

ATTENTION: TP&D, DESIGN, CONSTRUCTION, MAINTENANCE AND TRAFFIC OPERATIONS ENGINEERS

SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 08-18

MEMO

Date: April 23, 2018

To: District Engineers

^{DS}
GG

From: Gina E. Gallegos, P.E.
Director, Construction Division

Subject: Statewide Special Provision 680-006 (14), "Highway Traffic Signals"

The above-referenced special provision has been approved statewide use and is required for all projects using highway traffic signals beginning with the August 2018, letting. However, use of this special provision prior to the August 2018 letting is at the district's option.

This special provision revises existing Special Provision 680-006, "Highway Traffic Signals," by removing silicone caulking to reduce corrosion problems with bare copper grounding and to comply with electrical detail standards.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers.
