**Subject:** Statewide Special Provision 506-004 (14), "Temporary Erosion, Sedimentation, and Environmental Controls"

The above-referenced special provision has been approved for statewide use and is required for all projects not using special provision 506-002 beginning with the August 2018 letting. Use of this special provision prior to the August 2018 letting is at the district's option.

This special provision clarifies that training for the contractor responsible person environmental (CRPE) is valid for a period of 3 years. In addition, the special provision revises and will replace existing special provision 506-003. TxDOT Environmental Management System courses for contractors are available through the University of Texas-Arlington's [Division for Enterprise Development](#) and through [AASHTO's Training Store](#).

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers.
