

FM 1626 Safety and Improvement Project NOTICE OF OPEN HOUSE

Project Details

Travis County in partnership with the Texas Department of Transportation (TxDOT) is in the planning phases to widen and improve FM 1626 from Brodie Lane to FM 2304 (Manchaca Road). Improvements will include widening from existing 2-lane road to a 5-lane road with a continuous center left-turn lane. The purpose of this proposed project is to improve safety and mobility.

Open House

Both Travis County and TxDOT in partnership with Federal Highway Administration (FHWA) want to work closely with those along the project limits and in the area. Those interested are encouraged to attend an Open House Meeting at their convenience. The meeting will be an open house format and there will be no formal presentation. Attendees will be able to view project maps, visit one-on-one with project team members, ask questions and share comments on the project.
