

**NOTICE
OPEN HOUSE
I-2 & I-69C INTERCHANGE PROJECT
CSJ 0039-17-175**

Interstate 2: From 2nd Street in McAllen to Raul Longoria Road in San Juan
Interstate 69C: From Nolana Loop to Interstate 2 in Pharr

The Texas Department of Transportation (TxDOT), will host an open house to present the options for the proposed improvements on the Interstate 2 (I-2) and Interstate 69C (I-69C) Interchange located in Hidalgo County, Texas. The proposed project limits on I-2 are from 2nd Street in McAllen to Raul Longoria Road in San Juan and on I-69C from Nolana Loop to I-2 in Pharr. The open house will inform the public on the project's purpose and need, status, next steps, and other relevant information. It will also allow the public an opportunity to comment on the proposed project. The open house details are:

Thursday, March 30, 2017

**Boggus Ford Event Center
3000 N. Cage, Pharr, Texas
Open House: 4:00pm to 7:00pm**

The proposed project is to improve traffic operations and mobility. The direct connectors of the I-2 & I-69C interchange are currently one lane bridge structures consisting of one 14 foot wide travel lane with 4 foot wide inside and 8 foot wide outside shoulders. TxDOT will display options that will provide two travel lanes on the direct connectors. In addition, the locations of the on & off ramps and the auxiliary lanes between ramps will be optimized. The proposed project would require additional right-of-way (ROW) on two options. The additional ROW may result in displacing residential/commercial properties. Additional studies will determine other potential impacts.

All of the general public is invited to attend this open house to express their views and discuss the proposed project with TxDOT representatives. Verbal and/or written comments may be presented at the open house. Written comments may be submitted up to 15 days after the open house, or April 14, 2017, Attn: Pharr District Engineer, 600 W. Interstate 2, Pharr, TX 78577. Comments may also be submitted by fax to (956) 702-6110 or by e-mail to Robin.Gelston@txdot.gov. All environmental documentation or studies, maps showing the project location and design, tentative construction schedules, and other information regarding the project are on file and available for inspection Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. at the TxDOT Pharr District office located at 600 W. Interstate 2, Pharr, Texas. Please call TxDOT Project Manager, Eduardo Saenz, P.E. at (956) 702-6170, to make an appointment.

The open house will be conducted in English and Spanish. Spanish translation services will be available. Persons interested in attending the open house who have special communication or accommodation needs are encouraged to contact Norma Robledo at 956-702-6161 at least five working days prior to the event. Every reasonable effort will be made to accommodate these needs. For more information about the project please visit www.txdot.gov, keyword: "I-2 and I-69C".
