

Special Specification 7239

Lane Closures (Hourly)

1. DESCRIPTION

Install, maintain, and remove lane closures as shown on the plans, or as directed by the Engineer. This specification is intended for lane closures approximately 24 hr. in duration or less.

2. MATERIALS

Furnish material in accordance with the following:

- Section 7.2.6., "Barricades, Signs, and Traffic Handling"
- Section 502.4.2., "Law Enforcement Personnel"

3. CONSTRUCTION

Comply with the requirements of Article 7.2., "Safety." And Item 502, "Barricades, Signs, and Traffic Handling."

The "Type" of lane closure to be implemented in accordance with Table 1 and on the plans.

Table 1
Types of Lane Closure

Type	Description	Unit (Setup and Removal/Maintenance)
1	1 Lane Closure – 2 Lane Road	HR
2	1 Lane Closure – Multilane Conventional/Divided Highway	HR
3	Multiple Lane Closures – Multilane Conventional/Divided Highway	HR
4	Freeway Lane Closure (includes closure of necessary Entrance and Exit Ramps)	HR
5	Miscellaneous Traffic Control	HR
6	Emergency Traffic Control	HR

Type 6 "Emergency Traffic Control" will be used in conjunction with a Type 1-5 lane closure when traffic control is provided due to an emergency response.

Mobile Operations will be handled under Special Specification 6185 "Truck Mounted Attenuator (TMA)" by the hour for each TMA required.

Additional items used for lane closures will be in accordance with Table 2 and on the plans.

Table 2
Additional Lane Closure Items

Description	Unit
Furnish Additional Flagger	HR
Furnish Additional Arrow Board	HR
Pilot Vehicle and Operator	HR

4. MEASUREMENT

Lane Closure Types 1-6 will be measured by the hour, and includes all setup, maintenance and removal of the lane closure.

"Furnish additional Flagger," "Furnish Additional Arrow Board," and "Pilot Vehicle Operator" will be measured by the hour.

5. PAYMENT

The work performed and materials furnished in accordance with the Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Lane Closure," of the type specified, "Furnish Additional Flagger," "Furnish Additional Arrow Board," or "Pilot Vehicle and Operator." This price is full compensation for furnishing all materials, equipment, labor, tools, supplies, and incidentals.

In the case of emergency callout, Lane Closure Type 6, "Emergency Traffic Control" will be paid for at the unit bid price, in addition to type of Lane Closure setup during the callout.

Law enforcement personnel will be paid in accordance with Item 502.

Any portable changeable message signs required by these lane closures will be paid for under Special Specification "Portable Changeable Message Sign."

Any truck mounted attenuator required by these lane closures or mobile operations will be paid for under Special Specification, "Truck Mounted Attenuator (TMA)."
