Proposed US 290 Off-Peak HOV Lane Improvements

From West 34th Street to Barker Cypress Road

- One mainlane would operate as a high-occupancy vehicle (HOV) lane during specific weekday off-peak travel times
 - The inside **inbound** mainlane would operate as an HOV lane during **evening peak hours**
 - The inside **outbound** mainlane would operate as an HOV lane during **morning peak hours**
- During all other times, the inside mainlanes would be for all roadway traffic (general purpose)

Proposed US 290 Off-Peak HOV Lane Improvements

- Facilitates METRO bus travel for return trips along US 290 in off-peak directions between West 34th Street and Barker Cypress Road
- Proposed off-peak HOV lanes are adjacent to the existing barrier-separated reversible HOV lane
- Signs will indicate hours of HOV lane operation
- No new right-of-way along US 290 is needed

Next Steps

- Review public comments
- Prepare Documentation of Public Meeting
- Complete environmental re-evaluation
- Install signage
