
Special Specification 6086

Portable Traffic Signal

1. DESCRIPTION

Furnish, operate and maintain Portable Traffic Signal (PTS) unit as shown on the plans.

2. MATERIALS

Furnish new or used PTS unit. Used PTS units must be in good working condition and approved prior to use. A list of approved PTS units can be found on TxDOT's Compliant Work Zone Traffic Control Devices List (CWZTCD).

3. CONSTRUCTION

Place the PTS units as shown on the plans or as directed. Maintain the PTS units in good working condition. Repair damaged or malfunctioning PTS units as soon as possible. PTS units will remain the property of the Contactor.

4. MEASUREMENT

The PTS unit will be measured by the month or by the each and will include at least 2 portable traffic signals operated by a signal controller set up and operational on the worksite.

5. PAYMENT

The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit bid price for "Portable Traffic Signals." This price is full compensation for the PTS unit, set up, relocating, removing, replacing parts, batteries, fuel, oil; and equipment, materials, labor, tools, and incidentals.
