TRAFFIC OPERATIONS ENGINEERS

SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 09-13

To: District Engineers

From: John F. Obr, P.E. *JFO*
Construction Division Director

Subject: *JFO* Statewide Special Provision 1122-002 (04), "Temporary Erosion, Sedimentation, and Environmental Controls"

The above-referenced special provision has been approved for statewide use and is optional for all projects, beginning with the March 2014 letting. However, use of this special provision prior to the March 2014 letting is at the option of the district.

This special provision modifies SS 1122 for projects exempt from the Texas Pollutant Discharge Elimination System (TPDES) General Permit (TXR15000). Exempt projects are those that disturb less than one acre or routine maintenance activities that maintain the original line and grade, hydraulic capacity, or original purposes of the site.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Maintenance, and Traffic Operations Engineers.
