

MEMORANDUM

TO: District Engineers

DATE: August 25, 2011

FROM: David P. Hohmann, P.E.

SUBJECT: Sealed Expansion Joint Standard Drawing

The SEJ-P standard drawing is withdrawn from the Bridge Standards web page and is no longer recommended for new construction. Compared to the joints on the SEJ-A standard drawing, the SEJ-P joints performed no better but cost considerably more.

The SEJ-A standard drawing should be used for projects where the SEJ-P was under consideration.

This retired SEJ-P standard drawing will be made available upon request for future maintenance needs.

If you have questions or comments concerning this standard drawing, please contact John M. Holt, P.E., at (512) 416-2212, or Jon T. Ries at (512) 416-2191.
