
Special Provision to Item 6

Control of Materials

Item 6, "Control of Materials" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 6.10., "Hazardous Materials." The following paragraph is added after the third paragraph:

10. HAZARDOUS MATERIALS

Work by Contractor or subcontractor for asbestos abatement is to be performed during the Contract. Provide traffic control as shown on the plans or incorporate asbestos abatement into other work within the Contract to reduce inconvenience to area travelers and increase construction efficiency.

Section 6.10.3., "Asbestos Requirements," The following paragraph is added after the fourth paragraph:

At the locations indicated on the plans where ACM has been found, asbestos abatement is to be performed during the Contract by the Contractor or subcontractor. At locations where previously unknown ACM has been found, the Department will arrange for abatement by a separate contractor during the Contract if so desired.
