## Special Provision to Item 6

### Control of Materials

---

Item 6, "Control of Materials" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

**Article 6.10., "Hazardous Materials,"** is supplemented by the following:

Upon discovery of needles, syringes, and sharps identified during the performance of this contracted work, handle and dispose of as listed below.

- Properly containerize needles, syringes, and sharps in FDA (Federal Drug Administration)-approved sharps disposal containers that are properly labeled. Store containers in a manner that will not compromise their integrity.
- Dispose of waste containers at an authorized medical waste facility. Provide proper disposal documentation to the Engineer upon request.
- The Contractor is solely responsible for complying with Occupational Safety and Health Administration (OSHA) regulations, and all other applicable laws, ordinances, and regulations associated with the performance of this work.

No additional compensation will be made for the handling and disposal of needles, syringes, and sharps for this Contract.
