

MEMORANDUM

TO: District Engineers

DATE: June 5, 2006

FROM: William R. Cox, P.E.

SUBJECT: Revised Culvert and Drainage Standard Drawings (English)

Revised culvert and drainage standard drawings with a revision date of June 2006 are posted on the TxDOT web site and are available for immediate use.

All precast box culvert standard drawings except standard drawing SCP-MD are revised to reflect the reinforcing steel requirements and fill heights listed in the current version of ASTM C 1433.

These revised standard drawings apply to construction projects beginning with the December 2006 letting. Prior application is at the option of each district.

These and other bridge standard drawings are available on the Bridge Standards web pages in MicroStation® "dgn" and Adobe® Acrobat® "pdf" formats. See <http://www.dot.state.tx.us/business/standardplanfiles.htm> .

If you have questions or comments concerning these standard drawings, please contact Mark Steves, P.E., at (512) 416-2265, or John M. Holt, P.E., at (512) 416-2212.
