

IF YOU
LOVE IT,

CLICK IT

YOU PROTECT THE PEOPLE YOU LOVE MOST.

SHOULDN'T THAT INCLUDE YOU TOO?

No one expects a crash. But when it happens, anyone or anything with you in your vehicle is at risk. The things and people you love most — your bottle rocket science project, kid sister or first love. Vehicle crashes in Texas are the leading cause of death among people 15 to 20. And in 2018, 42% of Texas teens who died in crashes weren't wearing a seat belt. So if you care about it — put a seat belt on it.

That includes you.
