

MEMO

October 9, 2015

To: District Engineers

From: Gregg A. Freeby, P.E.
Bridge Division Director

Subject: Revised Box Beam Standard Drawings

Revised prestressed box beam standard drawings, with revision dates of October 2015, are posted on the TxDOT web site and available for immediate use.

The Span standard drawings are revised to show the correct quantities for the slab and shear key bid items, in accordance with the 2014 Specifications.

The correct bid codes under the 2014 Specifications are:

0422 6005 REINF CONC SLAB (BOX BEAM)	SF
0422 6006 REINF CONC SLAB (BOX BEAM)(HPC)	SF
0422 6023 SHEAR KEY	CY

These revised standard drawings are for immediate use. No change in plans except for updating bid codes and quantities is necessary to begin using these standards now.

These and other bridge standard drawings are available on the Bridge Standards web page in MicroStation® “dgn” and Adobe® Acrobat® “pdf” formats. See <http://www.dot.state.tx.us/business/standardplanfiles.htm>.

For questions or comments concerning this standard drawing, please contact Amy E. Smith, P.E. at 512/416-2261 or Jon T. Ries, at 512/416-2191.
