BUY AMERICA CERTIFICATION – Form E
(To be signed by authorized signatory(ies) of the DB Contractor)

The undersigned certifies on behalf of itself and all proposed Subcontractors (at all tiers) that only domestic steel and iron will be used in the Project.

A. Proposer shall comply with the Federal Highway Administration (“FHWA”) Buy America Requirements of 23 C.F.R. § 635.410, which permits FHWA participation in the contract only if domestic steel and iron will be used on the Project. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States, and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes which protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1% of the Design-Build Price.

B. For Utility Adjustments, De Minimus non-domestic iron and steel materials may be used provided the cost of such materials does not exceed one-tenth of one percent (0.1 %) of the individual Utility Agreement amount or $2,500.00, whichever is greater, per 23 CFR § 635.410 (b)(4). The De Minimus equation is calculated by the following formula: combined cost of only those materials that are subject to Buy America and are non-compliant (limited to the individual Utility Agreement) divided by the total Utility Adjustment cost (cited in the individual Utility Agreement).

C. A false certification is a criminal act in violation of 18 U.S.C. § 1001. Should the contract be investigated, Proposer has the burden of proof to establish that it is in compliance.

D. At Proposer’s request, TxDOT may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, Proposer certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by TxDOT.

DISADVANTAGED BUSINESS ENTERPRISES REQUIREMENTS

The following goals for participation by Disadvantaged Business Enterprises ("DBEs") are established for professional services and Construction Work under the Design-Build Contract ("DBC"):

DBE

[●]% of Price allocable to Professional Services less the cost of Professional Services performed by Utility Owners

and

[●]% of the Price allocable to Construction Work less the cost of Construction Work performed by Utility Owners

DBE Certification

By signing the Proposal, the Proposer certifies that (1) the above DBE goal will be met by obtaining commitments equal to or exceeding the DBE percentage or that the DB Contractor will provide a good faith effort to substantiate the attempt to meet the goal; and (2) if conditionally awarded the DBC, the DB Contractor will submit a DBE Performance Plan meeting the requirements set forth in the DBE Special Provisions attached as Attachment 3-2 to the DB General Conditions.

Failure to submit the DBE Performance Plan will be considered a breach of the requirements of the Request for Proposals. As a result, the Proposal Bond provided by the Proposer will become property of the Texas Department of Transportation and the Proposer and Equity Members will be precluded from participating in any reprocurement of the DBC for the Project.

Proposer’s attention is directed to 23 C.F.R. Part 636 Subpart A and in particular to Subsection 636.116 regarding organizational conflicts of interest. Section 636.103 defines “organizational conflict of interest” as follows:

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the owner, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

Proposers are advised that in accordance with TxDOT’s conflicts of interest Rules (43 Texas Administrative Code § 9.155), certain firms will not be allowed to participate on any Proposer's team for the Project because of their work with TxDOT in connection with the Project procurement and document preparation and the CDA program.

1. Disclosure Pursuant to Section 636.116(2)(v) and Rule 9.155

In the space provided below, and on supplemental sheets as necessary, identify all relevant facts relating to past, present, or planned interest(s) of the Proposer's team (including the Proposer, the Major Participants, proposed consultants and proposed subcontractors, and their respective chief executives, directors, and key project personnel) which may result, or could be viewed as, an organizational conflict of interest in connection with this Request for Proposals (“RFP”).

Proposer should disclose (a) any current contractual relationships with TxDOT, (b) any past, present, or planned contractual or employment relationships with any TxDOT member, officer, or employee; and (c) any other circumstances that might be considered to create a financial interest in the contract by any TxDOT member, officer, or employee if Proposer is awarded the contract. Proposer should also disclose matters such as ownership of 10% or more of the stock of, or having directors in common with, any of the RFP preparers. Proposer should also disclose contractual relationships with an RFP preparer in the nature of a joint venture, as well as relationships wherein the RFP preparer is a contractor or consultant (or subcontractor or subconsultant) to Proposer or a member of Proposer's team. The foregoing is provided by way of example, and shall not constitute a limitation on the disclosure obligations.
2. **Explanation**

In the space provided below, and on supplemental sheets as necessary, identify steps that have been or will be taken to avoid, neutralize, or mitigate any organizational conflicts of interest described herein.

PROPOSAL BOND – Form N

Bond No. _______

KNOW ALL PERSONS BY THESE PRESENTS, that the _____________________ [NOTE: insert name of Proposer as the Principal and delete this bracketed text], as Principal and _____________________, as Surety or as Co-Sureties, each a corporation duly organized under the laws of the State indicated on the attached page, having its principal place of business at the address listed on the attached page, in the State indicated on the attached page, and authorized as a surety in the State of Texas, are hereby jointly and severally held and firmly bound unto the Texas Department of Transportation (“TxDOT”), in the sum of $[###] (the “Bonded Sum”).

WHEREAS, the Principal is herewith submitting its Proposal to design, [and] construct [and potentially maintain] a portion of the [___________] project in [_________] County through a Design-Build Contract (“DBC”) [and a Capital Maintenance Contract (“CMC”)], which Proposal is incorporated herein by this reference and has been submitted pursuant to TxDOT’s Request for Proposals dated as of [Date] (as amended or supplemented, the “RFP”) in accordance with the Instructions to Proposers, as amended (“ITP”) included in the RFP;

NOW, THEREFORE,

1. The condition of this Proposal Bond is such that, upon occurrence of any of the following events, then this obligation shall be null and void; otherwise it shall remain in full force and effect, and the Bonded Sum will be forfeited to TxDOT as liquidated damages and not as a penalty, upon receipt by Principal and Surety or by Principal and Sureties listed on the attached page (the “Co-Sureties”) of notice of such forfeiture from TxDOT:

   (a) Principal’s receipt of written notice from TxDOT that either (i) no DBC [or CMC] for the Project will be awarded by TxDOT pursuant to the RFP, or (ii) TxDOT has awarded a DBC [and CMC] for the Project, has received the executed DBC[, CMC] and other required documents, and does not intend to award the contract to the Principal; or

   (b) If TxDOT has not previously delivered notice of forfeiture hereunder, failure of TxDOT to conditionally award the DBC [and the CMC] to Principal within 180 days (or 270 days if TxDOT has extended the 180 day period to 270 days pursuant to the terms of the ITP) after the Proposal Due Date.

2. The Principal and the Surety or Co-Sureties hereby agree to pay to TxDOT the full Bonded Sum hereinafore set forth, as liquidated damages and not as a penalty, within ten days after occurrence of any of the following events:

   (a) Principal withdraws, repudiates or otherwise indicates in writing that it will not meet all or any part of its commitments made in its Proposal prior to the time allowed for execution of the DBC [and CMC] under the ITP, as such time may be extended pursuant to ITP Section 4.6.2, without TxDOT’s consent;
(b) Principal is selected for negotiations and fails to engage in good faith negotiations with TxDOT as set forth in ITP Section 5.11;

(c) Principal is the apparent best value Proposer and fails to provide the documents required under ITP Sections 6.1 and 6.1.1; or

(d) Principal is the apparent best value Proposer and fails to deliver the NTP1 Performance Bond and the NTP1 Payment Bond in accordance with Section 3.4 of the DBA General Conditions.

Principal agrees and acknowledges that such liquidated damages are reasonable in order to compensate TxDOT for damages it will incur as a result of Principal’s failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal. Such damages include potential harm to the credibility and reputation of TxDOT’s transportation improvement program, with policy makers and with the general public, delays to the Project and additional costs of administering this or a new procurement (including engineering, legal, accounting, overhead and other administrative costs). Principal further acknowledges that these damages would be difficult and impracticable to measure and prove, are incapable of accurate measurement because of, among other things, the unique nature of the Project and the efforts required to receive and evaluate proposals for it, and the unavailability of a substitute for those efforts. The amounts of liquidated damages stated herein represent good faith estimates and evaluations as to the actual potential damages that TxDOT would incur as a result of Principal’s failure to satisfy the obligations under the RFP to which Principal agreed when submitting its Proposal, and do not constitute a penalty. Principal agrees to such liquidated damages in order to fix and limit Principal’s costs and to avoid later Disputes over what amounts of damages are properly chargeable to Principal.

3. The following terms and conditions shall apply with respect to this Proposal Bond:

(a) This Proposal Bond shall not be subject to forfeiture in the event that TxDOT disqualifies the Proposal based on a determination that it is non-responsive or non-compliant.

(b) If suit is brought on this Proposal Bond by TxDOT and judgment is recovered, Principal and Surety or Co-Sureties shall pay all costs incurred by TxDOT in bringing such suit, including, without limitation, reasonable attorneys’ fees and costs as determined by the court.

(c) Any extension(s) of the time for award of the DBC [and the CMC] that Principal may grant in accordance with the DBC [and CMC] or otherwise, shall be subject to the reasonable approval of Surety or Co-Sureties.

(d) Correspondence or claims relating to this Proposal Bond should be sent to Surety at the following address:
