

# COVID-19 RESPONSE

## PROGRAM

- To assist communities as they recover from the economic effects of COVID-19, the Texas SIB is providing local governments the opportunity to access funds for eligible transportation projects at 0% interest for the first three years of the loan term.
- The rate for the remainder of the loan term will be set based on our normal practices minus any discounts associated with being in an economically disadvantage county.

## TIME PERIOD

- This will be available for applications received by December 31, 2020.

## APPLICATION DEADLINES

- Application deadlines will be posted on our [Application Process](#) page.
- Applications cannot be presented to the Texas Transportation Commission for, at minimum, 90-days from the date of the application.

## PROGRAM CALL APPLICATIONS

- Applications for off-system projects or loans over \$10 million that fall under our [program call application program](#) will be eligible. Please see our website for the amount being made available for program call applications.
