
Special Provision to Item 7

Legal Relations and Responsibilities

Item 7, "Legal Relations and Responsibilities" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 7.3. "Laws to be Observed." The first paragraph is supplemented with the following:

A portion of this work includes potential exposure to municipal wastes and soil and groundwater contaminants. Prepare and follow a Site Health and Safety Plan (SHSP) that has been written in accordance with and fulfillment of Occupational Safety and Health Administration (OSHA) regulations, and all other applicable laws, ordinances and regulations. The Contractor will be solely responsible for their SHSP and compliance with its requirements in performing the work. A copy of the SHSP, including any revisions or changes, and any required documentation must be maintained on site and be available for review by the Engineer. Upon request, the SHSP, including any revisions or changes, and any required documentation must be provided to the Engineer.

Provide training on the SHSP to TxDOT Inspection personnel as needed.
