SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 08-17

MEMO

Date: December 22, 2017

To: District Engineers

From: Gina E. Gallegos, P.E.
Construction Division Director

DocuSigned by:
Gina Gallegos
124372CCDF604F5...

Subject: Statewide Special Specification 6185 (14), "Truck Mounted Attenuator (TMA) and Trailer Attenuator (TA)"

The above-referenced special specification has been approved for statewide use and is required for all projects using truck mounted attenuators (TMAs) or trailer attenuators (TAs) beginning with the April 2018 letting.

This special specification revises and replaces existing special specification 6185. The special specification revisions provide for separate payment of TMAs and TAs and requires the host vehicle to be a minimum weight of 19,000 pounds. Please refer to the Compliant Work Zone Traffic Control Device List for a list of these approved devices. This list can be found on the Material Producer List page at the following link:

<http://www.txdot.gov/inside-txdot/division/construction/producer-list.html>

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers.
