

SH 6 WACO IMPROVEMENTS FROM FM 185 TO SPUR 412

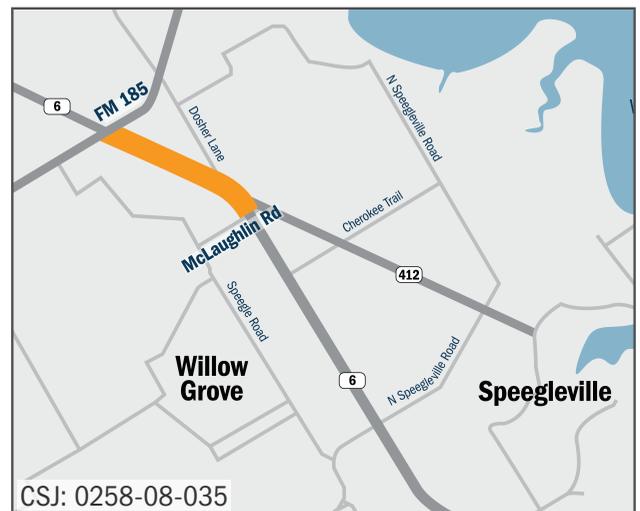

The Texas Department of Transportation is planning improvements to SH 6 from FM 185 to Spur 412 (McLaughlin Road) in McLennan County, a distance of approximately 1.3 miles. The proposed project will improve safety and mobility, provide additional capacity, and improve access to the Spur 412 ramp.

PLANNED IMPROVEMENTS

- Widening SH 6 to 5 lanes, including two full lanes in each direction with a two-way left turn lane
- Relocating and lengthening the Spur 412 exit ramp
- Constructing additional drainage structures

FUNDING

- The project is being funded by both state and federal funds and the construction costs are currently estimated at \$8 million

PROJECT TIMELINE

- The design and environmental clearance stages will continue through 2020-2021
- Letting will occur early 2023
- Construction is anticipated to begin in Spring 2023, with utility relocation occurring prior to construction start
