

Texas Department of Transportation

Public Meeting Notice Texas Transportation Plan (TTP) 2050

The Texas Department of Transportation (TxDOT) will host a series of open-house style public meetings to solicit input to guide the development of the TTP 2050 – the State’s multi-modal, long-range transportation plan. The TTP 2050 will serve as TxDOT’s “blueprint” to guide collaborative planning efforts with our stakeholders to address the State’s transportation needs, and to accomplish the goals in TxDOT’s Strategic Plan. The TTP 2050 will include strategies for the development, construction, and implementation of projects and services for all transportation modes including roadways, aviation, public transportation, bicycle and pedestrian, waterways and coastal waters, freight, and passenger rail.

Open houses will generally be held from 5:30-7 p.m. on the following dates and locations:
