# Special Specification 5046

## Litter Receptacle

---

---

### 1. DESCRIPTION

Furnish the materials, equipment, labor and incidentals for installing metal litter receptacles as designated on the plans and as specified by the Engineer.

---

### 2. MATERIALS AND CONSTRUCTION

Materials furnished and construction methods utilized shall be in accordance with the plans, details and as noted within the General Notes and Specification Data or as specified by the Engineer.

Submit to the Engineer specifications, supporting reports and data, the manufacturer and drawings of alternative metal litter receptacles for pre-approval and to be considered equal, if the receptacles shown on the plans are not to be used.

Use vandal resistant connections as approved by the Engineer.

---

### 3. MEASUREMENT

This Item will be measured as each metal litter receptacle, complete in place.

---

### 4. PAYMENT

The work performed and materials furnished in accordance with this Item and measured as provided for under "Measurement" will be paid for at the unit price bid for "Metal Litter Receptacles." This price shall be full compensation for furnishing all materials, equipment, labor and incidentals.
