

# MEMO

January 11, 2021

**To:** Directors of Transportation Planning and Development

**From:** Michael Hyzak, P.E.   
Bridge Design Section Director, Bridge Division

**Subject:** Revised Prestressed Concrete I-Girder and Slab Beam Standard Drawings

Revised prestressed concrete I-girder and slab beam designs standard drawings, with a revision date of January 2021, are posted on the TxDOT web site and available for immediate use. The **IGSD and PSBSD standard drawings** were revised to add the respective superstructure load ratings. These standard designs were load rated using load and resistance factor rating (LRFR) according to the AASHTO Manual for Bridge Evaluation.

These revised standard drawings apply to construction projects beginning with the June 2021 letting. Prior use is encouraged and at the option of each District.

This and other bridge standard drawings are available on the Bridge Standards web page (<http://www.dot.state.tx.us/business/standardplanfiles.htm>) in MicroStation® “dgn” and Adobe® Acrobat® “pdf” formats.

For questions or comments concerning these standard drawings, please contact Taya A. Retterer, P.E. at 512/416-2719.
