Subject: Statewide Special Provision 002-011 (14), "Instructions to Bidders"

The above-referenced special provision has been approved for statewide use and is required for all projects beginning with the April 2018 letting. However, use of this special provision prior to the April 2018 letting is at the district's option.

This special provision revises and replaces existing one-time-use special provision 002-011, "Instructions to Bidders," detailing the Department's E-Verify requirements for prime contractors specific to proposal issuance, the Department's process for declaring a contractor nonresponsive and for recommending the award or rejection based on the contractor's participation or non-participation in E-Verify.

Please reference the attached memorandum detailing up-to-date information on the Department's E-Verify Requirements.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers.
