
Special Provision to Item 9 Measurement and Payment

Item 9, "Measurement and Payment," of the Standard Specifications, is hereby amended with respect to the clauses cited below, and no other clauses or requirements of this Item are waived or changed hereby.

Article 9.7., "Payment for Extra Work and Force Account Method," is supplemented with the following:

A Force Account is established in the Contract to pay for expenses associated with lead paint hazard mitigation measures as required for bridge demolition.

The prime Contractor will be paid for administrative costs in accordance with Article 9.7.1.5., "Subcontracting," only when the extra work, ordered by the Engineer, is performed by a subcontractor or a collection of subcontractors. Expenses to be included in these force account payments include but are not limited to: Lead paint mitigation including paint stripping, transportation and disposal; and expenses directly related to the lead paint mitigation not covered by any contract bid items.
