SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 08-10

TO: District Engineers

Date: April 20, 2010

FROM: Russel W. Lenz, P.E.

A handwritten signature in black ink, appearing to read "Russel W. Lenz, P.E.", written over the printed name.

SUBJECT: Statewide Special Provision 316---016 (04), "Surface Treatments"

The above-referenced special provision has been approved for statewide use and is required for all projects using Item 316, "Surface Treatments" beginning with the June 2010 letting.

This special provision removes the use of a computerized distributor display.

This special provision revises Article 316.4.D.3, Asphalt Material Designed for Winter Use. This article states the Engineer must approve the binder grade in addition to the air and surface temperatures when asphalt application is allowed outside of the specified temperature restrictions.

This special provision also revises Article 316.5.A, Asphalt Material to remove the measurement and payment by the ton.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Maintenance, and Traffic Operations Engineers.
