**SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 33-08**

**TO:** District Engineers **Date:** November 12, 2008  
**FROM:** Thomas R. Bohuslav, P.E.  
**SUBJECT:** Statewide Special Provision 429---008 (04), "Concrete Structure Repair"

---

The above referenced special provision has been approved for statewide use.

Modifies 429 to make it work with the new DMS-4655, "Concrete Repair Materials." Other changes were made in response to contractor's comments. Slab pay item was set up seperately from horizontal repairs so we can track bridge deck costs in new bridge management system. All bridge deck work will now be done using Item 429.

This special provision replaces 429---006.

This special provision is required on all projects with Item 429 beginning with the March 2009 letting. The use of this special provision prior to March 2009 letting is at the option of the district.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Maintenance, and Traffic Operations Engineers.
