A. Comment/response matrix

Committer Number	Name	Date Received	Source	Comment	Comment Topic	Comment Response
1	Juan Carlos DeLeon	4/26/2018	Public Open House Verbal Comment	Our major concern with the project was that there was a possibility of there being a light outside our neighborhood Presidio. From the current plan, it seems like there is not; but speaking to the TxDOT personnel, it seems like they keep mentioning that up until now there isn't, but there could be possible changes, and we just would really like to know whether that would be the case because we feel that the campus that we're in right now is – we're concerned about their students and the parents going to their campus and blocking traffic for our neighborhood and would hate to see that happen.	Traffic signal	Thank you for your comments. After review, a traffic signal is not warranted in this location, but the addition of the center-turn lane will provide easier access to safely turn in/out of the Presidio Heights neighborhood. TxDOT will continue to study and refine the project as public input is collected and traffic analysis continues.
2	John Frey	4/26/2018	Public Open House Verbal Comment	We had attended a short presentation. It was to the point. I thought everything was explained real well. I appreciate having this because a lot of times we go through areas where we have no idea what's going to happen. This will help us out, even if we have to take another route depending on how the thing is going. And they also explained the other projects that are sort of related, the turnaround lane that from east to westbound, as well as the balance of the road that goes down to Huebner. Anyway, I really appreciate it, and I thought it was very good.	Project support	Thank you for your comments. TxDOT values public involvement and is happy to know the information was clear and the staff was helpful. TxDOT looks forward to working with you as the project continues.
3	Nikeeta Wilson	4/26/2018	Public Open House Comment Card	1. Either add a stop light at Presidio Heights main entrance or post a police officer to direct traffic when school is ending – it's very hard to get out of the subdivision safely. 2. Construction hours? 3. lane closures?	Traffic signal, Construction	Thank you for your comments. After review, a traffic signal is not warranted in this location, but the addition of the center-turn lane will provide easier access to safely turn in/out of the Presidio Heights main entrance. Typical construction hours would be standard daytime hours. No permanent lane closures are anticipated for the project. Two lanes of traffic, one in each direction, will be maintained throughout construction.
4	Miguel Sanchez	4/26/2018	Public Open House Comment Card	Great work on schematic, very clear and easy to follow. Ped. Sidewalks will come in handy, and are needed, along our center turn lanes to school. Very informative group (RS&H)	Project support	Thank you for your comments. TxDOT values public involvement and is happy to know the information was clear and the staff was helpful. TxDOT looks forward to working with you as the project continues.

5	Glenda Johnston	4/26/2018	Public Open House Comment Card	I would like to see trees planted along NW Military due to the increased noise I will have in my back yard. I back up to NW Military.	Noise	Thank you for your comments. While it is not TxDOT's standard to plant trees along the right of way for noise abatement, TxDOT will revegetate the project limits. In addition, a traffic noise study is being performed for the project.
6	John Baldassari	4/26/2018	Public Open House Comment Card	The added capacity provides better access to the APTs @ Shavano Ranch and provides alternate route for exiting my apartment when there is a lot of traffic on 1604. Hope turnaround comes 1st @ 1604. Sidewalks are also a great benefit w/ school and residences near project.	Project support	Thank you for your comments. TxDOT is expected to begin constructing the turnaround lane on Loop 1604 in late 2018 and it should take approximately six months to complete.
7	Valene Diep	4/26/2018	Public Open House Comment Card	I would like there to be consideration about putting a light on N.W. Military (1535) at the entrance of the Presidio neighborhood.	Traffic signal	Thank you for your comments. After review, a traffic signal is not warranted in this location, but the addition of the center-turn lane will provide easier access to safely turn in/out of the Presidio Heights neighborhood. TxDOT will continue to study and refine the project as public input is collected and traffic analysis continues.
8	Kenny Glorioso	5/3/2018	Mailed Comment	TxDot, We live in the new neighborhood near this proposed FM1535 project (Shavano Highlands) and I fully support this project. The residential growth will continue in this area, so we might as well plan for it now.	Project support	Thank you for your comments and your support of the project.
9		4/26/2018	Public Open House Mapped Comment	Dual left [turn lanes along eastbound Loop 1604 onto FM 1535]	Design	Thank you for your comment. The schematic has been revised to accommodate dual left turn lanes for eastbound traffic traveling along Loop 1604 to northbound FM 1535.
10		4/26/2018	Public Open House Mapped Comment	Can center lane be opened for lefts out of Presidio	Design	Thank you for your comments. The hatch pavement striping in the median south of the Presidio entrance is not a raised median and will not impede the left turning movement out of the neighbourhood. The addition of the center-turn lane will provide easier access to safely turn in/out of the Presidio Heights main entrance.

11		4/26/2018	Public Open House Mapped Comment	Great	Project support	Thank you for your comments and your support of the project.
12		4/26/2018	Public Open House Mapped Comment	Stop light or police officer direction traffic @ Presidio main entrance	Traffic signal	Thank you for your comments. After review, a traffic signal is not warranted in this location, but the addition of the center-turn lane will provide easier access to safely turn in/out of the Presidio Heights neighborhood. TxDOT will continue to study and refine the project as public input is collected and traffic analysis continues.

Trump aide on homeland security out

NEW YORK TIMES

WASHINGTON — A day after John Bolton went to work as national security adviser, he began shaking up the Trump administration's national security ranks, ousting President Donald Trump's chief adviser on homeland security, Thomas Bossert.

Bossert's sudden departure on Tuesday leaves the White House short-handed in counterterrorism and cybersecurity operations as the president moves closer to a military strike on Syria.

Bolton also moved some of Bossert's duties directly under the National Security Council, according to administration officials.

Notice Mailed to Property Owners – April 9, 2018

English

FM 1535 Expansion Project

Open House

You are invited to attend an open house to learn more about improvements to FM 1535 from Loop 1604 to Shavano Ranch Road and share your input.

Thursday, April 26
5 – 7 p.m.

Cornerstone Christian School Cafeteria
17702 NW Military Highway
San Antonio, TX 78257

Improvements Include:

- Expanding to 4 lanes with a center-turn lane and raised median
- Adding sidewalks and bicycle accommodations

In addition to the FM 1535 project, TxDOT is planning for the NW Military Highway Improvement Project from Huebner Road to Loop 1604. An open house meeting for this project will also be held in the coming months.

Share Your Input

- Leave a written comment at the meeting
- Submit via email or mail (see below)

Comments must be received or postmarked by **May 11, 2018** to be included in the meeting summary.

Meeting materials will be available online within three working days after the open house. The meeting will be conducted in English and a Spanish translator will be available at the meeting. Please contact us by April 23 for special accommodations and every reasonable effort will be made to accommodate these needs.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

Proyecto de Expansión de FM 1535

Recepción Pública

Le invitamos a asistir a una recepción abierta para aprender mas sobre los mejoramientos propuestos a FM 1535 desde Loop 1604 a Shavano Ranch Road y para compartir sus comentarios.

Jueves, el 26 de abril
5 – 7 p.m.

Cornerstone Christian School
Cafetería

17702 NW Military Highway
San Antonio, TX 78257

Los Mejoramientos Incluyen:

- Aumentar a 4 carriles con un carril de vuelta y una mediana elevada
- Anadir aceras y acomodaciones para bicicletas

Además del proyecto de FM 1535, TxDOT está planeando el Proyecto de Mejoramientos a NW Military Highway desde Huebner Road a Loop 1604. Una recepción publica se llevará a cabo en los próximos meses.

Compartir Sus Comentarios

- Entregar un comentario escrito en la recepción
- Enviar por correo o correo electrónico (dirección abajo)

Comentarios tienen que ser recibidos o matasellados antes del **11 de mayo de 2018** para ser incluidos en el resumen de la recepción.

Materiales de la recepción serán disponibles en línea adentro de tres días hábiles después de la recepción abierta. Esta recepción se llevará a cabo en inglés y un traductor de español será disponible. Si necesita acomodaciones especiales, por favor contáctenos antes del 23 de abril. Se hará un esfuerzo razonable para satisfacer sus necesidades.

Letter to Local and State Officials and Agencies

4615 N.W. LOOP 410, SAN ANTONIO, TEXAS 78229-0928 | 210.615.1110 | WWW.TXDOT.GOV

April 6, 2018

«AddressBlock»

Dear «Salutation» «Last_Name»,

The Texas Department of Transportation (TxDOT), in coordination with the Alamo Area Metropolitan Planning Organization, is planning for improvements on FM 1535 (NW Military Highway) from Loop 1604 to Shavano Ranch Road, in Bexar County. Improvements include expanding to four lanes with a center-turn lane and raised median, as well as adding sidewalks and bicycle accommodations.

An open house meeting will be held on Thursday, April 26, 2018 from 5:00 to 7:00 p.m. at the Cornerstone Christian School Cafeteria, located at 17702 NW Military Hwy., San Antonio, TX 78257. The purpose of this meeting is to share the improvements on FM 1535 and collect public comments. Project information and preliminary schematic drawings will be on display, and team members will be available to visit with attendees and answer questions.

Our team wanted to inform you and your office of the project and open house. A copy of the meeting notice is included for your reference. If you have any questions or need additional information on this project, please contact the TxDOT Project Manager, Richard De La Cruz P.E., at (210) 615-6434 or Richard.DeLaCruz@txdot.gov.

Sincerely,

Mario R. Jorge, P.E.
San Antonio District Engineer
Texas Department of Transportation

Enclosure: Open House Meeting Notice

Additional Public Outreach Methods

In addition to the previously listed outreach methods, the project team informed stakeholder of the Public Open House using the following methods:

- The project team made outreach phone calls to businesses, apartment complexes, and property management companies along the limits.
- An email notification was sent to 29 individual email addresses on April 20, 2018.
- TxDOT placed two changeable message signs that advertised the open house along Loop 1604 a week prior to the meeting at the following intersections:
 - FM 1535 and Loop 1604
 - FM 1535 and the entrance to Cornerstone Christian School
- The notice was published on the TxDOT website.

Where: Cornerstone Christian School Cafeteria
17702 NW Military Hwy
San Antonio, TX 78257 ([Map](#))

When: Thursday, April 26, 2018
Open House 5:00 p.m. - 7:00 p.m.

Purpose: The purpose of this meeting is to gather public input and share information on proposed improvements to FM 1535 between Loop 1604 and Shavano Ranch Road. Meeting will be an open house format with no formal presentation. Attendees may come and go at their convenience.

Description: TxDOT is in the schematic and environmental phase for the FM 1535 Proposed Improvements Initiative.

- Expanding to 4 lanes
- Intersection improvements
- Adding a center-turn lane and raised median
- Adding sidewalks and bicycle accommodations

TxDOT anticipates construction for the FM 1535 Expansion to begin in late 2019.

Special accommodations: TxDOT makes every reasonable effort to accommodate the needs of the public. The open house will be in English with Spanish translators available. If you have special communication accommodations, need an interpreter, or if you have a disability and need assistance, special arrangements can be made to accommodate most needs. Please call (210) 971-4621 by April 23. Please be aware that advance notice is requested as some accommodations may require time for TxDOT to arrange.

Written comments may be submitted in person or by mail to:

1535 Project
PO Box 5459
Austin, TX 78763

Comments must be received or postmarked by May 11, 2018 to be included in the Open House Summary.

The environmental review, consultation and other actions required by of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

PUBLIC MEETING

FM 1535 EXPANSION PROJECT

Cornerstone Christian Schools

17702 N.W. Military Highway

San Antonio, Texas 78257

APRIL 26, 2018

5:00 P.M. - 7:00 P.M.

1 JUAN CARLOS DELEON: Our major concern with
2 the project was that there was a possibility of there being
3 a light outside our neighborhood Presidio. From the current
4 plan, it seems like there is not; but speaking to the TxDOT
5 personnel, it seems like they keep mentioning that up until
6 now there isn't, but there could be possible changes, and we
7 just would really like to know whether that would be the
8 case because we feel that the campus that we're in right now
9 is -- we're concerned about their students and the parents
10 going to their campus and blocking traffic for our
11 neighborhood and would hate to see that happen.

12 JOHN FREY: We had attended a short
13 presentation. It was to the point. I thought everything
14 was explained real well. I appreciate having this because a
15 lot of times we go through areas where we have no idea
16 what's going to happen. This will help us out, even if we
17 have to take another route depending on how the thing is
18 going. And they also explained the other projects that are
19 sort of related, the turnaround lane that from east to
20 westbound, as well as the balance of the road that goes down
21 to Huebner. Anyway, I really appreciate it, and I thought
22 it was very good.

- I could benefit monetarily from the project or other item about which I am commenting

COMMENTS:

Great work on schematic.
Very clear and easy to follow.
Ped. sidewalks will come in handy, and
we needed, along w/ center turn lanes to
school
Very informative group (RSDH)

NAME: JOHN BARBASSARI

ADDRESS: 17239 SHAVANO RANCA APT 12306

AFFILIATION: _____

This form may be used to provide written comments on this project. Any questions placed on this form will not be considered an open records request and will not be treated as such. If you have an open records request it must be submitted under a separate letter. (Texas Transportation Code, §201.811(a)(5)); check each of the following boxes that apply to you.

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

COMMENTS: The added capacity provides better
access to the APTs @ SHAVANO RANCA +
provides alternate route for exiting my Apartment
when there is a lot of traffic on 1604.
Hope turnaround comes 1st @ 1604.
Sidewalks are also a great benefit w/ school
+ residences near project.

Comments must be received or postmarked by **May 11, 2018** for inclusion in the open house summary. You may submit your written comments and/or letters to TxDOT using one of the following methods:

- I am employed by TxDOT
- I do business with TxDOT
- I could benefit monetarily from the project or other item about which I am commenting

COMMENTS: ① either add a stop light at Presidio Heights main entrance or post a police officer to direct traffic when school is ending — its very hard to get out of the subdivision safely
② construction hours?
③ lane closures?

Comments must be received or postmarked by **May 11, 2018** for inclusion in the open house summary. You may submit your written comments and/or letters to TxDOT using one of the following methods:

Mailed Comment

TxDot,

4/25/18

We live in the new neighborhood near this proposed FM1535 project (Shavano Highlands) and I fully support this project. The residential growth will continue in this area, so we might as well plan for it now.

FM 1535 and NW Military Highway

Fact Sheet

The Texas Department of Transportation (TxDOT), in coordination with the City of Shavano Park and the Alamo Area Metropolitan Planning Organization, is studying two different projects on FM 1535 and NW Military Highway.

FM 1535 Expansion Project
(Loop 1604 to Shavano Ranch Road)

Improvements Include

- Expanding from 2 to 4 lanes with a center-turn lane and raised median
- Adding sidewalks and bicycle accommodations

Reported Crashes (2012 to 2017)

- 20 minor

Average Daily Traffic

- Existing (2017): 8,721
- Projected (2045): 14,700

NW Military Highway Improvement Project
(Huebner Road to Loop 1604)

Improvements Include

- Adding a continuous center-turn lane
- Adding sidewalks and bicycle accommodations

Reported Crashes (2012 to 2017)

- 146 minor and 7 major
- 2 resulting in fatalities

Average Daily Traffic

- Existing (2017): 18,365
- Projected (2045): 34,300

FM 1535 and NW Military Highway

Fact Sheet

Planning and Design

The process for these projects begins with collecting data such as surveys, traffic counts, and crash reports. Design is then started to consider different options or alternatives for improvements and drainage. Refinements and modifications are made as public input is collected and traffic analysis continues. Once the project receives environmental clearance, it can move forward to construction.

Construction

The earliest that construction is anticipated to begin is Spring 2020 for the FM 1535 Expansion Project and Winter 2020 for the NW Military Highway Improvement Project.

Loop 1604 Turnaround

TxDOT is constructing a turnaround lane on Loop 1604 at NW Military Highway (FM 1535) for eastbound traffic to U-turn to travel westbound. Construction is anticipated to begin in late 2018 and take approximately six months.

Public Involvement

TxDOT values public involvement and input on this project and looks forward to working with neighbors and the surrounding community. All interested individuals are encouraged to attend public meetings, share comments, and reach out with questions.

- Public Involvement
- Section 4(f), U.S. Department of Transportation Act
- Traffic Noise
- No Additional Right of Way Anticipated

National Environmental Policy Act (NEPA) Assignment to the Texas Department of Transportation (TxDOT)

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto están siendo o han sido, llevado a cabo por TxDOT - en virtud de 23 USC 327 y un Memorando de Entendimiento fechado el 16 de diciembre del 2014, y ejecutado por la FHWA y el TxDOT.

Other Projects

NW Military Highway Improvement Project (from Huebner Road to Loop 1604): TxDOT is planning for improvements including adding a center-turn lane, sidewalks, and bicycle accommodations. An open house will be held in summer 2018.

Loop 1604 Turnaround: TxDOT is constructing a turnaround lane on Loop 1604 at NW Military Highway (FM 1535) for eastbound traffic to U-turn to travel westbound. Construction is anticipated to begin in late 2018 and take approximately six months.
