VARIOUS Districts

In accordance with Appendix B to 23 CFR Part 470, Subpart A, and the policies of the Federal Highway Administration and the American Association of State Highway and Transportation Officials (AASHTO), state departments of transportation must coordinate changes to the interstate system with AASHTO by submitting an application for recognition of new interstate route segments to the Special Committee on US Route Numbering.

The Texas Department of Transportation (department) proposes to designate several segments of highways in Texas as INTERSTATE HIGHWAY 69 (I-69) in the next six years.

This minute order authorizes the department to petition the AASHTO Special Committee on US Route Numbering to recognize those designated segments as I-69 that comply with federal regulations and are of sufficient length to provide substantial service to the traveling public.

IT IS THEREFORE ORDERED by the commission that the department is authorized to submit applications to the AASHTO Special Committee on US Route Numbering requesting the recognition of I-69 along various existing routes through Texas as those route segments become eligible for inclusion on the interstate system.

IT IS FURTHER ORDERED that following approval of the applications by the AASHTO Special Committee on US Route Numbering, the commission will designate such route segments as I-69 by minute order.
