MAINTENANCE AND TRAFFIC OPERATIONS ENGINEERS
MEMORANDUM**

SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 30-08

TO: District Engineers **Date:** October 27, 2008
FROM: Thomas R. Bohuslav, P.E.
SUBJECT: Statewide Special Provision 425---001 (04), "Precast Prestressed Concrete Structural Members"

The above referenced special provision has been approved for statewide use.

This special provision includes wording that had been placed in the General Notes at the direction of the Executive Director. Several projects were let without these notes so it was decided to put the wording into a special provision. The special provision changes the girder shapes but allows the contractor the option of using the older shapes where feasible.

This special provision is required on all projects with Item 425 beginning with the March 2009 letting. The use of this special provision prior to March 2009 letting is at the option of the district.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Maintenance, and Traffic Operations Engineers.

Note: Original signed by Thomas R. Bohuslav
