AGENDA

TEXAS TRANSPORTATION COMMISSION

125 East 11th Street
 Austin, Texas 78701-2483

THURSDAY
February 28, 2013

9:00 A.M. CONVENE MEETING

1. **Safety Briefing (A/V)**

Staff will provide general safety instruction.

2. **Approval of Minutes** of the January 31, 2013, meeting of the Texas Transportation Commission (A/V)

3. **Appointments (A/V)**

113475

a. **Federal Lands Access Program**

Authorize the executive director to appoint representatives to the Programming Decisions Committee for the Federal Lands Access Program (MO)

The Federal Lands Access Program (program) was established by Moving Ahead for Progress in the 21st Century (MAP-21). The program provides an opportunity for state, county, and local governments to implement a variety of transportation projects that provide access to, are adjacent to, or are located within federal lands in the state of Texas. A Programming Decisions Committee (committee) within each state will make recommendations regarding projects to be funded under the program. Each committee will be comprised of a representative from the Federal Highway Administration, the state department of transportation, and an appropriate political subdivision of the state that will represent the interests of the entire state.

113476

b. **Grand Parkway Association**

Appoint members to the Grand Parkway Association Board of Directors (MO)

State law requires transportation corporations to have a board in which the powers of the corporation reside. The commission shall appoint each director for a term not to exceed six years. This minute order approves the appointment of two members to the Grand Parkway Association Board of Directors. The members' six-year terms will expire February 28, 2019.

- 113477 4. **Aviation (A/V)**
Various Counties - Award federal and state grant funding for airport improvement projects at various locations (MO)
Federal law authorizes the award of federal funding to preserve and improve the state's general aviation system. State law authorizes the award of state funding for capital improvement projects. The airports listed in Exhibit A are eligible for award of these grant funds and the department seeks approval of the awards.
- 113478 5. **Public Transportation (A/V)**
a. **Various Counties** - Award federal and state funds to Midland Odessa Transportation Organization to support continuation of coordinated regional public transportation planning for FY 2013 (MO)
The award identified in this minute order is financed with federal grant funds from the Federal Transit Administration and state matching funds. Funding is awarded to locally designated lead agencies and fiscal agents to fund their efforts in continuing public transportation planning
- 113479 b. **Various Counties** - Award transportation development credits to Texoma Area Paratransit System to provide match to federal funds financing operating and capital expenses (MO)
Texoma Area Paratransit Systems (TAPS) is the public transportation provider for the urbanized area of Sherman-Denison and the rural areas of several counties in North Texas. To assist with an unanticipated decrease in local contract revenue used as match, this one-time award of transportation development credits will allow TAPS to match both urban and rural federal operating and capital funds to continue to provide current transit service levels for the remainder of this fiscal year.
- 113480 6. **Design-Build Contract Award (A/V)**
Nueces and Kleberg Counties - Approve the selection of the developer who submitted the best value proposal to design, construct, and maintain the US 77 Upgrade from Kingsville to Driscoll Project, upgrading US 77 to interstate standards from north of Kingsville in Kleberg County to south of Driscoll in Nueces County and authorize the executive director of the department to execute a Design-Build Contract and Capital Maintenance Agreement with the selected proposer (MO) (Presentation)
On September 5, 2012, the department issued a request for proposals to design, construct, and maintain the US 77 Upgrade in Nueces and Kleberg Counties. The department has completed its review and evaluation of proposals, and is presenting its best value recommendation to the commission.
- 113481 7. **Toll Roads (A/V)**
a. **Various Counties** - Approve the selection of the best value proposal to support the operation of the customer service center and back office system for current and future toll facilities, and authorize the executive director to negotiate and execute an agreement (MO)
The department requested proposals from qualified vendors interested in providing customer service center services supporting present and future projects throughout the state and toll operations services for the Central Texas Turnpike System. The department has completed its review and evaluation of proposals and is presenting its best value recommendation to the commission.

7. **Toll Roads (continued)**
- 113482 b. **Harris County** - Authorize the executive director of the department to enter into an agreement with Harris County pursuant to Transportation Code, §373.006 and §373.103 for the use of state owned right of way by Harris County to develop, construct, operate, and maintain a toll project in the median of SH 249 between Spring Cypress Road and Brown Road, as part of the Harris County road system and, pursuant to Transportation Code, §284.008(d), approve Harris County's request that the toll project not become part of the state highway system (MO) *Transportation Code, Chapter 373 gives Harris County the right to develop, construct, and operate a toll project located in its boundaries. Section 373.101 requires the department to assist Harris County in the development, financing, construction, and operation of the project by allowing the county to use state highway right of way and to access the state highway system as necessary to construct and operate the toll project. Section 373.102 requires Harris County to reimburse the department for its actual costs to acquire the right of way. Transportation Code, §284.008 provides that a project becomes a part of the state highway system and the commission shall maintain the project without tolls once the bonds issued to finance the project are paid, unless the commission approves a request that the project will not become part of the state highway system.*
- 113483 c. **Smith County** - Consider the removal from the state highway system and transfer to the North East Texas Regional Mobility Authority (NET RMA) of Segments 1, 2, 3A, and 5 of Loop 49, locally known as Toll 49 (LP 49), and the right of way underlying Segment 3B of LP 49, from SH 110 southeast of Tyler to Interstate 20 northwest of Tyler, upon NET RMA accomplishing substantial completion of Segment 3B (MO) *The NET RMA expects to achieve substantial completion in March 2013 of Segment 3B of LP 49 from State Highway 31 to Interstate 20. Upon compliance with the requirements of 43 TAC 27.13 and the project development agreement between the department and NET RMA, the department proposes to transfer Segments 1, 2, 3A and 5 of LP 49 in Smith County to the NET RMA for further development, operations and maintenance at the expense of the NET RMA.*
- 113484 d. **Tarrant and Dallas Counties** - Concur in the election of a chair and vice-chair of the committee formed pursuant to Transportation Code, §228.013 to make certain determinations concerning the distribution of financial risk, the method of financing, and the tolling structure and methodology for the SH 183 Managed Lanes Project, comprised of improvements to SH 183 from SH 121 to I-35E, and additional facilities necessary for connectivity and financing purposes (MO) *Transportation Code, §228.013 requires a committee to be established for certain department toll projects for the purpose of making determinations concerning the distribution of the project's financial risk, the method of financing for the project, and the tolling structure and methodology (SB 1420 Committee). The department and local stakeholders are currently analyzing options for the financing and delivery of the SH 183 Managed Lanes Project that require the formation of a SB 1420 Committee for the project. Under 43 TAC §27.92(c), a SB 1420 Committee's election of a chair and vice-chair is subject to the concurrence of the commission.*

- 113485 7. **Toll Roads (continued)**
- e. **Various Counties** - Consider the approval of a term sheet for a project agreement with the North Texas Tollway Authority (NTTA) to facilitate the development, financing, construction, operation and maintenance of SH 360 in Ellis, Tarrant and possibly Johnson Counties from I-20 to US 287. The final project agreement will be subject to further commission approval (MO)
The department is negotiating a term sheet with NTTA describing the basic terms upon which the agencies will partner to develop the project. The term sheet will be the basis for the final project agreement, which will be subject to further commission approval.
- 113486 f. **Harris, Montgomery, and Chambers Counties** - Establish new toll rate tables for portions of SH 99 (Grand Parkway) consisting of the tolled portion of Segment D in Harris County, and Segments E, F-1, F-2, G and I-2, replacing the rate tables previously set by the commission (MO)
This minute order authorizes new toll rate tables for six segments of Grand Parkway, the tolled portion of Segment D in Harris County, and Segment E, Segment F-1, Segment F-2, and Segment G in Harris and Montgomery counties, and Segment I-2 in Chambers County, replacing the current rate tables previously set by the commission with toll rate tables that remove certain tolling points and add new tolling points on the Grand Parkway.
- 113487 g. **Travis, Caldwell and Guadalupe Counties** - Approval of additional programs to be funded with payments received from SH 130 Concession Company, LLC under the SH 130, Segments 5&6 Facility Concession Agreement for the right to develop, finance, design, construct, operate, and maintain the SH 130 toll project from US 183 in Travis County to I-10 in Guadalupe County (SH 130 payments), and the allocation of funds from the SH 130 payments to those programs, and approval of additional projects to be funded from the SH 130 payments and the placement of those projects in work programs established for those payments (MO)
The department has established a separate fund to account for and track projects and project costs funded with the SH 130 payments. This minute order authorizes additional programs and projects to be funded with those payments.
- 113488 8. **Pilot Project (A/V)**
 Authorize the executive director to conduct a pilot project for the procurement of engineering, architecture, or surveying contracts (MO) (Presentation)
The executive director or designee is authorized to conduct a pilot project for the procurement of architectural, engineering, and surveying services for the purpose of improving the efficiency and fairness of the qualifications-based procurement.
9. **Promulgation of Administrative Rules** Under Title 43, Texas Administrative Code, and the Administrative Procedure Act, Government Code, Chapter 2001: (A/V)
- 113489 a. **Final Adoption**
 (1) **Chapter 3 - Public Information (MO)**
 Amendments to §3.12, Public Access (Access to Official Records)
These amendments are necessary to update the title of those individuals who may certify commission minute orders.

9. **Promulgation of Administrative Rules (continued)**a. **Final Adoption (continued)**

113490

(2) **Chapter 5 - Finance and Chapter 23 - Travel Information (MO)**

Amendments to §5.42, Definitions, and §5.44, Exceptions (Payment of Fees for Department Goods and Services); the Repeal of §23.27, Magazine Ancillary Products (Texas Highways Magazine); and New Subchapter D, Promotional Product Program, New §§23.51-23.59; and New Subchapter E, Merchandising Program, New §§23.101-23.105

These rule changes remove the authorization for the sale of goods from the subchapter regarding the Texas Highways Magazine and create new subchapters to establish the policies and procedures for the department's sale of all ancillary and promotional products. The new language expands the program to include the ability to offer goods for sale at rest areas and travel information centers as recently authorized under MAP-21. In addition, these new rules expand the list of products currently authorized to align the department's rules with the new federal provisions. The changes to Chapter 5 simply correct the references to Chapter 23.

b. **Proposed Adoption**

113491

(1) **Chapter 5 - Finance (MO)**

Amendments to §5.107, Award by Commission, and §5.109, Discretionary Award (Transportation Development Credit Program)

The proposed amendments authorize the commission to award transportation development credits (TDCs) in a lump sum to a program or category of projects which support a department goal or initiative. The individual projects, and the exact amount of TDCs to be used for each project, need not be specified at the time of award. This revision will enable the department to utilize TDCs in a manner which maximizes federal funds on eligible projects. In addition, the proposed amendments clarify the process by which the commission will allocate TDCs to support public transit projects each fiscal year.

113492

(2) **Chapter 9 - Contract and Grant Management (MO)**

New §9.40, Contract Under a Pilot Program (Contracting for Architectural, Engineering, and Surveying Services)

This new section provides for the executive director or the executive director's designee to authorize the execution of an engineering, architecture, or surveying contract that does not comply with the subchapter if the procurement was part of a pilot project approved by the commission for the purpose of improving the efficiency and fairness of the qualifications-based procurement process.

10. **Office of Compliance and Ethics Report (MO) (A/V)**

State law requires the commission to establish a compliance program, which must include a compliance office to oversee the program. The compliance office is responsible for acting to prevent and detect serious breaches of department policy, fraud, waste, and abuse of office, including any acts of criminal conduct within the department. The compliance office is required to provide a monthly report to the commission regarding investigations and a summary of information relating to trends and recommendations.

- 113493 11. **Regional Mobility Authorities (A/V)**
- a. **Cameron County Regional Mobility Authority**
Cameron County - Extend the deadline for beginning construction of the East Loop Project (State Highway 32) as previously approved in Minute Order 112249, which requires construction to begin within 36 months of the date of Minute Order 112249 (MO)
Minute Order 112249, dated April 29, 2010, designated SH 32 along a new location and along a portion of FM 1419. Minute Order 112249 provides that in the event construction of the East Loop Project (SH 32) does not start within 36 months of the date of that order, Minute Order 112249 becomes null and void. This minute order extends that deadline to August 31, 2015.
- 113494 b. **Central Texas Regional Mobility Authority**
Travis County - Consider the approval of the department's determination to exercise its option to develop, construct and finance the portion of US 71 in Travis County from east of US 183 to SH 130 (US 71 Corridor); authorize the US 71 Corridor in Travis County, with CONSTRUCT authority; and authorize the executive director to negotiate and enter into an agreement with the Central Texas Regional Mobility Authority (CTRMA) for the delivery of the US 71 corridor project (MO)
On February 27, 2013, CTRMA waived and declined to exercise its option to develop, construct, and finance a portion of US 71 in Travis County. S.B. 19, 82nd Legislature, Regular Session, 2011, established a new primacy determination process in new Chapter 373 of the Transportation Code. As a result, the department has 60 days after that date to decide whether it will exercise its option to develop, construct, finance and operate that project, pursuant to Transportation Code, §373.053. The department and CTRMA will negotiate the terms of an agreement for the delivery of the US 71 corridor project.
- 113495 12. **Private Activity Bonds (A/V)**
Tarrant County - Authorize the Private Activity Bond Surface Transportation Corporation to take any and all actions necessary for the issuance of the private activity bonds as part of the plan of finance for Segment 3A of the NTE Segments 3A and 3B Managed Lanes Project (MO)
In 2008, the commission created the corporation to assist with the development and financing of transportation facilities. In June 2012, the commission authorized the execution and delivery of a Facility Agreement (FA) with NTE Mobility Partners Segments 3 LLC (developer) for the development, design, construction, finance, and maintenance of the NTE Segments 3A and 3B Managed Lanes Project (project). Pursuant to the FA, the corporation will be obligated to issue private activity bonds (PABs), subject to certain conditions precedent, and if PABs are issued, to loan the proceeds to the developer as part of the plan of finance for Segment 3A of the project. The board of directors of the corporation has authorized certain actions relating to the issuance of PABs for the project, and the commission must also authorize such actions in order for the corporation to obtain the approval of the Texas Attorney General's Office for the issuance of the PABs.

13. **Contracts (A/V)**

Award or reject contracts for maintenance, highway and building construction

These proposed minute orders contain information concerning the receipt of bids for highway improvement contracts. The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. Contract award conditions may involve securing funding from other sources, the contractor's ability to satisfy federal DBE subcontracting requirements, or other requirements as outlined in the project bid proposal.

113496 a. **Highway Maintenance and Department Building Construction**
(see attached itemized list) (MO)

113497 b. **Highway and Transportation Enhancement Building Construction**
(see attached itemized list) (MO)

113498 14. **Eminent Domain Proceedings (A/V)**

Various Counties - Authorize the filing of condemnation proceedings to acquire real property by eminent domain for non-controlled and controlled access highways (see attached list) (MO)

Commission findings, determinations, and authorizations for the state, by motion made in accordance with Senate Bill 18 (82nd Legislature), to acquire by eminent domain, upon the payment of adequate and just compensation, various ownership interests in specific parcels of real property that are needed to develop or improve both non-controlled and controlled access state highways, to include requesting the state attorney general to bring and pursue condemnation suits relating to those specific parcels of real property described in the attached itemized list.

15. **Routine Minute Orders (A/V)**a. **Donations to the Department**

113499 (1) **Travel Information Division** - Consider a donation from the Lubbock Convention and Visitors Bureau to provide food, beverage, admission and transportation to area attractions, from various sponsors, to the department as part of its hosting the 58th Annual Texas Travel Counselors Conference in Lubbock, Texas on April 22-25, 2013 (MO)

The donation allows the department to exchange information and ideas with those in attendance which will be a great benefit to the department.

113500 (2) **Dallas District** - Consider a donation from Southern Methodist University (SMU) to provide payment for the costs associated with the installation of overhead guide signs on US 75 to the SMU Campus (MO)

The donation will pay the cost for the installation of overhead guide signs that will guide the traveling public to the SMU Campus.

113501 (3) **Houston District** - Consider a donation from HEB Grocery Company, LP, for the design and construction of a widening of SL 336 to four lanes, including a continuous left turn lane along SL 336 to the donor's facility at the White Oak Market Commercial site development in Montgomery County (MO)

The donation will ensure the safety of the traveling public to and from donor's facility.

15. **Routine Minute Orders (continued)**a. **Donations to the Department (continued)**

- 113502 (4) **Lubbock District** - Consider a donation from Cargill, Inc., for the design and construction of deceleration and acceleration lanes adjacent to the donor's new cattle feed manufacturing facility located along US 60, near Bovina, Texas (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113503 (5) **San Antonio District** - Consider a donation from Kahlig Motor Company, for the design and construction of intersection improvements and right turn lane on the Eastbound I-10 frontage road in Bexar County for a new commercial development located East of Milsa Lane (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113504 (6) **San Antonio District** - Consider a donation from Lanpar Holdings, LP., for the design and construction of a left turn lane and right turn lane on SH 46 in Kendall County for an apartment complex near Herff Ranch (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113505 (7) **San Antonio District** - Consider a donation from No. 9 Depot for the design and construction of a right turn lane on S H 46 in Kendall County for a retail development near Esser Road (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113506 (8) **San Antonio District** - Consider a donation from the Oaks Subdivision, LLC, for the design and construction of shoulder improvements and right turn lane on FM 775, 2.5 miles south of FM 3432 in Wilson County for a new residential subdivision (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113507 (9) **San Antonio District** - Consider a donation from Walmart Real Estate Business Trust, for the design, construction and installation of a traffic signal at the intersection of I-410 frontage road and Ray Ellison Drive to access the new commercial development located on the southwest quadrant of the intersection (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.
- 113508 (10) **Yoakum District** - Consider a donation from Enterprise Products Operating, LLC, for the design and construction of turn lanes from US 77 to the gas plant just north of Yoakum (MO)
The donation will ensure the safety of the traveling public to and from donor's facility.

b. **Right of Way Dispositions and Donations**

- 113509 (1) **Calhoun County** - SH 35 east of Point Comfort - Consider the sale of surplus right of way to the abutting landowner (MO)
The surplus land was an addition to a roadside park. The park was closed, and the district recommends that the surplus land be sold. The abutting landowner has requested to purchase the surplus land, and it may be sold to the abutting landowner.
- 113510 (2) **Lubbock County** - FM 1585 and FM 1730 - Consider the exchange of right of way (MO)
The owner of property needed for highway purposes has requested to exchange needed land for the surplus land at the realigned intersection and has conveyed the new land to the state. The district has determined that the surplus land is no longer needed for highway purposes, and it may be exchanged for needed land. The owner will pay the state the difference in value.

15. **Routine Minute Orders (continued)**b. **Right of Way Dispositions and Donations (continued)**

- 113511 (3) **Williamson County** - BI 35-L and RM 620 in Round Rock - Consider removal from the system of segments of both highways and transfer of control, jurisdiction and maintenance to the city. In addition, consider re-designation of the remaining segment of BI 35-L. Also consider the transfer and quitclaim of surplus right of way to the city (MO)
Due to growth of the city, the roadways now function as city streets. The district has advised that they do not provide logical connectivity to the existing state system and that it would be mutually beneficial for the city to assume control, jurisdiction and maintenance. The city has requested that the state-owned right of way be transferred to the city in consideration of the cost of future maintenance and that the no record title land be quitclaimed to the city.

c. **Finance**

- 113512 (1) Accept the annual continuing disclosure report for the State Highway Fund revenue bonds (MO)
Under provisions of the Supplemental Resolutions to the Master Resolution for the State Highway Fund bonds, the commission agreed to provide annual updates for operating and financial information provided in the official statements. Updates are due within six months of each fiscal year end.

- 113513 (2) Accept the annual continuing disclosure report for the Texas Mobility Fund (MO)
Under provisions of the Supplemental Resolutions to the Master Resolution for the Texas Mobility Fund, the commission agreed to provide annual updates for operating and financial information provided in the official statements. Updates are due within six months of each fiscal year end.

- 113514 (3) **Travis and Williamson Counties** - Accept the annual continuing disclosure report for the Central Texas Turnpike System (MO)
Under provisions of the Indenture of Trust for the Central Texas Turnpike System bonds, the commission agreed to provide annual updates for operating and financial information provided in the official statements. Updates are due within six months of each fiscal year end.

d. **Highway Designation**

- 113515 (1) **Hidalgo County** - Designate SH 68 along a new location from US 281 in the city of Edinburg east and southward to US 83 in the city of Donna (MO)
The Commission will consider the designation of a segment of the Hidalgo Loop Project as SH 68 along a new location from US 281 approximately 0.4 mile north of FM 2812 in the city of Edinburg east and southward to US 83 approximately 0.6 mile east of FM 1423 in the city of Donna, a total distance of approximately 19.9 miles.

- 113516 (2) **Kaufman County** - Designate SH 34 along a new location in and near the city of Terrell and redesignate the old alignment as SH 34-A Business (MO)
The Dallas District has requested the designation of SH 34 along a new location from approximately 2.4 miles north of US 80 in Kaufman County southward approximately 3.3 miles to Airport Road in the city of Terrell. This minute order also redesignates the old alignment as SH 34-A Business.

15. **Routine Minute Orders (continued)**
- d. **Highway Designation (continued)**
- 113517 (3) **Limestone County** - Extend the designation of FM 1245 eastward along existing County Road 420 east of the city of Groesbeck (MO)
The Waco District requested the designation of FM 1245 be extended from its present terminus at the Navasota River eastward approximately 0.2 mile along an existing segment of CR 420.
- 113518 (4) **Harris and Fort Bend Counties** - Designate a segment of US 59 from I-610 West in Houston to north of Spur 529 in Rosenberg as I-69 (MO)
The commission will consider the designation of a segment of the state highway system as I-69, concurrent with US 59 from I-610 West in Houston to the US 59 access control approximately 0.2 mile north of SS 529 in Rosenberg, a total distance of approximately 28.4 miles. The Houston-Galveston Area Council, the American Association of State Highway and Transportation Officials, and the Federal Highway Administration have approved the designation of this segment.
- 113519 e. **Release of Access Rights**
Dallas County - Loop 12, southbound frontage road northwest corner with SH 180 (West Davis Street) - Consider the designation of a location on the highway at which access will be permitted to the abutting property (MO)
The designation of a 64-foot break in the control-of-access line will allow the abutting landowner to open a proposed driveway location for access to and from the southbound frontage road. The district has determined that access may be permitted at the designated location.
- 113520 f. **Transportation Planning**
Various Counties - Approve the Fiscal Year 2012 Annual Report on the Economically Disadvantaged Counties Program (MO)
State law requires the commission to report annually to the governor, the lieutenant governor, and the speaker of the house of representatives on the use of matching funds and local incentives and the ability of the commission to ensure that political subdivisions located in economically disadvantaged counties have equal ability to compete for highway funding with political subdivisions in counties that are not economically disadvantaged.
- 113521 g. **Speed Zones**
Various Counties - Establish or alter regulatory and construction speed zones on various sections of highways in the state (MO)
This minute order establishes or alters regulatory and construction speed zones on various sections of highways in the state.
16. **Executive Session** Pursuant to Government Code, Chapter 551 (A/V)
Section 551.071 - Consultation with and advice from legal counsel regarding any item on this agenda

OPEN COMMENT PERIOD - At the conclusion of all other agenda items, the commission will allow an open comment period, not to exceed one hour, to receive public comment on any other matter that is under the jurisdiction of the department. No action will be taken. Each speaker will be allowed a maximum of three minutes. Speakers must be signed up prior to the beginning of the open comment period.

ADJOURN

* * *

NOTE:

Enumerated agenda items are assigned numbers for ease of reference only, and will not necessarily be considered by the commission in that particular order. Items identified with (MO) for minute order are those upon which the commission is considering an action. Persons with special needs or disabilities who plan to attend this meeting and require auxiliary aids or services are requested to contact Kristen Webb at (512) 305-9536 at least three working days prior to the meeting so that appropriate arrangements can be made.
