
Special Provision to Item 721

Fiber Reinforced Polymer Patching Material

Item 721, "Fiber Reinforced Polymer Patching Material" of the Standard Specifications is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

Section 3.1., "Sampling and Testing" is voided and replaced by the following:

- 3.1. **Sampling and Testing.** Provide material that has been preapproved by the Department in accordance with Tex-538-C, "Quality Monitoring for Joint Sealers and Related Materials." Submit blended samples of patching material for preapproval or field evaluation when requested.
