Tuesday, March 21, 2017 at the Johnnie Arolfo Civic Center, located at 400 W. Walker Street, League City, TX, 77573. The purpose of the meeting is to present the proposed extension of proposed Landing Boulevard from FM 518 to IH 45, Galveston County/Harris County, Texas. This meeting will be held in an open house format from 5:30 p.m. to 7:30 p.m. No formal presentation will be made.

The proposed project is the extension of Landing Boulevard from FM 518 to IH 45 in the City of League City and the City of Webster. The proposed project will consist of constructing a four lane divided concrete boulevard roadway that includes both existing and new location right-of-way (ROW). The proposed improvements would accommodate expected traffic demand and growth in the region, while enhancing safety by providing an additional north/south route on the west side of the City of League City. The proposed roadway design includes two travel lanes in each direction with a variable median and bicycle and sidewalk accommodations. The roadway would have a storm sewer drainage system and detention pond. The project also proposes construction of two bridges; one over Clear Creek and one over Harris County Flood Control District Channel A111. The proposed project includes approximately 23 acres of additional ROW that would be required for all proposed roadway and drainage improvements and would displace one business.

Maps and other drawings showing the proposed project's location, geometric design, and environmental constraints will be available for viewing at the public meeting. This information is available for inspection Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. at the TxDOT Houston District Office located at 7600 Washington Avenue, Houston, Texas 77007. To schedule an appointment at the Houston District please contact Mohammed Zubair, at (713) 802-5616. The information will also be posted online on TxDOT's website:
