# Special Specification 5120

## State Park Infrastructure

---

---

### 1. DESCRIPTION

Furnish all materials, equipment, labor allowances, and incidentals necessary for the construction of all the infrastructure at the State Park (all of Volume 2 of the Plan Set and associated Specifications).

---

### 2. MATERIALS AND CONSTRUCTION

All materials furnished and all construction methods used should be in accordance with the plans, details, and attached Specifications. The Contractor is required to perform a Schedule of Values for the work.

---

### 3. MEASUREMENT

This item should be measured for completed work corresponding to the Schedule of Values. To facilitate accurate partial payments, the lump sum dollar amount will be rounded to the nearest integer, and this number will serve as the total number of units times the unit price of one dollar.

---

### 4. PAYMENT

The work performed and materials furnished, in accordance with this Item and measured as provided for under "Measurement," will be paid for at the unit price bid for "State Park Infrastructure." This price should be full compensation for equipment, labor, materials, tools, and incidentals.
