SPECIAL PROVISION AND/OR SPECIFICATION CHANGE MEMORANDUM 40-06

TO: District Engineers **Date:** October 12, 2006
FROM: Mark A. Marek, P.E.
SUBJECT: Statewide Special Provision 005---004 (04), "Control of the Work"

The above referenced special provision has been approved for statewide use.

This special provision provides for not limiting the submission of shop drawings to structural items only and eliminates any chance of misunderstanding between the State and the Contractor. It also eliminates the Contractor having to determine which drawings to electronically submit and which ones not to, and resolves the requirement for the fabricator to supply e-mail addresses and to perform a portion of the distribution. This special provision replaces SP 005---001 and is required on all projects beginning with the January 2007 letting. The use of this special provision prior to January 2007 letting is at the option of the district.

Please disseminate this information to your Transportation Planning & Development, Design, Construction, Maintenance, and Traffic Operations Engineers.
