
Special Provision to Special Specification 4073

Fender System

Special Specification 4073 "Fender System," is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 1., "Description." This section is voided and replaced by the following:

Furnish and install a new marine fender system as shown in the plans at the Landing Boulevard Bridge over Clear Creek.

Article 3., "Construction Methods." The first paragraph is voided and replaced by the following:

Install the new marine fender system at the locations shown in the plans. Follow the sequence of construction provided in the plans to ensure that new substructure elements adjacent to the channel are continuously protected from marine traffic.
