

MEMORANDUM

TO: All District Engineers November 2, 2009
FROM: Toribio Garza, Jr., P.E. *Toribio*
SUBJECT: Mailbox Standard, MB-09(1) and MB-09(2) & Tree and Brush Removal Standards, TRB-09(1) and TRB-09 (2)

The Mailbox and the Tree and Brush Removal Standard sheets listed above have been revised. Please use the new sheets for all new construction and maintenance projects beginning with the January 2010 letting. These standards may be used prior to January 2010.

MB-06(1):Re-issued as MB-09(1)

Sheet 1 of 4 of MB-06(1) now re-issued as MB-09(1) with a new multiple mailbox mount.

Type 2 object marker notes were revised to incorporate revisions to the Delineator and Object Marker Installation Standards (D&OM) released on October 21, 2009. We also revised general notes on sheet 3 of 4 to exclude notes 7 and 8.

MB-06(2):Re-issued as MB-09(2)

TRB-04(01): Re-issued as TRB-09(01)

We added 24 to 30-inch diameter tree trunk size for tree removal payment. General notes 1 and 2 were edited for clarity. The applicable item number and descriptive codes were added to each tree diameter range of pay items.

TRB-04(02): Re-issued as TRB-09(02)

These revised standards are located in the following web page:
<http://www.dot.state.tx.us/business/standards.htm>

Please avail this information to interested parties working on TxDOT projects.

If you have any questions or comments concerning the revised standards, contact Justin Obinna, P.E. at 512-416-3108 or Larry Buttler, P.E. at 512-416-3240
