The improvements would extend from Salado Plaza Drive to College Hill Drive. This project would consist of constructing sidewalks, providing pavement striping for bicycles, installing lighting and replacing the culvert at Campbell Branch Creek. The proposed improvements would also address parking, drainage and driveway access to adjacent properties. No new right of way would be required for this project.

TxDOT will present the project information in a come and go format with a brief overview presentation at the beginning of the meeting. The meeting details are as follows:

Open House 5 p.m. to 7 p.m.,  
Aug. 15, 2017  
Salado Intermediate School Cafeteria

The purpose of this meeting is to inform the public of the proposed project and provide an opportunity for interested parties to submit comments on the preliminary design that the department has developed.

This public meeting will be part of TxDOT's consultation process under Section 106 of the National Historic Preservation Act. TxDOT historians will identify and evaluate all historic properties immediately adjacent to this project to help project planners look for ways to avoid, minimize or mitigate any potential adverse effects to any significant historic resources. The public is encouraged to comment on the proposed sidewalk project regarding its potential to affect significant non-archaeological historic resources.

Exhibits showing aerial photography and schematic plans of the proposed project corridor will be present at the meeting. Representatives from TxDOT and its consultant study team will be available to answer individual questions. Public comments are encouraged.
