

SPECIAL SPECIFICATION

5445

Dead End Roadway Barricade

- 1. Description.** Furnish and install dead end roadway barricades at the locations shown on the plans in accordance with this specification or as directed.
- 2. Construction.** Construct and install dead end roadway barricades as detailed on Traffic Operations Division Standard Sheet, "Dead End Roadway Details" (DERD) or as shown on the plans.

Construct and install signs and chevrons, when required by the plans, in accordance with Traffic Operations Division Standard Sheet, "Dead End Roadway Details" (DERD) or as shown on the plans.

- 3. Measurement.** This Item will be measured by the foot of dead end roadway barricade assembly complete in place.
- 4. Payment.** The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Dead End Roadway Barricade". This price is full compensation for furnishing materials including object markers; and for labor, tools, equipment, hauling, and incidentals necessary to complete the work, except as shown below.

Signs, sign supports, and chevrons, when required by the plans, will be paid for under Item 644, "Small Roadside Sign Supports and Assemblies".
