Description

The proposed project includes the following transportation improvements:

- Expanding Loop 1604 from a two-lane to a four-lane divided roadway with shoulders
- Adding pedestrian accommodations at various locations

The project would be constructed within the existing State owned right of way (ROW)
Need
The project is needed due to projected increases in traffic congestion and history of crashes along the project corridor.

Purpose
The purpose of the proposed project is to reduce congestion and improve safety.
Typical Sections – Loop 1604 from US 281 to FM 1303

Current Roadway Configuration

Proposed Roadway Configuration
