SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 03-22

MEMO

Date: January 18, 2022

To: District Engineers

From: Ryan C. Barborak, P.E.
Director, Materials and Tests Division

DS
RCB

Subject: Statewide Special Specification SS 3080 (14), "Stone-Matrix Asphalt"

The above-referenced Special Specification has been approved for statewide use and is required for all projects using Stone-Matrix Asphalt beginning with the April 2022 letting. However, use of this Special Specification prior to the April 2022 letting is at the district's option.

This Special Specification provides for constructing a hot-mix asphalt (HMA) pavement layer composed of compacted stone-matrix asphalt (SMA) or stone-matrix asphalt rubber (SMAR) mixture of aggregate, asphalt binder, and additives mixed hot in a mixing plant. This Special Specification replaces Item 346, "Stone-Matrix Asphalt," including all special provisions and bid codes.

The SS 3080 Bid Code document attached includes the list of bid codes for this Special Specification. Please submit requests for any additional bid codes in TxDOTCONNECT.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers.
