SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 13-20

MEMO

Date: August 3, 2020

To: District Engineers

From: Miles R. Garrison, P.E. ^{DS} 
Director, Materials and Tests Division

Subject: Statewide Special Provision 502-008 (14), "Barricades, Signs and Traffic Handling"

The above-referenced special provision has been approved for statewide use and is required for all projects using barricades, signs and traffic handling beginning with the December 2020 letting. However, use of this special provision prior to the December 2020 letting, or change ordering into a project, is at the district's option.

This special provision incorporates the language from the current SP 502-007, adds FHWA MASH compliance language, and clarifies payment items. This special provision also replaces SP 502-007 for statewide use.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Laboratory, Maintenance, and Traffic Operations Engineers. Include CCs at the end of document. If not needed, then delete.
