# 2.0 PUBLIC MEETING SUMMARY

# 2.0 PUBLIC MEETING SUMMARY

**Meeting Date & Location:**

Hauke Alternative High School
701 N. Third Street, Conroe, Texas 77301
Wednesday, November 19, 2003
6:00 pm to 8:00 pm

Stephen F. Austin Elementary School Cafeteria
14796 Hwy. 105 East, Conroe, Texas 77306
Thursday, November 20, 2003
6:00 pm to 8:00 pm

**Meeting Purpose:**

The purpose of these meetings was to solicit public input on the alignment alternatives within the project limits. This project is located along SH 105 from FM 1484 (10th Street) in Conroe to Loop 105 in Cleveland; Montgomery, San Jacinto and Liberty Counties, Texas.

**Meeting Format:**

These meetings consisted of an Open House format with exhibits and handouts. Exhibits included various informational displays detailing the project purpose/objectives, roadway considerations, environmental considerations, schematic design considerations, project traffic, and existing and proposed typical sections. Handouts included an informational program, map of the project location, environmental/engineering constraints matrix and a comment form.

| **Attendance November 20th:** | Citizens | 69 |
| | Elected/Public officials | 5 |
| | TxDOT personnel | 8 |
| | Consultants | 8 |

**Meeting Summary:**

The intent of this meeting was to gather input from the public on the proposed improvements of SH 105 within the project limits. Presented alternatives, at this time, included widening SH 105 to the north, widening to the south and widening on both sides of the roadway, typical section alternatives (e.g., variable number and/or configuration of lanes/medians, variable right-of-way widths, etc.) and the no build alternative.

Four (4) people filled out comment forms for the November 19th Public Meeting. An additional thirty-one (31) people filled out comment forms for the November 20th Public Meeting. Of those persons commenting, two (2) people specifically requested that SH 105 be widened to the north, three (3) specifically requested widening to the south, and nine (9) specifically requested widening down the middle. One (1) person specifically commented that they preferred the no build alternative.

Eight (8) people requested that SH 105 Project be expedited. One (1) commenter remarked that there had been five fatalities on SH 105, between Crockett Martin Road and Walker Road, since the last series of Public Meetings in June. Two (2) commenters specifically said they had no preference as to which alternative was chosen, just that the building process be rushed.

Several commenters requested a designated turning lane. One (1) commenter specifically asked for a center left-turn lane to run the length of the entire project. One (1) commenter asked that the center left-turn lane run east of FM 1484 to the Cut-and-Shoot city limits. One (1) commenter suggested a center left-turn lane only at major intersections. Two (2) commenters said they would like to see a designated right-turn lane east of Loop 336 to FM 1485. One (1) commenter requested that all crossovers/center turn lanes have scored concrete for 2 feet to 3 feet inside the lanes from each side as a warning that the driver is crossing over.

Several commenters noted Right-of-Way concerns. One (1) person specifically said that widening to the south or widening to the north or south (split) would adversely affect his commercial business at 11386 Hwy 105 East. Another person cited that his businesses, from Station 135+00 to Station 140+00, would lose parking areas if SH 105 were widened to the south. One (1) commenter requested that the 88 foot cross-section through Cut-and-Shoot be continued, noting that no additional ROW would be needed and that city utilities would not have to be relocated. One (1) commenter noted that his mother's house was built on a concrete slab and, therefore, would not be moveable. Another commenter felt that the existing ROW shown at FM 1485 and SH 105 was incorrect and asked to be contacted to discuss this issue (Ms. Mary Taylor Knight, 1115 FM 1485, Conroe, TX 77302).

One (1) commenter asked that a light be installed at Waukegan Road to improve safety at the intersection and nearby Austin Elementary School. One (1) commenter asked that signals be installed at FM 1484 and at Walker Road. One (1) commenter requested that reflective markers be installed marking upcoming dangerous intersections.

One (1) commenter said that the need to build a highway capable of 70 mph speeds is unnecessary.

One (1) commenter requested that a connection road east of Loop 336 and Willis Road be built.

One (1) commenter requested that peripheral trees and road side parks be preserved along SH 105.

One (1) commenter noted she was pleased with the help/information she received from the TxDOT staff during the Public Meeting.

**Comments received verbally during the Public Meetings:**

Commenters expressed concern over the three recent fatal accidents at and around the intersection of SH 105 and Walker Road. Commenters also noted that significant accidents often occur around the Security Community Center. Commenters also remarked that the area between FM 1484 and Old Highway 105 is an area of fast, heavy development.

One (1) person had questions about ROW guidelines for properties that were located just outside the proposed ROW line and was concerned about the impact on his property when TxDOT begins to buy properties within the ROW.

Two (2) people requested an exhibit showing the plan view.

Several people noted changes to the area (new buildings/construction) since the aerial photography was taken. These included: Luv Mobile Homes is now a cleared lot (Station 140+00, LT), a Dollar Store is now at the corner of SH 105 and Walker Road (Station 565+00), the building labeled "Old Gas Station" no longer exists on property (Station 709+00, LT) and a rodeo is under construction (Station 734+00, LT).

Several people noted some buildings were mislabeled or should be shifted to the east or west by one property. These included: Christian Fellowship House (Station 140+00, RT) and the Carpet Warehouse (Station 141+00, RT) should be shifted to the east by one property, C.G.'s Beauty & Retail Shop (Station 279+00, LT) should be labeled at the property of Curtis Rushing, 1st Baptist Church of Groceville (Station 424+00, LT) should be shifted east by one property, the Fireworks Superstore and M-Truck Services (Station 463+00, RT) should be shifted west by one property, M-Truck Services is now C&S Machine and a business labeled "Tanks" should be shifted east by one property (497+00, RT). Also, the Highway 105 Machine Shop is owned by Dennis Knowles, the land currently labeled "Dennis Knowles" is owned by Charles Grimes, the boundary of Charles Grimes' and Lawrence Hoffman's land is at Station 638+00, perpendicular to SH 105.

One (1) person noted that three 2,000 gallons tanks could be found at Station 736+00 (RT side).

One (1) person commented that a church would be constructed at Station 485+00 (LT side).

Houston, Tx. 713-845-5401

# Project Purpose and Objectives

The purpose of this SH 105 roadway project is to improve the operational efficiency and safety of SH 105 within the project limits extending from 10th Street in Conroe to Loop 105 in Cleveland. Along certain segments within these limits, SH 105 is experiencing traffic congestion which is only anticipated to worsen.

To alleviate this congestion, the proposed SH 105 improvements will generally include widening and expanding the highway from 2 lanes to 4 lanes to improve traffic movements and access.

The improvements to this roadway are warranted based on the projected population growth and economic development in the general vicinity of Conroe and Cleveland, as well as the projected increase in traffic volumes over the next 20 years.

# Existing Facility Description

- Total project length is approximately 20 miles
- 4 lane divided near Conroe; 2 lanes along remaining length
- 12 ft. lane width; 14 ft. for continuous left turn lane
- 14 ft. median near Conroe
- Posted speed limit 45mph to 60mph rural : 30mph to 45mph urban

# Proposed Facility Description

- Right-of-way requirements will vary from 100ft. To 200ft.
- Rural & Urban 4 lane divided highway

# 4.0 HANDOUTS

## UPCOMING PUBLIC MEETING

The third Public Meeting for this SH 105 project is tentatively scheduled for the Spring of 2004. The recommended alternative will be displayed at the third meeting. Public comments will be encouraged and incorporated into the project development process.

## NOTES

©2003

Texas Department of Transportation

# PUBLIC MEETING

## State Highway 105 Alternatives Analysis Study

**From FM 1484 (10th Street) in Conroe to Loop 105 in Cleveland**

**Montgomery, San Jacinto & Liberty Counties, Texas**

**6:00 pm to 8:00 pm**

**Wednesday, November 19, 2003**
**Hauke Alternative School**

**Thursday, November 20, 2003**
**Stephen F. Austin Elementary School**

## SIGN-IN

All meeting attendees are encouraged to sign-in. The sign-in sheets assist in keeping a record of attendance for this meeting and will help in evaluating the public interest in this project.

## PROJECT PURPOSE

The purpose of these meetings is to solicit public input on the proposed alignment alternatives within the project limits from 10th Street in Conroe to Loop 105 in Cleveland, Texas. These alternatives were developed after taking into consideration the public concerns and comments expressed at the June 24 and June 26, 2003 Public Meetings.

The purpose of this SH 105 roadway project is to improve the traffic movements (operational efficiency) and safety within the project limits. Improvements to this roadway are warranted based on the projected population growth and economic development in the general vicinity of Conroe, Cut and Shoot, Security, Fostoria and Cleveland, Texas, as well as a projected increase in traffic volumes over the next 20 years. To alleviate congestion, the proposed SH 105 improvements will generally include widening and expanding SH 105 from 2 lanes to a 4-lane roadway.

## PROJECT OBJECTIVES

The objectives of this SH 105 improvement project include:

- Widen the roadway to accommodate future traffic needs and reduce future congestion
- Maintain and improve traffic movements and access
- Up-grade the roadway and improve safety

## ALTERNATIVES

Preliminary alignment alternatives that are under analysis for the SH 105 roadway improvements include the following:

- No Build Alternative
- Widen SH 105
  - Widen to the north
  - Widen to the south
  - Widen on both sides

## OPEN HOUSE MEETING

Exhibits illustrating the project purpose and objectives, engineering and traffic considerations, typical cross sections, environmental constraints, proposed alternative alignments and other project information will be displayed during this meeting. Staff members from the Texas Department of Transportation, S&B Infrastructure and Carter & Burgess will be present throughout this Public Meeting to receive public comments and answer questions regarding this project. All meeting attendees are encouraged to complete Comment Forms expressing their views and concerns.

**Please return the Comment Forms in the boxes provided or mail by December 4, 2003 to:**

Re: State Highway 105 Improvements, Conroe to Cleveland, Montgomery County, San Jacinto and Liberty Counties, Texas

The Texas Department of Transportation (TxDOT) will conduct two public meetings for the SH 105 Alternatives Analysis Study between the cities of Conroe and Cleveland, Texas. The purpose of these meetings is to continue to gather public input for this 20-mile roadway project as well as display and discuss suggested alternatives for the proposed improvements along SH 105, within the project limits, taking into account the public comments received from the two public meetings held on June 24 and June 26, 2003.

The first open house meeting will be held on Wednesday, November 19, 2003 from 6:00 pm to 8:00 pm at the Hauke Alternative School located at 701 North Third Street in Conroe, Texas. The second open house meeting will be held on Thursday, November 20, 2003 from 6:00 pm to 8:00 pm at the Stephen F. Austin Elementary School located at 14796 SH 105 East in Conroe, Texas.

All interested public officials and citizens are invited to attend these meeting to express their views and discuss the project with TxDOT representatives. Those interested in attending the meeting who have special communication or accommodation needs must contact TxDOT's public affairs office at (713) 802-5071 at least two days prior to the meetings.

For more information concerning the upcoming public meetings, or the proposed improvements, please contact Mr. Pat Henry, P.E. (Director of Project Development) at (713) 802-5241.

Thank you in advance for your interest in this project.

Sincerely,

Gary Trietsch, P.E.

Delaney R. Galloway
Rt. 10 Box 5435
Cleveland, TX

Re: Emhofer, Block 3, Lot 1, 2, 11, 12

Dear Delaney R. Galloway:

The Texas Department of Transportation (TxDOT) will conduct two public meetings for the SH 105 Alternative Analysis Study between FM 1484 (10th Street) in Conroe and Loop 105 near Cleveland, Texas. The purpose of these meetings is to solicit public input on the alignment alternatives within the project limits. These alternatives were developed after taking into consideration the public concerns and comments expressed at the June 24 and June 26, 2003 public meetings.

The first open house meeting will be held on Wednesday, November 19, 2003 from 6:00 pm to 8:00 pm at the Hauke Alternative School Cafeteria located at 701 North Third Street in Conroe, Texas. The second open house meeting will be held on Thursday, November 20, 2003 from 6:00 pm to 8:00 pm at the Stephen F. Austin Elementary School Gymnasium located at 14796 SH 105 East in Conroe, Texas.

All interested citizens are invited to attend these meetings to express their views and discuss the project alternatives with TxDOT representatives. Those interested in attending the meetings who have special communication or accommodation needs must contact TxDOT's public affairs office at (713) 802-5071 at least two days prior to the meetings.

For more information concerning the upcoming public meeting, or the proposed improvements, please contact Ms. Reem Hashem (TxDOT Project Manager) at (713) 802-5255 or Mr. Nathan Drozd (TxDOT Environmental Coordinator) at (713) 802-5788. Thank you in advance for your interest in this project.

Sincerely,

S&B Infrastructure, Ltd.

**SH 105 Schematic Design**
**Public Meeting Notice**
**Texas Department of Transportation**

The Texas Department of Transportation (TxDOT) will conduct two open house public meetings for the SH 105 Alternatives Analysis Study between FM 1484 (10th) Street in Conroe to Loop 105 near Cleveland, Texas. The purpose of these meetings is to solicit public input on the alignment alternatives within the project limits.

The first meeting will be held on Wednesday, November 19, 2003, from 6:00 pm to 8:00 pm at the Hauke Alternative School Cafeteria located at 701 North Third Street in Conroe, Texas. The second meeting will be held on Thursday, November 20, 2003, from 6:00 pm to 8:00 at the Stephen F. Austin Elementary School Gymnasium located at 14796 SH 105 East in Conroe, Texas.

Persons with special communication or accommodation needs must contact TxDOT's public affairs office at (713) 802-5071 at least two days prior to the meeting. The meetings will be conducted in English, and requests for language interpreters or other special communication needs should also be made in advance. Reasonable accommodations will be made to meet these needs.

All interested citizens are invited to attend this meeting to express their views and discuss the project with TxDOT representatives.
