

FACT SHEET

PROJECT DESCRIPTION

CSJ: 0194-01-010, etc.

LIMITS: From approx. 0.7 mile South of US 82 to near Mile Marker 1 in Oklahoma

LENGTH: Approximately 8 miles

PROJECT OVERVIEW

The Wichita Falls District plans to widen IH 35 from a 4-lane to a 6-lane section. Structures, retaining walls, ramps, etc. will be widened to the ultimate 8-lane section where feasible. Because traffic control on this corridor has been a challenge in the past, the District's goal is to keep two mainlanes open in each direction as much as possible. The District has also noted traffic on the corridor increases greatly during holidays, Texas/OU weekend, and when the WinStar Casino holds special events.

PROJECT SCHEMATICS

Schematics and other information about the project can be found on the project webpage at:

<https://www.txdot.gov/inside-txdot/projects/studies/wichita-falls/i35-cooke-county.html>
