
Special Provision to Item 423

Retaining Walls

Item 423, "Retaining Walls" of the Standard Specifications is amended with respect to the clause cited below. No other clauses or requirements of this Item are waived or changed.

Article 2.1., "General" is supplemented with the following:

Construct permanent retaining walls approved for use in accordance with [DMS 4800](#), "Proprietary Earth Retaining Wall System," and on the Approved System list for Concrete Block Retaining Walls Systems and Mechanically Stabilized Earth Panel Type Systems.
