
Special Provision to Item 007

Legal Relations and Responsibilities

Item 007, "Legal Relations and Responsibilities" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Article 7.3., "Laws to be Observed," the first paragraph is supplemented by the following:

A portion of this work includes potential exposure to petroleum related soil and groundwater contaminants. Contractor must prepare and follow a Site Health and Safety Plan (SHSP) written in accordance with and in fulfillment of Occupational Safety and Health Administration (OSHA) regulations, and all other applicable laws, ordinances and regulations. Contractor is solely responsible for their SHSP and compliance with its requirements in performing the work. A copy of the SHSP, including any revisions or changes, and any required documentation must be maintained on site and be available for review by the Engineer. Upon request, the SHSP, including any revisions or changes, and any required documentation must be provided to the Engineer.

Contractor must provide training in the SHSP to Department inspection personnel as needed.
